## LOWELL AUTO SHOW OPENS

### Strikes In Progress In Ruhr Valley

#### POLICE AT LOSS TO ESTABLISH MOTIVE FOR DOUBLE MURDER

Unable to Account for Deaths of Mr. and Mrs. McLeish, at Newport, R. I., and Fire That Almost Wiped Out All Signs of Mystery — Investigation Continues

NEWPORT, R. I., Jan. 22. — At a loss to establish a motive, or to find trace of a third person in the house, police authorities here were admitted by all at sea in their efforts to account for the deaths yesterday of Mr. and Mrs. J. A. Fraser McLeish and the fire that almost wiped out all signs of the mystery. In the little lodge which the victims occupied as caretakers of the estate in Newport, Mrs. Paul Fitz Simon of New York, who was Mrs. Elsie French Vanderbilt, owner of the estate, came here from New York with her son, William H. Vanderbilt, immediately after she received word of the tragedy.

The wounds on the heads of the McLeishes—four on that of the man, a single crushing blow on the head of his wife—were still unexplained, by any possible weapon in the place. The fire which, were it not for the condition of the bodies would have been attributed to faulty electric wiring, it was said, no other likely cause being found. It started under the bed on

#### Former U. S. Minister to China Dying

SHANGHAI, Jan. 22.—(By the Associated Press)—Dr. Paul Reinseh, former United States minister to China, is believed to be dying from pneumonia which set in as a complication to encephalitis. He is unconscious. Dr. Reinseh came here from the interior of China some time ago, suffering from a complete breakdown.

#### Naval Appropriation Bill Signed

WASHINGTON, Jan. 22.—The annual naval appropriation bill, which includes a request by congress that President Harding negotiate with the other powers for further limitation of naval armament, was signed today by the president.

#### SERVICES AT

##### THE GREEK CHURCH

There was but one service at the Holy Trinity Greek church in Jefferson street yesterday, and that was conducted by the members of the community, who recently seceded from the Holy Synod in Athens. The other faction, headed by Apostolos Johnson, deposed president and Rev. Nestor Soukides, who a week ago was removed from office by the action of directors, were unable to gain admittance to the church, for those in power objected to Fr. Soukides officiating.

The regular Sunday service was conducted at 8 o'clock with Rev. Nicholas Menides and Rev. Constantine Papanicholas as the officiating clergymen. The service was brought to a close at 12:30 o'clock and when Mr. Johnson and Rev. Fr. Soukides and about thirty of their followers attempted to enter the church, they were informed that they could not hold services with Rev. Fr. Soukides as their officiating clergyman.

There was no objection to the men and women entering the church to pray. A discussion followed and Edward J. Tierney, counsel for President Vargapoulos and his followers was communicated with and he gave the police officers on duty instructions not to allow Fr. Soukides to officiate. The discussion ended there and Mr. Johnson and his followers went away.

It was announced today that next Sunday a special service will be held in the church for the late former King Constantine and his wife, Queen Sophia, who died in Paris, France, on Jan. 11, 1922.

#### COUNCILS WILL HOLD JOINT INSTALLATION

A joint installation of the officers of Carillon council and St. Theresa council of Union St. Jean d'Amérique will be held Thursday evening at the C.M.A.C. hall in Pawtucket street. The joint installation will be in the form of a public meeting and a general invitation is being extended to all French-speaking people of the city.

The joint installation will be conducted by Lawyer Hector Hartigan of Providence, R. I., and there will be addresses by Very Rev. J. E. Turcotte, O.M.I., Rev. L. G. Richard, O.M.I., Representative Henry A. John, and Armand Gellinas. A special musical program will be given under the direction of Prof. St. George. At

the close of the meeting the guests will be entertained at luncheon at Cole's Inn.

#### BEDROOM CONTENTS BURNED

The contents of a bedroom at 21 West street were entirely destroyed by fire yesterday afternoon. The blaze was started by an oil heater which was left burning in the room and when the fire was discovered a telephone alarm was sent in. A line of hose was laid and the firemen succeeded in preventing the blaze from spreading.

#### CROWELL PLEADS "NOT GUILTY"

War-time Assistant Secretary of War in District of Columbia Court

Counsel Declares Charges Brought Against His Client "Preposterous"

WASHINGTON, Jan. 22.—Benedict Crowell, war-time assistant secretary of war, pleaded "not guilty" in the District of Columbia supreme court today to the indictment recently returned against him and six others here, charging conspiracy in connection with the construction of army camps.

In a public statement issued upon his appearance in court, the former assistant secretary declared he had been given no opportunity to "present the facts" in the case to the grand jury which indicted him, and added that such a procedure, by giving circulation to a "false charge" had constituted a wrong against every American citizen.

Henry L. Stimson, secretary of war in the cabinet of President Taft, appeared as counsel for Mr. Crowell and issued a statement in which he declared the charges brought against his client were "preposterous."

"It would be a sorry precedent," Mr. Stimson added, "if the war work of men like Mr. Crowell were rewarded by suspicion and dishonor."

#### JOHN DAVIS FUND HAS INCREASED

At a meeting of the public library trustees held this forenoon in the office of the city treasurer, it was learned that the John Davis fund, originally \$100,000, now totals \$103,000 in bonds and \$2000 in a real estate equity.

When the fund was established it was largely composed of real estate holdings, but from time to time the property involved has been sold and the money invested in bonded securities by Fred H. Rompre, city treasurer, who is custodian of the fund. Although the property all has been sold, the trustees retain a \$2000 mortgage equity in a Centralville building.

Today's meeting simply was for the purpose of examining the securities note held. It was attended by Mayor John J. Donovan, his secretary, Mr. Glashen and other members of the board of trustees.

#### MAY CONDEMN SCHOOL VENTILATING SYSTEM

It is believed the entire ventilating system at the Edison school will be condemned by Harold McCann, state building inspector, when he dies a report covering his recent investigation of the school.

Francis A. Connor, superintendent of public buildings, has completed his investigation of the building from a structural standpoint and will have a report ready some time this week.

The fact that he is not going to condemn the building, does not mean he has found nothing to criticize, although he has intimated that the structure generally is in good condition for its age. It is only 53 years old.

#### SEVERAL BIG PROPOSITIONS

Council Soon Will Face Question of Limits of Loans This Year

Many Suggestions Made for Important Permanent Improvements

James J. Gallagher, city council president, realized the importance and need of a number of permanent improvements this year that will annul the borrowing of considerable money, but before any propositions are settled, he desires a careful study of all suggestions, along with the amount of money the city can borrow this year and still reduce its general debt.

The city will be called upon to borrow considerable money this year, he said today, "but we must not borrow more in total than we pay off. That what occurred last year and it is poor finance."

Already a number of big propositions have been advanced including a new fire alarm system, the acquiring of land in Kirk street for a high school drill area, a new grammar school in the south end district, park and playground land in Pawtucketville, a new firehouse in the Oaklands, and the erection of a combination police, fire and ambulance headquarters on Church and Central sts. In addition there must be money for permanent paving.

All these propositions and any others advanced must be considered with the idea of determining just how far the city can go toward assuming obligations concerning them. There will be no council meeting this week, but a special session will be called some evening next week, said Mr. Gallagher today.

#### WINTER CARNIVAL PLANS

Success and Scope of Event Largely a Matter of Sufficient Money to Spend

The success of the proposed Winter Carnival at Fort Hill park on Thursday and Friday of this week, largely depends upon the money available and provided by the city park commission, which will discuss the matter thoroughly at a meeting to be held tomorrow evening at 7:15 o'clock. A committee of the Lowell Ad club, working in conjunction with the department for the success of the proposition, is ready to make the event one of almost limitless activity provided the money to finance it is forthcoming.

A great many winter carnival features have been lined up and can be secured on 21-hours' notice as soon as the money is promised in sufficient amount. The complete program, covering both days, will be decided upon Wednesday.

Tentatively, there have been arranged ski jumping, snow battles, band concerts and a dance at the Memorial Auditorium Friday night. A king and queen of the carnival will be crowned Thursday evening, to be picked by judges, who will have their selections largely upon elaborate sport costumes worn.

Many clubs and social and fraternal organizations have been invited to participate and the response from the general public is expected to be large. The election commission will furnish a polling booth to be set up at Fort Hill for use as a refreshment center and accommodations will be provided for a band.

A special meeting of the school committee to discuss budget estimates and salaries, has been called for tomorrow, Tuesday, evening at 7 o'clock.

#### STATE OWNED MINES REOPEN

Withdrawal of French Troops Followed by Resumption of Work in State Mines

No News of General R. R. Strike Order, But Only 10 P. C. of Trains Running

(By the Associated Press)

Strikers of miners in the Ruhr valley, called yesterday by the labor conference at Essen, were in progress at the various pits throughout the valley today.

The strikes, complete or partial, were in the privately controlled workings whose directors were arrested by the French last week.

Withdrawal of the occupying troops from the state-owned nine properties that had been seized was followed by resumption of mining in these workings although on a scale reported somewhat reduced.

While no news of a general railroad strike order has appeared, Duesseidoff advises report only about 10 per cent. of the trains.

#### ALIDE GELINAS DIED ON WAY TO HOSPITAL

Alide Gelinas, aged 31 years, son of Mrs. Josephine Gelinas of 770 Moody street and employed as an operative in a local mill, died in the ambulance early this morning, while on his way to the Lowell Corporation hospital.

The body was viewed today by the medical examiner, who stated that death was due to natural causes.

Gelinas was taken suddenly ill at about midnight and sat in the hallway of the house numbered 492 Moody street. A Mr. Marchand, who resides at that number, summoned the police and Officer Paul Spillane, who answered the call, summoned the ambulance, but when the hospital was

#### MEASLES OUTBREAK UNDER CONTROL

No additional cases of measles have been reported to the board of health since Saturday. Health officials feel the measles outbreak already is under control and that the six individual cases reported on Saturday, and confined to two families, do not portend an epidemic.

St. John's hospital reported today that James H. McNally, 31, of 12 Lane street, is under treatment there as result of being bitten by a dog owned by Dr. Leahy of 120 Fairmount street.

## KASINO IN THORNDIKE STREET SCENE OF LOWELL'S 1923 AUTO SHOW

Opening Picture Enhanced by Brilliant Decorations—Greater Variety of Cars Than at Any Previous Show in This City—Latest Products of Finest Automobile Manufacturing Centers on Exhibition

Lowell's greatest and best automobile show, sponsored by an organization of widespread Lowell merchants and salesmen representing nearly all lines of modern and popular cars and a world of accessories, opened this afternoon at the Kasino on Thorndike street.

With no formalities, but with everything in the big show building spruce and smart in a field of brilliant decorations that greatly enhanced the opening picture presented for the coming of the throng of first visitors from the city and the suburban towns, the 1923 exhibition floor in every way than ever before with more cars in greater variety of open touring, closed type, more demonstrations and attendants, more genuine novel features of rare interest to all-comers, is this afternoon in full swing for the Kasino a record-breaking.

Mayor John J. Donovan will formally open the week's exhibition tonight with other notable guests present.

The multitude of attractions—the unusual display of the very latest products of the finest automobile manufacturing centers—the importance of this 1923 exhibition in the business and recreation life of Lowell and surrounding communities—will serve to make "Automobile Week" at the Kasino a record-breaking.

Final touches were placed on the handsome display quarters this morning, the last bit of dust was removed from the shining new cars and accessories, and the last attractive, new place on the floors of the reception booths where women visitors will be received and entertained during the week.

Presented this afternoon, the Kasino presented a remarkably artificial picture within the great building that has been changed in appearance to resemble a wonderful in any trappings that attract all visitors. This notable work must be the pride of the energetic designers and decorators responsible for the very harmonious color scheme.

Amazingly large quantities of American flags, draperies of yellow, white, pink, blue green and purple are used in the set pieces on ceiling and side walls. The architectural stage is a mass of flags, Japanese hangings and colored lights. Lanterns are hung on all sides, adding to the semi-oriental aspect of the color ensemble in front and rear.

There are two wide aisles this year, with cars displayed in booths on either side. The angle area for visitors to parade and inspect all exhibits is really ideal. In fact, while more cars are displayed this year, there is more room for auto show visitors.

Private Reception spaces

Many local dealers have private reception spaces where Turkish rugs, wicker chairs for lady guests and baton-topped tables are found for those who would like to look over catalogues, read and write letters.

Don't be the first to go as you enter the Kasino entrance, on the right, are the spaces occupied by the 1922 models of the Nash, Moon, Maxwell, Jewett, Paige and Reo cars. The Ford and Lincoln exhibits are at the farther end, looking back on this side of the Kasino are and the beautiful, Hickenbacker, the Peerless, Packard, Chevrolet, Cadillac, Chalmers and Gardner.

Moving over to the other side of the Kasino and passing down the right hand aisle we note the spacious arcades where the Essex, Hudson, Chandler, Vello, Cleveland, Lincoln, Star, overland and Willys-Knight cars are placed for intimate exhibition.

The Ford and Lincoln cars occupy the entire end of the building facing the two large aisles. At the opposite end of the Kasino are the Franklin and Essex displays.

Coming up along the second aisle on the right, visitors find salesmen exhibiting the Hupmobiles, Oakland, Dodge, Haynes, Buicks and the Studebakers.

The opening of the 1923 show today proves that Lowell auto merchants and salesmen have been in the year ahead and are ready for the new business predicted. The season has been generally an excellent one for a winter period and with the Kasino show acting as a "starter," the Lowell automotive business in 1923 ought to be a record-breaker.

Many tips were obtained from the big shows in other cities last year, that are aiding Lowell's fine display attempt this season. New features, now

reception arrangements for visitors, new systems of display and new exhibits will be found this week. Motor car dealers are predicting a banner year ahead.

There are no truck exhibits this year at the Thorndike street building, but all dealers handling trucks will run private exhibitions at the different salesrooms. In fact, at each of the local automobile sales headquarters this week, it will be "open house" and the invitations are extended broadly with all the well known dealers open day and night.

Nineteen twenty-two made automobile history in Lowell. It is quite natural, with the automobile industry reaching new heights, that manufacturers of cars generally should have surpassed in 1922 the records made in the off-year of 1921.

An Auspicious Opening

The show opening this afternoon was really auspicious notwithstanding inclement weather conditions. Previous to this morning, Thorndike street had been fairly blockaded with snowdrifts and piles of refuse, dirt, snow and ice that filled the streets along the curbs from Appleton street to a distance beyond the Kasino. Today, a large force of city workmen started clearing away the piles of snow, clearing the street from Glenhurst street bridge to the Hood plant, leaving ample room for all show visitors who want to leave their cars on Thorndike street.

Tomorrow the automobile show admission proceeds will be devoted to the Lowell high school athletic field fund. Wednesday will be "Appreciation day," Thursday, "Suburban day," Friday, "Governor's day," and Saturday, "Chamber of Commerce day."

Governor Channing H. U. has been invited to come to Lowell Friday, but if he is unable to appear, Lieut. Gov. Myron T. Fuller will be on hand, it is said.

The 1923 exhibition is in charge of the Lowell Automobile Merchants' association, of which George R. Dana is president; Fred R. Emerson, treasurer, and Edward K. Burns, secretary.

The show committee is composed of Dan O'Dea, James J. Skehan, P. M. Lederman, Thomas B. Rafter and Geo. E. Gannon. Mr. Burns is managing the show.

The 1923 cars exhibited at the Kasino are as follows:

Buick, Lowell Buick Co.; Cadillac, George R. Dana & Son; Chalmers, Henry A. Bissounette; Chandler, Penetrator Motor Corp.; Chevrolet, C. A. Senter; Cleveland, Centurion Motor Corp.; Dodge, Bros.; Essex, A. J. Durant; Ford, S. H. C. Motor Sales; Franklin, Wamest Garage Co.; Haynes, T. B. Rafter; Hupmobile, T. R. Rafter; Hudson, A. J. Commiskey Motor Car Co.; Jewett, Paige Motor Co.; Jewett, Paige Motor Co.; Lincoln, S. H. C. Motor Sales; Maxwell, P. M. Lederman; Moon, Moon Auto Co.; Nash, Hickenley & Drew; Oakland, Lowell Oakland Co.; Oldsmobile, M. S. Feindel; Overland, M. S. Feindel; Packard, W. French Leigh; Paige, Paige Motor Co.; Peerless, Alger G. Johnson; Reo, D. E. McQuade; Studebaker, Alger G. Johnson; Studebaker, Mark McShoon; Star, M. S. Feindel; Vello, Church Street Motor Corp.; Willys-Knight, M. S. Feindel.

## Trial of German Leaders Wednesday

MAYENCE, Jan. 22.—(By the Associated Press)—The trial by court martial of Fritz Thyssen and the other industrial leaders arrested in the Ruhr valley who were brought here last week, will be held in this city Wednesday, the French authorities announced.

## Three More Executions in Ireland

BELFAST, Jan. 22.—The Dundalk correspondent of the Exchange Telegraph reports that three men, residents of that district, were executed this morning. Official confirmation was lacking at noon today. The despatch says that the men were captured in County Monaghan three weeks ago after the destruction of a bridge.

## Quits Franco-German Tribunal

PARIS, Jan. 22.—(By the Associated Press)—The German government has formally ceased participation in the Franco-German arbitration tribunal, because of "the present political circumstances." Notice to this effect was served today as the hearing was about to open in a banking case handled by a Franco-American legal firm.

## Demand Expulsion of Jews

VIENNA, Jan. 22.—(By the Associated Press)—Expulsion of the Jews was openly advocated at a demonstration held yesterday before the city hall. Speakers asserted that efforts to regenerate the German people would not succeed until the Jews were ousted from the dominant positions in economic life, art, the stage and the press. A heavy police guard was

## Sun Yat-Sen Going to Canton

SHANGHAI, Jan. 22.—(By the Associated Press)—Sun Yat-Sen, ex-president of the Southern Republic, announced today that he would leave next Saturday for Canton, his former capital. Both foreign and Chinese interests have been urging him to go there to restore order. His adherents took the city from Peking nationalists last Wednesday.

## No Bituminous Mine Strike This Year

NEW YORK, Jan. 22.—Phil H. Penna, Indiana operator, issued a statement in which he renewed assurances of his fellow operators that there would be no strike in the bituminous industry this year, when the joint sub-committee of bituminous operators and union miners today resumed their discussions of 1923 wage scales, to become effective April 1. John L. Lewis, president of the United Mine Workers of America, was equally optimistic.

## Veteran of Three Wars Dies at 98

OTTAWA, Jan. 22.—John McDermott, veteran of the Crimean war, Egyptian campaign, the Civil war in the United States and the Kiel rebellion, died here yesterday at the age of 98.

## Fall River Man Honored by Portugal

LISBON, Jan. 22.—The Portuguese government has conferred the Order of Christ upon Henry Rosa of Fall River, Mass., for services rendered in behalf of the country.

## Jack Daw on Icicle Isle. Chapter 11

"Wasn't that a terrible thing," shouted one of the snow men. "That's the first time the sun has come out over Snow Village in a long time." And then the snow men discovered that one of their number had partly melted away. "Oh, what can we do for this poor fellow?" a snow man asked Jack.

"Oh," replied Jack, "I'll fix him up for you in a hurry. Just you all sit down in a circle and watch how easy it is." And as the snow men squatted down on the ground Jack started to work. He planned to build the snow man up just as he had made snow men many, many times before.

First Jack rolled up a ball of snow and made this into a new pair of snow man legs. These fitted fine. Then he rolled another ball and made the snow man a whole new head. He used his finger to make a pair of eyes, a nose and a mouth. The snow man smiled as his mouth was finished. (Continued.)

## UNION OF LOCAL BAPTIST CHURCHES

The union of the Paige Street Free Baptist and the Worthen Street Baptist churches is now practically assured. The members of the latter church are agreed upon the plan, having held a meeting recently to consider the proposition. This committee will handle the details for the Worthen Street church: C. O. Leadbetter, chairman; George S. Crow, Dr. J. Y. Rogers, Warren A. Brown and Roger Ward. When the consolidation is made official, worship will be conducted in the Paige Street church, that being the most central location.

The Paige Street Free Baptist church was organized August 15, 1833, with 20 members. The first church was located on Merrimack street at the head of Central. On Feb. 1, 1851, the present structure was dedicated. At the present time the church is without a pastor. The Worthen Street Baptist church was organized Sept. 8, 1851. The present structure was built at a cost of \$40,000 and was dedicated Feb. 26, 1896. Rev. Judson Seizer is the present pastor.

## DR. TRUE'S ELIXIR HAS BEEN USED FOR OVER SEVENTY YEARS

Mrs. William Rogers

### Our Early Ancestors Turned to Nature for Pleasant Relief

From herbs, barks, roots and leaves blessed with laxative properties, they prepared a pleasant, effective extract. Such a remedy as our forefathers made is Dr. True's Elixir, the True Family Laxative and Worm Expeller. Prescribed for his patients originally seventy-two years ago by Dr. J. F. True, a conscientious Maine country doctor, it has become a household favorite. Contains extracts of imported herbs of strictly pure quality that purify the bowels as they cleanse. Used for over 70 years.

Mrs. Rogers of 108 Palcom St., East Boston, writes: "I still have Dr. True's Elixir, for it surely benefits me; I have a good appetite and eat everything that I want. I could not get along as good as I do if I did not take Dr. True's Elixir. It is surely a wonderful medicine. I never felt any better than now since I took the Elixir."

"As you have been a God-send to me, that is a friend in need is a friend indeed—I will write and tell you about the value of your medicine—Dr. True's Elixir. Believe me, it helped me. I eat everything that comes along; no more diet. I even tried raw onions for a test. Is that not luck after nine long years of only milk and eggs? Mrs. J. E." (Nutley, N. J.)

A well-known New Yorker writes: "While visiting historic old Plymouth, (Mass.) my family became acquainted with your Dr. True's Elixir, the True Family Laxative. It does all you claim for it in aiding digestion and relieving insomnia and constipation. Please ship me six large size bottles, for mother is in need of it."—Wm. I. Ralph.

## FROM CHILDHOOD TO OLD AGE

thousands have used Dr. True's Elixir and it gave them proper relief when the stomach was disordered, the bowels sluggish or there was evidence of worms. For over "Three Score Years and Ten" it has been a dependable laxative. Why should you endanger your system with new experiments when such a reliable, time-tested laxative is obtainable. When you use Dr. True's Elixir you soon learn to appreciate how thoroughly it cleanses the intestinal tract and as a result how buoyant and enlivened you become.

Mrs. Elizabeth Clark of Springfield St., South Boston, writes: "I have used Dr. True's Elixir, the True Family Laxative, and it has aided me very much in regard to constipation. There is no laxative that could come up to it."

Mrs. F. E. Smith, 112 Huntington Ave., Boston, writes: "I have been taking Dr. True's Elixir the True Family Laxative for constipation and find it to be more effective than anything I have ever used."

Mrs. P. I. Curtis, of Natick, R. I., says: "Dr. True's Elixir, the True Family Laxative, is the best family medicine we could get; I have always got relieved from indigestion."

THE TRUE FAMILY LAXATIVE AND WORM EXPELLER—40c—60c and \$1.20

## INCREASE IN BUILDING PERMITS IN 1922

(Special to The Sun)

STATE HOUSE, Boston, Jan. 22.—Applications for building permits representing an aggregate value of \$140,495,763, were filed in thirty-five Massachusetts cities during last year, the department of labor and industrial reports.

1922 was an increase of \$63,930,305 or 33.3 per cent over the aggregate of 1921, which was \$76,565,448.

The aggregate for last December was \$7,190,838, showing an increase of \$1,212,235, or 20.3 per cent when compared with the aggregate for December, 1921, which was \$5,978,603.

These figures, according to the department, indicate that prospective building is still at a high point.

"While much of the work for which applications were filed for permits to build during the year has been either begun or completed, there yet remains much promise of an active building program in the spring," the report says. "As the reports to this office show, new building constituted about 85 per cent of the total value reported, and very little work other than alterations and repairs can be undertaken until weather conditions permit of outside work."

The city of Lowell showed an aggregate value of \$69,025 for December, 1922, as compared with \$67,300 for December, 1921.

## TOLD STORIES OF TWO OPERAS

Stories of two operas, Humperdinck's "Hansel and Gretel" and Massenet's "Le Jongleur de Notre Dame," were told by Hannah Hubbard at the supplementary Parker fund entertainment yesterday afternoon in the Gyro, N. Y. Irish auditorium at the high school. The hall was more than two-thirds full and it was an audience that followed the operas with close attention and interest. Mr. Hubbard is no stranger in Lowell as he has appeared here previously, at the Middlesex Women's club and with the Boston Opera Co. for which he was publicity manager for a number of years. Previous to that time he was musical editor of the Chicago Tribune.

Not only did Mr. Hubbard explain the origin of both operas, but told the story of the composition in each case, with piano music by Edgar Bowman to enhance and vivify the description.

## RECITALS BY PUPILS OF MR. AND MRS. BIRON

The pupils of Mr. and Mrs. E. N. Biron gave the first of a series of informal recitals at the home of their instructors, 40 Robbins street, yesterday afternoon. A very interesting program was given by the pupils and Mr. Alex. Beaumier assisted in the entertainment with several very pleasing vocal selections. The pupils taking part were as follows: Leo Booth, Harold Sutcliffe, Mendel Shapiro, Jillian Wells, Lorenzo Delise, Doris Goodwin, Gilbert Cole, Sarah Shapiro, Alice Arsenault, Catherine Dolan, Ruth Kotzka, Annie Freedman and Isabel Entwistle.

## Question Men on Burning of Bridges

LITTLE ROCK, Ark., Jan. 22.—Several witnesses from Harrison, Ark., and other points along the line of the Missouri and North Arkansas railway today were called before a joint commission of the Arkansas general assembly appointed last week following disorders in which one man was lynched. It is understood that among the persons to be questioned by the committee are "Red" Orr and L. A. Wise, who last week were said to have confessed to taking part in burning of railway bridges.

## Joannides and Seven Others Hanged

ATHENS, Jan. 22.—The execution of Thomas Joannides, for 10 years a representative in the Near East of large American milling concerns, is reported in messages from Smyrna. Joannides is said to have been hanged by the Turks with seven prominent Greeks after being convicted of giving money to Greek patriotic societies in Smyrna. American official and unofficial agencies have been making urgent appeals to the Turks in Joannides' behalf for the past fortnight.

## English Co. Pays \$1,000,000 for Coal Fields

ST. JOHN'S, N. F., Jan. 22.—Sale of St. George's coal fields on the west coast of Newfoundland is reported by the Evening Advocate which says today that an English company has bought the property for \$1,000,000. The terms were paid cash and the balance secured by 8 per cent bonds of the company, the paper says.

SAY "BAYER" when you buy Aspirin

Unless you see the name "Bayer" on package of tablets you are not getting the genuine Bayer product, prescribed by physicians over 22 years and cost few cents. Druggists also sell bottles of 21 and 100. Aspirin is the trade mark of Bayer Manufacture of Monach, Germany. Aspirin is a trademark of Bayer Manufacture of Monach, Germany. Aspirin is a trademark of Bayer Manufacture of Monach, Germany.

## "Pape's Cold Compound" Breaks a Cold in Few Hours

Instant relief. Don't stay stuffed up. Quit blowing and sniffing! Take "Pape's Cold Compound" every two hours until three doses are taken. The first dose opens clogged-up nostrils and air passages of head; stops nose running; relieves headache; drives feverishness, sneezing. The second and third doses usually break up the cold completely and end all gripe misery. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. Tastes nice. Contains no quinine, no fennel, no oil. The second dose usually breaks up the cold completely and end all gripe misery. # DEATHS

**OSBORN**—Mrs. Hannah T. Osborn of Salem, mother of Mrs. Walter J. Nelson, died at her home, 72 Federal street, Jan. 19, at the advanced age of 82 years. A lifelong resident of Salem and a descendant of one of the pioneer families of Massachusetts, Mrs. Osborn was able to trace her American ancestry back almost to the Revolutionary times, or to 1781. Her father was a Fleet, one of the family of noted merchants. Her husband was for many years engaged as a ship chandler or cutter in Salem and died only five years ago at the age of 76 years. She was survived by one son, John Osborn, manager of the Marion Sturtevant Co., formerly, and seven daughters, Mrs. Walter J. Nelson, of this city, wife of the well known manager of the Merrimack Square Theatre; Mrs. Harry Parks, Mrs. Herbert Smith, Miss Susan Smith, Mrs. Herbert Strickland, Mrs. Fred T. Johnson, all of Salem, and Mrs. Mary Smith of Peabody.

**MANNING**—John J. Manning, a well known employee of the street department, died yesterday at his home, 154 Highland street, Navy Yard, Draught, after a brief illness. He was a member of the Temperance union, local 87. He was a well known resident of Centralville, where he lived for about 40 years and moved to Draught only a few years ago. Up to the time of his death he was an attendant at St. Michael's church. He leaves his wife, Mrs. Mary (Hart) Manning; three daughters, Mrs. John Whitehead, Mrs. Louis Lettelle, Mrs. Leonard McArthur and two sons, John J. and James Manning.

**GEHN**—Frederick Gehn died yesterday at his home, 154 Highland street, at 71 years. He was a resident of this city for 33 years. He is survived by his wife, Sarah, and three children: one daughter, Mrs. Louis Lettelle, and two sons, John and Frederick. He was a member of the Centralville M. E. church.

**SMITH**—Henry Smith, one of Lowell's best known residents and for many years a leading master baker, died at his home, 27 Centralville street, after a long illness. He leaves a wife, Mary, five daughters, the Misses Martin and Annie C. Smith, Mrs. Thomas Lemay, Mrs. Frank McFarland and Mrs. Arthur Smith and two sons, Henry J. and William T. Smith, and one grandson, Thomas H. Koney. Mr. Smith was a member of the Barbours union.

**FRYE**—Mrs. Mary E. Frie, widow of Joseph P. Frie, died Saturday night at the Lowell General hospital, aged 75 years. She leaves one daughter, Mrs. Grace E. Frie of this city; two sons, John A. Frie of Claremont, N. H., and Louis A. Frie of Lowell; and three sisters, Mrs. B. A. Flinders of Andover, N. H., and Mrs. Julia A. Walbridge of this city. Mrs. Frie was a member of the Centralville M. E. church.

**STEVENS**—Mrs. Daisy F. (Chapin) Stevens, a Lowell resident of 33 South street, died last evening at the Lowell General hospital, after a brief illness, aged 47 years. She leaves a husband, Charles, one daughter, Mrs. M. C. Olier and a sister, Miss Grace Olier, all of Lowell. She was a member of the Centralville M. E. church. Her body will be removed to her home, 33 South street, by Undertaker William H. Saunders.

**WHITTIER**—Orren Whittier died Sunday at the home of his brother, John C. Whittier, 181 Grand street, at 41 years, 2 months and 16 days. FRENCH TROOPS IN MEMEL

These French troops, defeated after bitter hand-to-hand fighting in the streets of Memel, have been governing the city under a League of Nations decree. The "Iron-Wolf Corps," composed of German-Lithuanian irregulars, drove them from the city.

#### HEARING ON PETITION OF HUGH McOSKER

The house committee on cities tomorrow will give a hearing on the petition of Hugh C. McOsker, chairman of the Lowell election commission, for the establishment of a board to list the voters of the city. According to the proposed measure, such a board would be composed of the chief of police and the members of the election commission. Under its provisions it would make up a complete voting list beginning the first week in April of each year and thus take over work now being done by assistant assessors appointed by the assessing department. The bill also provides for daily registration, instead of periodical sessions now the custom. With its passage salaries of members of the election commission would be fixed by the city council, with an increase over the present compensation to correspond with the added duties.

#### FOURTH IN SERIES OF TEN LECTURES

The fourth of a series of 10 lectures on the theme of Personal Development through Self-Expression, was given this afternoon at the Normal school by Edwin A. Hoadley, who chose for his subject "How I Learned to Draw." The lecture was held in the school auditorium, about 200 pupils being present. It was announced that the next of this series of lectures would be held Wednesday at 1 p. m., not at 2:15 as previously scheduled. The subject of the lecture will be "The Habit of Good English," and the lecturer Mr. Hugh J. Molloy, superintendent of schools. It was also announced that the luncheon for the debating teams and the guests at the debate will be held next Wednesday at noon, and as Mr. Molloy was one of the guests at the debate it was decided to hold the lecture immediately after the luncheon.

#### INCOME TAX RETURNS

##### Methods Explained in University Extension Course

Lowell residents are invited to attend the first meeting of the university extension course in methods of making income tax returns which the state department of education has scheduled to open at the Lawrence Y.M.C.A. on Tuesday evening, January 23, at 7:30 o'clock. It has been found impossible to offer a course in this subject in every city of the state. Certain counties have been selected, therefore, for the offering of this course. John D. Drury of Boston, an attorney and certified public accountant, has been designated by the state as the instructor of the course. Mr. Drury is also the lecturer in a similar class which recently opened at Sever Hall, Harvard university, with an enrollment of two hundred members. The text material for the course includes all the recent revisions. In the eight lessons of the course Mr. Drury will take up tax returns as applied to federal and state income tax procedure in a thoroughly practical manner. The practical and accurate way of making out returns will be explained. Many attorneys, accounting students and persons interested in making tax returns for corporations have already filed applications for the course. Numerous practical problems are assigned throughout the course and opportunity is offered for individual discussion. The course is open for enrollment to residents of Worcester and vicinity also. Interested persons may enroll at first meeting of the class at the Lawrence high school on Monday evening, January 6.

#### TRAFFIC DELAYED IN FIRST STREET

Many tons of gravel, mud and loam slid down the slope of the high embankment on First street and effectively blocked the street railway line about 1 o'clock yesterday afternoon. Service on the Lawrence line was thus up about one hour. Cars were operated from both sides of the slide, passengers being transferred. Two horse scrapers, a plow and 12 men were used to clear away the dirt and stones. The slide occurred at a bend on the Lowell side of the old Dracut carbox and about 150 yards of the high bank between the Lawrence line and the Lowell line was opened up. Further slides may occur, it is believed, when the frost begins to come out of the bank.

#### O. M. I. CADETS TO HOLD REUNION

The O.M.I. Cadets will hold a reunion at Y.M.C.A. hall next Wednesday evening at 7:30. Cadets of the past as well as those of the present are invited to attend and it is hoped that there will be a large attendance. Colonel William T. Morgan, now a member of the Cadet's advisory council, was the recipient of a vote of thanks at the last meeting for his efficient work while in charge of the encampments last summer.

MRS. LOUISE ALLEN, beautiful New York City matron, who declares Tanlac is responsible for her youthful appearance and splendid health.

"No more will I be cheated out of the good things to eat, for I have taken Tanlac and my digestion is good as ever," declared Mrs. Louise Allen, wife of a well-known lawyer, who resides at 2341 Valentine Ave., Bronx, N. Y. "For three years I suffered terribly from stomach trouble and could hardly eat a thing that did not disagree with me. The paler I went through, the worse I felt. I could not sleep and was so run-down I lost twenty-two pounds. But with the help of Tanlac I have been built back to splendid health. I look and feel years younger and never tire of praising the medicine that has given me such wonderful results." Tanlac is made by all good druggists. Over 25 million bottles sold—ADV.

#### MATHEWS' "MUSICAL MINSTREL WHIRL"

Even the most casual survey of the program arranged for the Mathews' "Musical Minstrel Whirl" reveals the fact that an extraordinary array of talent has been secured for its presentation. Lowell's best entertainers have given liberally their time and effort to the production, and with that intangible director, "Decker" Thornton, to point the way to an unprecedented success, have accomplished wonders in the few weeks the show has been in preparation.

Charles Clancy, "Gene" Mullin, Geo. Sullivan, Charles J. J. Keyes and Ed. "Tip" Handley, form as lively a set of blackface comedians as could be found in any city. "Charley" Clancy is one of the best dancing comedians ever seen on an amateur stage. "Gene" Mullin's inexhaustible store of wit never fails to convince an audience. George Sullivan can put over a comic song in irrefragable style, and his eccentric dancing is a specialty. Any old song sounds like a winner when sung by "Charley" Keyes, who has a wonderful knack of picking the songs the public wants to hear. "Tip" Handley always keeps the crowd in good humor with his comical antics, and his singing and dancing continue to keep him in his well-earned position among the city's best comedians.

As billed singer, the program contains the names of Mrs. Stasia (McNamara) Tobin, Miss Sadie Sheehan, Miss Madeline McLaughlin, Miss Ethel Santos, Miss Grace Moran, Edward F. Donohue and Raymond Kelly. Mrs. Tobin was heard to good advantage in the Mathews' Irish concert last March and undoubtedly will give another hit on Thursday evening. Miss Sheehan is an old favorite with Mathews audiences, and a splendid reception is assured her. Miss McLaughlin possesses a singularly sweet voice, and the songs she has chosen are remarkably good. Great things are expected of Miss Santos and Miss Moran, two newcomers to the local footlights. Both give evidence of excellent training and unlimited talent. The male singers are so well known as to render comment superfluous. They are masters.

The specialty numbers, in most of which dancing is featured, are in particularly capable hands. The famous Dion sisters will have a large part in the program. Miss Lena Dion, assisted by her brother, will present an extremely humorous Bowery specialty. Miss Mary Dion will lend an excellent sketch, and her singing and dancing will be a feature of the show. Mrs. Paul J. Angelo, formerly Miss Alice Dion, has an engaging specialty well suited to her superior talent. Duet selections by Mr. Angelo and Miss Martha Dion will form an added attraction. Miss Dorothy Nolan, one of Lowell's most charming singers, will be seen leading two strong features. Miss Mabel Hogan makes her debut as a singing and dancing comedienne, and promises to hold her own with the best. The Dwyer sisters are the city's favorite travesty entertainers. They present a song and dance skit of rare excellence. Timothy J. Finnegan, popular soloist, is leading one of the prettiest specialties on the program, and is in excellent voice. "Jerry" Langley, well known entertainer, is also a specialty lead, and is certain to win favor. Paul J. Angelo, as accompanist, fills a difficult role in the most capable manner, and John W. Sharkey as interpreter presides as skillfully as in the past.

#### "HOW ARE YOU FEELING TODAY?"

YOU can answer "I'm feeling fine, thank you," if you keep your blood pure and your system toned up so that the germs which cause those heavy colds and other winter ills will be powerless to attack you. Gude's Pepto-Mangan, that famous old tonic and blood enricher, will fortify your system and give you strength to withstand the chilling blasts and sudden changes of winter. Your druggist has it, in both liquid and tablet form.

**Gude's Pepto-Mangan**  
Tonic and Blood Enricher

Lamareux, W. J. Vigant, W. Gaisse, A. Archambault and J. Albert.

The program as arranged follows: Overture by orchestra; song by Fred L. Cummings; whistling solo by William Carr; song specially by Raymond Tully and William Fox; dancing specially by Doris Cooley; songs by George Carr; dancing specially by the Davie sisters; tenor solo by George Herbert; Honey Boy Four, Harvey, tenor, boys; second tenor; Gleason, baritone; Hanley, bass.

## FIRE ALARM SYSTEM ON THE BLINK AGAIN

No Fourth of July bell ringing celebration even put on such a changing and weird demonstration as the local fire alarm system did last night when crossed wires sent tower bells and traffic signals off on a wild, fantastic symphony of meaningless sound.

It was just another failure of the alarm signal system to function properly and stressed the unreliability and danger of the alarm system. An attempt was made to send in an alarm from box 121 and the system went bad immediately. Rounds of this box were followed by a series of strokes that totaled 30 before hesitating and this marathon was followed by intermittent strokes for nearly 20 minutes.

Score of telephone calls were flashed on the switchboard at fire department headquarters, requesting information about the causes of the bells. Sleep for those who had sought rest early was out of the question and it seemed as though the entire city was aroused.

## EXAMINATION FOR GARAGE MEN

The United States civil service commission today announces an open competitive examination for motor vehicle garage men in the postal service, to be held in Lowell, Feb. 15. The salary ranges from \$1,200 to \$1,450 per annum. Vacancies in this service will be filled as a result of this examination, and other positions requiring similar qualifications at these or lower salaries will be filled unless it is found in the interest of the service to fill any vacancy by reinstatement, transfer or promotion. Applicants should at once apply for form 1500, giving the exact title of the examination, to the secretary of the civil service board at the Lowell postoffice.

**NOMINATION PAPERS**  
The time limit for the filing of nomination papers by candidates for the various town offices in Chelmsford, has been set as 9 p. m. Thursday, Jan. 25. Several papers for various offices have been taken out, but there still remains a vacancy on the board of health.

## MENTHO-LAXENE STOPS COUGHING

Protect your child. Save every member of the family. Home-mixed Mentho-Laxene cough syrup is almost magical in the quick relief afforded for the most stubborn, chronic, hoarseness and other cold troubles. Use it, and cold inflammation vanishes with all the distressing

symptoms. Guaranteed most economical and most satisfactory. Millions of bottles of Mentho-Laxene cough syrup have been sold. Mentho-Laxene mixed with sugar syrup makes a full pint of the quickest acting cough medicine to be had. Use it. It is the strength if desired. Full directions on each bottle. Sold by druggists. Adv.

# "The Third Alarm" is a Romance of Fire Fighting

ELLA HALL AND JOHNNIE WALKER IN A SCENE FROM "THE THIRD ALARM"

By JAMES W. DEAN  
NEW YORK, Jan. 22.—The biggest thrill that many of us growups know as children was the horse-drawn fire wagon pounding and rearing its way in answer to an alarm.  
Many children of this generation will never experience that thrill, as the fire horse is rapidly becoming extinct. The chugging of an auto-engine never can be so wildly exciting as the thudding of horses' hoofs.  
The passing of the fire horse serves as the basis for a new film called "The Third Alarm." The picture is out-and-out melodrama, but many of its thrills seem legitimate.  
An engine driver is retired on pension when he falls to master the motor that has supplanted his horses. His son, a medical student, quits school and becomes a fireman.  
Answering a third alarm the youth reaches his sweetheart, daughter of a prominent physician. They are caught in the debris of a falling wall, being trapped behind a heavy safe.  
The old pensioner, unable to resist the call that was once his duty, goes to the blaze. One of his old horses hears the clang of the bells and, breaking from his harness, also runs to the fire. His old master hitches him to

the safe and rescues his son and the girl.  
The usual happy ending follows. The father is given a farm and all the old fire horses. The boy wins the girl and his diploma.  
As in all melodramas, "The Third Alarm" contains many implausible incidents. The horse is ridden through a blaze without being needed. The father is arrested and jailed and freed in a way that strains credulity.  
However, the thrill of watching the engines run is there and that seems to be sufficient.  
Ralph Lewis is the retired fireman in "The Third Alarm." He is as natural as though he had lived in an engine house all his life. Yet in "In the Name of the Law" he seemed just as natural as a cop. The movies kept some city from having a first-class public servant.  
Ella Hall, the heroine of "The Third Alarm," is getting thinner and thinner every day and as a result she seems to be the sweet young girl of the story, although she retired from the screen several years ago and in the interim became the mother of two children.

**The Moviecast**  
Picture casts become better and better. Corinne Griffith, Conway Tearle, Elliott Dexter, Robert Rosworth, Bryant Washburn, Doris May, Miss Du Pont, Harry Myers, Phyllis Haver and Wally Van are in "The Common Law." Claire Adams will play opposite Tom Mix in "A Modern Monte Cristo." Hope Hampton, Robert W. Haines, Florence Short and Peggy Shaw are in the cast of "Does It Pay?" Les Ingram starts filming "Seara-mouchie" January 15. Alice Terry and Ramon Novarro are featured.  
"Red Darkness" sounds like a paradox but it's the title of John Gilbert's next.

**THE STRAND**  
Harold Lloyd, in his first five-part comedy creation, "Grandma's Boy," will be the leader on the Strand program for the first part of the week. This is unquestionably one of the most amusing humor-making film offerings of the year and judging from the very favorable comments heard on all sides regarding it, there is no question but that it will register well locally. It's a story of a hapless boy who eventually became courageous. See it and learn how. It's a regular laughfest.  
Herbert Rawlinson in "Another Man's Shoes" will present this star in another of his bright and intensely interesting melodramas. Rawlinson has been using some truly commendable pictures of late and this latest one is said to be above the average of the past. The usual comedy, "Fun from the Press" and excellent musical provides a program that can't be equalled.

**"To-morrow"**  
Is the dance bit of today. To-morrow-day know good "To-morrow" to be, buy "To-morrow" today as played by Ted Lewis and His Band on Columbia Record

## OUR BOARDING HOUSE

THE MAJOR RECALLS A COOL INSTANCE

## AMUSEMENT NOTES

### B. F. KEITH'S THEATRE

"Tunes and Steps," an engaging combination of happy music, pretty girls and instrumental accompaniment will head the list of acts at the B. F. Keith Theatre this week, beginning today. The act specially features Alice Isabelle, who is assisted by Lillian Isabelle and a band consisting of Frances Selvester, Emma Paul and Billy Haver. This act is the kind to set the blood a-tinkling, and it is a changing music-fest from beginning to end.  
Helen Lee and Mary Comstock in "The Honeymoon House," will offer one of the season's best playlets and one which has delighted music connoisseurs through it. It was written for them by Will Hough and holds in usual situations and some delightful music. Miss Cranston is a splendid looking woman and Lee is an admirable light comedy player.  
"The Brave Coward," in which Olive Briscoe and Al Rauh will appear, is

something of dancing and singing and something of comedy. Miss Briscoe is a comedienne of high rank and Rauh is specially underlined for his own peculiarly effective style of entertainment.

"Huckleberry Finn" is one of the most noted creations of an American novelist. Mark Twain wrote the immortal novel about him. Charles Keating has taken the character and has placed it on the stage, in an act which will have a wide appeal. This is not a caricature—it is a real character.

The Chesterfield of minstrelsy is Low Hawkins, best of the older vintage of black face performers. Hawkins sings songs like nobody else on the stage today. He will prove an instantaneous hit.  
And then there are to be William Young and Charles Wheeler in their musical act of note and Frank Work and Co. in "Three O'Clock in the Morning."

**RIALTO THEATRE**  
"Rich Men's Wives" with House Peters and Claire Windsor in the leading role, in the feature attraction of the Rialto looking opening this afternoon. William Duncan in "The Venetian" is another also round 2 of "The Leather Pushers," a Charlie comedy and the Rialto News Review. This is a varied and entertaining booking which, in the opinion of Manager Hammond, will compare favorably with anything seen at the theatre this season.

**MERRIMACK SQUARE THEATRE**  
One of the most thrilling productions of the race track that has ever been filmed in "The Hottentot," the feature attraction at the Merrimack Square theatre today. Tuesday and Wednesday. This is the noted story in which Willie Collier scored a sensation.

national success on the stage a few seasons ago. Douglas MacLean and Madge Bellamy play the leading roles. Ethel Clayton in "If I Were Queen," is the second big attraction of the current program.

**OPERETTA PRESENTED AT LOWELL OPERA HOUSE**

Every seat in Lowell Opera house was filled last evening for the performance of the operetta "Une Nuit de Noël," presented with splendid ability by an excellent cast with tremendous success, the active and well-trained members of the Cercle d'Youville giving a revelation in genuine stage work. The operetta, written by Victor Luc, was directed by Mrs. Anna de Lamotte for the benefit of the Juniors of the Marxist brothers at Tyngsboro.

All of the difficult parts were taken in excellent shape by the members of the excellent cast. The plot of the operetta concerns a young girl, daughter of an Italian countess, who had been kidnapped by some of the Bohemians of the district. There is a Christmas eve scene in which the mother recognizes her daughter and all turns out happily.

The chorus last evening was well trained, there being 40 voices. The entire musical end of the program was under the direction of Louis N. Guilbeault, who also directed the Massachusetts Mills band in its rendition.

"MARRY THE POOR GIRL"

## This Will Ward Off And Break Up Colds

Just a teaspoonful of Dr. Caldwell's Syrup Pepsin removes the congestion

ANY FAMILY MAY TRY IT FREE

Thousands of people are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try Syrup Pepsin. It will gladly provide a free sample bottle, sufficient for an adequate trial. Write me where to send it. Address: Dr. R. Caldwell, 315 Washington St., Monticello, Illinois. Do it now!

At the first sign of a cold, at the first few warning sneezes, take a teaspoonful of Syrup Pepsin and the congestion will be gone in a few hours. Don't wait until the cold has a grip on you. Mr. Henry Dean, Jr., of Rochester, N. Y., cured a stubborn cold in just that way, and Mrs. Alice Corbrey of Haskell, Okla., uses it effectively for all the small ills of her family, such as constipation, biliousness, headaches, dizziness, and to break up fevers and colds.

Dr. Caldwell's Syrup Pepsin is a scientifically-balanced compound of Egyptian senna with pleasant-tasting aromatics. It is safe to give to infants, and all children like it. Before you again resort to cold remedies containing narcotics try a teaspoonful of Syrup Pepsin. Any druggist will supply you, and the cost is less than a cent a dose.

You are also less liable to colds if your system is free from the intestinal poisons of constipation, so empty the bowels regularly with a plain vegetable laxative like Dr. Caldwell's Syrup Pepsin.

**TAKE DR. CALDWELL'S SYRUP PEPSIN**  
**The family laxative**

tion of several selections between the acts. Miss Bella Lavigne as Marguerite, the young daughter of the countess, was excellent in her role. Her soprano voice was ideal and carried well.

The personnel of the cast was as follows:  
The Countess of Lambach, Miss Fleur Anna Breusseau  
Marguerite, Miss Bella Lavigne  
Name of Rachel, Miss Bella Lavigne  
Monica, Countess Lady in attendance, Miss Antonette Montmarquet  
The Baroness of Rosengart, Mrs. Anna de Lamotte  
Edwin Blum, Miss Emily Gaudette  
Mrs. Grafenberg, attendant.

Nanci, Miss Arthemine Botta  
Lisbeth, Miss Caroline Desmarais  
Chorus: Mrs. Eva Michel, Misses Eva Dupuis, Angeline Perron, Corinne Vincent, Juliette Vincent, Anna Lajoie, Virginia Legault, Laura Legault, Florine Legault, Angeline Legault, Elsie Lequin, Beaulieu, Jeanne, Corinne, Alphonse, Chénier, Anis Desrochers, Rose Lussier, Georgienne Boisvert, Colette Gendron, Gladys Lafontaine, Stella Latour, Germaine Desrochers, Imelda Laurendeau, Lucie Gendron and Mrs. Henri Archambault.

**RECEPTION TO WARREN COBURN**  
Warren Coburn, one of the oldest employees of the Lowell branch of Armour & Co., was tendered a reception Saturday noon at the office of the company in Thordike street, upon his

retirement from activities with the firm after 27 years of service. He is now 60 and eligible for one of the Armour pensions. He lives at 202 Barker avenue and plans to do farming the remainder of his days. At the Armour reception, Mr. Coburn was presented with a rocking chair by W. A. Kelsstead, manager of the local Armour offices, on behalf of the Lowell employees of the corporation.

**QUICK RELIEF FROM CONSTIPATION**  
Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dull, tired feeling," sick headache, torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 50c.—Adv.

## ALUMNI TRACK STARS TOO FAST FOR HIGH SCHOOL LADS IN

## SEASON'S FIRST MEET

With another alumnus, Saunders, finishing third. It was a great reunion for the "old men" in this event and the crowd was generous in its appreciation.

Jenkins put alumni colors to the test in the "three hundred" and James Coughlin toyed with the 12-pound shot out around the 30-foot mark.

Darting, the best looking sick man in the crowd, was the 35-year-old son of Mrs. Mary Davis, 355 Park street.

high school team, which is without the services and leadership of its captain, Pete Sheehan, long-distance star, who has been injured in a fractured leg sustained in football.

Two fast dash men showed up in William and Daley and although Ralph Williams, who has been a member of the Burnside, former Dartmouth cross-country captain, took the 1000-yard event, Sheehan boy flashed a great finish and turned in a record time of 2:10.4.

Dean got a second in the "three hun-

front of a fast final hoist field, raising his personal point total to 11.

Several long legs showed over the line several yards in advance of Sheehan in the 600-yard run, but Milt's effort and wise noodle won him the race. Outright runner, Milt, took the 1000-yard event in a record-holder time, knew the limitations of his lower extremities and he went out and won his race before they began to hurt it.

It was well planned, for Sheehan's closing rush was a bear, although short of

fred" and Sullivan showed signs of promise in the shot put. Hilton and Duffley again did well in the hurdles and T. Sheehan, brother of the captain, ran well enough to win second place in the 600 yards.

The alumni represented by a strong team, numbering in its ranks two school record holders—Brook Duffley and Hilton Vanevor—and a number of other boys who trained in other years. Without doubt this crew of veteran campaigners furnished the

mark by a dozen yards or more. The 100 yard dash was won by the former, with a lot of the old "kick" still hanging around.

The summary:

100 yds. First, heat, won by Jenkins, Alumni; Sheehan, Lowell, second.

200 yds. First, heat, won by Daley, Lowell; Sweeney, Alumni, second.

400 yds. First, heat, won by Allyn, Alumni, second.

600 yds. First, heat, won by Darling, Alumni; Dean, Lowell, second.

800 yds. First, heat, won by

will be called upon to face and battle against throughout the remainder of the season.

At present, the quarters, wholly inadequate in the matter of seating accommodations, was filled to the doors and rafters. Interest in Lowell in high school track athletics has been increasing steadily for years, and years and steadily (increasing until now the spectator problem is serious, with scores of men and women and boys being turned away at every meet.

Sweeney, Alumni; Daley, Lowell, second. Second heat won by Darling, Alumni; Bran, Lowell, second.

Third heat won by Sweeney, Alumni; Daley, Lowell, second. Darling, Alumni, third time, 3 4-5 seconds.

1000 yard run: Won by Sherburne, Lowell, 3:10. Second, Lowell; Last, Alumni.

2 mile run: 2 minutes, 5 2-3 seconds.

Running high jump: Won by Darling, Alumni; Moses, Alumni.

Low jump: Alumni, third. 1st, 1st, 2nd.

The summary of events tells the story of the meet and alumni superiority is shown in the results and one can stand out prominently enough to warrant additional comment. The story of the dash is soon told. Sweetney of the alumni was the victor and he topped the final with two feet or more to spare. Daley and Brock Darling battled for second place with the former prevailing the judge's fancy by an eyelash.

Max Sherburne was favored to win the 100 yard dash and he did not disappoint. Standing broad jump—Won by Norman Allen, Alumni; Marlar, Lehigh, second; and Coughlin, third. Distance, feet, 10 1/2 inches.

100 yard dash—Won by Jenkins, Alumni; second, Sweetney, Lehigh; and Lowell, third. Time 41 seconds.

Shot put—Won by Coughlin, Alumni; Sullivan, Lowell, second; Normandin, Alumni, third. Distance, 35 feet, 10 inches.

35 yard hurdles—First heat won by

There was interest in the running high jump, with Darling, now at Amherst, as a rompetflor. Brock had been stuck in bed for several days, but it did not prevent a splendid jump of just 6 feet. An exhibition leap of just 6 feet. He took a crack at 6 ft. 2 in., but couldn't quite make the

# CHANCE WOULD LIKE TO GET PECKINPAUGH

By N.E.A. Service.  
BOSTON, Mass., Jan. 20.—Frank  
Chance, during his recent visit to Bos-

10th, estimated that he would like to put over a deal with Washington for Roger Peckinbaugh.

It was when Chance managed the New York club that Peck came into his own as one of the greatest short-stoppers in the majors. Chance has always been very partial to Peck—regards him as a great player, and would like him in the lead of Sox lineup to build around.

Chance realizes that Peck is no longer a youngster, yet he sees no

one of the best basketball teams in that city, the Naval Militia Reserve five.

for four or five years. A manager could build an infield around a good shortstop, but with a weak man at that position he is decidedly up against it.

Peck was captain under Chance during his managerial reign in New York. When Chance resigned, Peck finished out the season in charge of the Yankees.

Last season Peck got away to a poor start in Washington and really never hit his stride for any great length of time during

## Admits Stealing \$105 From B. & M. R. R.

MAIDEN, Jan. 22.—Edward Blakely, a postoffice messenger at West Medford, pleaded guilty in district court here today to larceny of \$105 from the Boston & Maine R. R. He had previously reported to the police that he was held up and robbed of the money on the station platform. Payment of a fine of \$50 was postponed until Feb. 24, with understanding that Blakely's parents would make restitution to the railroad company.

## Deny Germany to Conscript

BERLIN, Jan. 22.—(By the Associated Press)—The report that the German government was contemplating the reintroduction of compulsory military service, which is forbidden under the treaty of Versailles, was officially denied today.

## Y. M. C. I. QUARTERLY COMMUNION SUNDAY

The quarterly communion Sunday for the members of the Y.M.C.I. was observed yesterday morning in the immaculate Conception church, several hundred receiving communion at the 8 o'clock mass. Breakfast was served in the Y.M.C.I. hall after mass and entertainment numbers were contributed by the following: Thomas Carlin, Thomas Kelley, Joseph Gray, Joseph Kelley, Edward Cawley, John Payne, Charles J. Keyes, Peter Flannery, Charles Donahue, John Broderick, Paul Angelo and the O'Brien boys. Addresses were given by Very Rev. J. P. Tighe, O.M.I., spiritual director, and Rev. Martin Norton, O.M.I.

The "Night Before Lent" committee reported progress and announced that a meeting of the girls' and boys' clubs will be held in Y.M.C.I. hall tomorrow evening.

Ing Dick Smith got in condition for his bout with Joe Beckett, for the heavyweight championship of England on January 25. The bout was postponed yesterday inasmuch as Beckett has developed kidney trouble and must abandon his training. However, Egan went through two lively rounds with Smith at the Oxford gymnasium yesterday.

Egan is sure to be selected as a representative of Oxford in the championships against Cambridge. He hopes to take advantage of the long eastern recess for a trip home to participate in the Amateur Amateur championship at Boston early in April. He will then hurry back to England for the tournament of the Amateur Boxing association on April 1.

A native Californian, Miss McKane, who has been living in England for several years and who is ranked as No. 1 on the list of English women tennis players, has been selected to represent the British Isles in the world's covered court championships which will be played at Barcelona, February 1 to 11. Other members of the team are W. C. Crawley, J. H. Gihort, D. M. Greig and Mrs. Benish.

## RECEIVE CERTIFICATES OF INCORPORATION

(Special to The Sun)  
STATE HOUSE, Boston, Jan. 22.—A certificate of incorporation has been filed here by the Coburn-Knapp, Inc., of Lowell, personal property, with a capital of \$10,000. The incorporators are: Frances S. Coburn, Helen M. Knapp and Arthur C. Spaulding, all of Lowell.

## YOUTHFUL BURGLARS CAUGHT IN THE ACT

Two boys were arrested early last night by Police Officer Hession, for breaking and entering the store of the Lowell Decorating Co., 231 Market street. Officer Hession was making his regular rounds at the time of the break and when he came to the store he noticed the door unlocked and upon entering, caught the youthful burglars in the act. They admitted the break and will be brought before the juvenile court next Friday morning.

Examination of the records of the two boys at police headquarters revealed that they are the same two who broke into two Gorton street stores last week. The police are also of the opinion that the two lads are responsible for a recent break at the high school and one at Cover's grain store in Middle street.

## FRENCH FACE REAL TEST

Face General Strike of Miners and Threat of Transportation Tie-up in the Ruhr

Germans Expect More Arrests Among the Industrial Leaders

ESSEN, Jan. 22.—(By the Associated Press) The efficiency of the French organization in the Ruhr met a real test today when the control commission and the military faced a general strike of the miners and the threat of a transportation tie-up.

Warned by Berlin that they would be imprisoned if they brought coal to the surface, the miners added their contribution to the nation's policy of passive resistance by voting to put down their picks this morning. Their railway comrades, already on strike in the Bochum-Dortmund district, laid plans for a representative meeting at Elberfeld today to decide whether they should refuse to assist in transporting German coal to France.

The Germans expect more arrests among the industrial leaders, for the branches of the Reichsbank at Dusseldorf have refused to resume operations while under the protection of French bayonets.

The Ruhr spent a quiet week-end outwardly but there was evidence on both sides of a stubborn decision to "carry on." Essen was the scene of a large Communist meeting last night, attended by several thousand persons and addressed by speakers who called upon the people to oppose capitalism and who asserted that the Ruhr workers led the movement for world revolution.

The average Ruhr miner appears to have food to keep his family for three days. His savings are small, but it is reported that the German government will guarantee financial assistance to tide him over the present crisis.

It was generally believed today that the French resources would be inadequate to maintain production in the Ruhr valley if the region is paralyzed by strikes.

## Not Nice

That dingy film on teeth

Millions now combat it

You see today white gleaming teeth—teeth that look clean and safe. And you see dingy teeth. Let us show you where the difference lies. See what a change can come in a week. Ask for this ten-day test.

## Combat the film

Film is what makes teeth cloudy, and film ruins teeth.

That is the viscous coat you feel. It clings to teeth, enters crevices and stays. Food stains, etc., discolor it. Then it forms dingy coats. Tartar is based on film.

Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with

tartar, are the chief cause of pyorrhea.

## It is curdled

Dental science, after long research, has found ways to fight that film. One acts to curdle it, one to remove it, and without any harmful scouring.

Able authorities proved these methods. Then a new-type tooth paste was created, based on modern research. These two great film combatants have come to millions by it.

That tooth paste is called Pepsodent. Careful people of some 50 nations now employ it, largely by dental advice. New beauty and new safety have come to millions by it.

**Pepsodent**  
REG. U. S. PAT. OFF.

The New-Day Dentifrice

A scientific tooth paste based on modern research, free from harmful grit. Now advised by leading dentists the world over.

**Free**  
A 10-Day Tube  
See Coupon

**Avoid Harmful Grit**  
Pepsodent carries the film and removes it without harmful scouring. The polishing agent in Pepsodent is softer than enamel. Never use a film combatant which contains harsh grit.

## Manifold power

Pepsodent also gives manifold power to Nature's tooth-protecting agents. It multiplies the alkalinity of the saliva, to neutralize mouth acids, the cause of tooth decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids. Thus, night and day, tooth enemies are fought as they never were before.

## A delightful test

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-costs disappear.

Then you will know how to beautify your teeth. You will know how to better protect them. This is too important to neglect. Cut out the coupon now.

## CATHOLIC NEWS

It was announced in all the Catholic churches of the city yesterday, that the Lenten season would begin on Ash Wednesday, February 14. The 8 and 7 o'clock masses in St. Patrick's church yesterday, were celebrated by Rev. James A. Supple, D.D. At the 3:30 o'clock mass, which was celebrated by Rev. Joseph A. Curran, members of the Holy Family, Immaculate Conception and Children of Mary sodalities received communion. The 3:30 o'clock mass was celebrated by Rev. Joseph A. Curran. The high mass at 11 o'clock was sung by the pastor, Rev. John J. McCarthy, O.M.I. The Holy Name society and the parish sodalities will meet Tuesday evening.

The 11 o'clock mass in the Sacred Heart church yesterday, was sung by the pastor, Rev. John P. Flynn, O.M.I. The sermon at this and all other masses was preached by Rev. William J. Mahan, O.M.I. At the 3:30 o'clock mass, celebrated by Rev. William J. Mahan, O.M.I., the children of the Infant Jesus and Holy Angels sodalities received communion. A smoker for the men of the parish will be held in the rooms of the Holy Name society tomorrow evening.

At all the masses in St. Michael's church yesterday, a special collection was taken up for a memorial bell in honor of the late Rev. Francis J. Mullin. The bell will be installed in the belfry of the church with impressive dedicatory exercises at a date to be announced later. Rev. John J. Shaw, pastor, celebrated the 8 o'clock mass, at which the Immaculate Conception sodality received communion. He was assisted in giving communion by Rev. James E. Lynch. The 11 o'clock high mass was sung by Rev. Aloysius G. Madden, while Rev. Thomas J. Heagney preached the sermon. St. Michael's Charity guild and the Immaculate Conception sodality will meet tomorrow evening in the Guild hall, Sixth street.

At the Immaculate Conception church yesterday, the high mass at 11 o'clock was celebrated by Rev. James B. McMartin, O.M.I. Rev. Martin Norton, O.M.I., delivered the sermon. The Y.M.C.I. and the Third Order of St. Francis received communion at the 8 o'clock mass, at which the celebrant was Rev. Fr. Norton. The pastor, Very Rev. Lawrence F. Tighe, O.M.I., assisted in giving communion.

The 7:30 and the 9 o'clock masses in St. Columba's church yesterday, were celebrated by Rev. John M. Somers. The high mass at 10:30 was celebrated by the pastor, Rev. Patrick J. Hally. At 3 o'clock in the afternoon, Sunday school was held, while vespers were held in the evening at 7:30 o'clock.

Rev. Charles J. Gulligan was the celebrant of the 6 and 7 o'clock masses in St. Margaret's church yesterday. The 9 o'clock mass celebrated by Rev. Andrew F. O'Brien and the children's mass in the chapel, by Rev. William P. Brennan. A whist party will be held in the Marlborough next Friday evening, for the benefit of the church fund.

In St. Peter's yesterday, Rev. Daniel J. Heffernan celebrated the 3:30 o'clock mass. He was assisted in giving communion to the members of the boys' sodalities by Rev. Francis L. Shea. The 11 o'clock mass was celebrated by Rev. Peter T. Linahan. Rev. Fr. Shea preaching the sermon. It was announced that the Immaculate Con-

ception will hold a meeting Thursday evening at 7:30 o'clock.

Rev. Joseph F. Denis, the recently appointed pastor of St. Marie's church, South Lowell, assumed his new duties yesterday morning. The new pastor celebrated both masses and addressed his congregation at the two services.

The parish mass at St. Jean Baptiste church was celebrated by Rev. L. G. Bachand, O.M.I., while the sermon was given by Rev. Aurelien Merell, O.M.I. The monthly communion for members of the Holy Family sodality took place at the 5:30 o'clock mass, while the members of the Children of Mary sodality received in a body at the 7:30 o'clock mass.

Rev. Armand Baron, O.M.I., was the celebrant of the parish mass at St. Joseph's church and Rev. L. A. Nolin, O.M.I., delivered the sermon. The monthly communion for the members of the Children of Mary sodality took place at the 7:30 o'clock mass and in the afternoon at 3:30 o'clock, members of St. Anne's sodality held a meeting.

At Notre Dame de Lourdes, Rev. models featured the recent London

high mass at 11 o'clock. The sermon was preached by Rev. Guillaume Ouellette, O.M.I., newly appointed pastor. Members of the Holy Family sodality received communion at the 6 o'clock mass and held a meeting at 3 o'clock in the afternoon.

The Holy Family sodality received communion in a body at the 7 o'clock mass in St. Louis church yesterday. The high mass at 11 o'clock was celebrated by Rev. F. N. Gaudin and the sermon on the gospel of the day was delivered by Rev. E. Labossiere. In the evening at 7 o'clock, vespers were held.

The 11 o'clock mass in St. Jeanne d'Arc church yesterday, was celebrated by Very Rev. J. E. Turcotte, O.M.I., with the Rev. Charles Denzot, O.M.I., preaching the sermon. He announced that the new pastor is rapidly recovering from his recent illness. The members of the Holy Family sodality received communion at the 7 o'clock mass and held a meeting in the afternoon at 3 o'clock. Members of St. Anne's sodality will receive communion next Sunday.

Four cylinder, small displacement Louisa Brassard, O.M.I., celebrated the auto show.

## CHILDREN ARE SEVEREST KIND OF CRITICS

BY MARIAN HALL  
"Children," said Marie Tiffany, Metropolitan Opera soprano, who has just introduced some recitals especially for the little ones as an innovation in the world of music, "are the severest critics a singer ever faces. Yet they're well worth pleasing." She continues, "for the boy is father

MARIE TIFFANY

to the man and the little girl is mother to the grown woman. A concert for children must be simply a delightful story hour, with the tale told in music. It should stimulate and satisfy the little ones' imagination. Music should be a part of the education of every child and when our great artists realize their duty as educators as well as entertainers, then we may hope for the development of the sympathetic type of audiences which every artist dreams about."

## HE SELLS TICKETS BY TELEPHONE

By N.E.A. Service  
CHICAGO, Jan. 22.—Michael J. Falasz has been sending folks on trips around the world and to every conceivable point mentioned on the postal map for the past 25 years. Yet he has never been farther than 30 miles away from his own home here at any time, and says he wouldn't go even if he got the chance.

MICHAEL J. FALASZ

Falasz has a railroad and steamship ticket office in the Congress hotel. Offhand, he can name the distance to and between all important towns in the world, and while answering questions over two telephones at the same time, finds a spare moment in between to wait on customers at the counter. "I've probably written travel tickets covering 300,000,000 miles for people," he says. "But since I got my job here, way back when I was a kid, all desire to get out among 'em has been killed."

## CITY OF LOWELL

Notice is hereby given as required by section 23, chapter 13 of the General Laws, that the following ordinance has been proposed in City Council, to wit:

## CITY OF LOWELL

Commonwealth of Massachusetts  
ORDINANCE  
Relative to the Budget and Auditing Commission.

BE IT ORDAINED by the City Council of the City of Lowell, as follows:  
Section 1. In addition to the powers and duties of the budget and auditing commission prescribed by chapter 33A, Acts of 1921, said commission shall have the following duties and powers:

All invoices, bills and payments due or presented for payment by the several departments shall be presented to said commission for its approval. If, in the opinion of a majority of the commission, any invoice, bill or payment so presented is deemed legal and proper it shall be approved for payment. If, in the opinion of a majority of the commission, any bill or invoice under any contract presented for payment appears irregular or improper, said commission shall refuse to approve the same and shall state its reasons therefor in writing to the mayor and shall immediately thereafter notify in writing the firm, corporation or individual presenting said bill or invoice of its action thereon, and the mayor shall withhold his approval until a hearing has been granted as hereinafter provided. Upon request made in writing to the Mayor, he shall grant an immediate hearing to any firm, corporation or individual whose bill or invoice has been so withheld for payment. This hearing shall be public and the commission shall be present and shall be heard. As soon thereafter as is practicable, the mayor shall notify the commission and the city auditor of his action thereon.

Section 2. The budget and auditing commission may from time to time, during the fiscal year and in the performance of its duties, examine all books and expenses of any department and submit to the mayor and city council in writing any recommendations that it may deem proper for the conduct of said department.

Section 3. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

By order of the City Council,  
STEPHEN FLYNN, Clerk  
Jan. 20, 1923.

## LAWRENCE CONFERENCE PLAN BIG ST. PATRICK'S DAY OBSERVANCE

Lowell Represented at Meeting of Textile Workers' Conference Board

There were 275 delegates present at the meeting of the New England conference board of the United Textile Workers of America, which was held yesterday afternoon at Lawrence, Mass. The Lowell delegation was headed by John Hanley, president of the Lowell Textile Council.

The delegates went on record as being strenuously opposed to the bill recently filed at the legislature by Rep. Shea of Worcester, which calls for the reorganization of the 8-hour law and other laws by which the labor movement is benefited, and it was stated that everything in the power of the organization will be done to prevent the passage of the bill.

The meeting was presided over by President Francis Johnson of Maynard and present were delegates from Maynard, Lawrence, Lowell, Manchester, Dover, Exeter, Newmarket and Lebanon, N. H., Fall River and Rhode Island. It was announced that the next meeting will be held at Fall River on Feb. 15.

Miss Mary Kelleher, general organizer for the United Textile Workers of America, has arrived in this city, and will remain here for some time for the purpose of organizing the textile operatives under the banner of the U. T. W. of A.

## CASES IN THE DISTRICT COURT

As the result of being present at a game on the Lord's day, Frank Mayo, Harvey Barrette, Gordon Gillette and Charles Marquette appeared in the district court before Judge Knight this morning and were fined \$5 each on findings of guilt to the complaint of Harry Marquette pleaded guilty to illegal keeping in the district court today and paid a fine of \$100.

John O'Connor, Hector Dupre and Howard Murphy pleaded guilty to drunkenness. O'Connor was ordered to furnish bonds of \$200 until tomorrow morning when sentence will be imposed. Murphy already under a suspended sentence, caused the revocation of the suspension and will spend the next two months in the house of correction. Dupre received a sentence of three months in the house of correction, suspended for one year.

Four young men charged with being present at a game on the Lord's day were fined \$5 each.

## LOWELL MAN IS HELD ON AUTO LARCENY CHARGE

The local police have received word from Springfield to the effect that Jeremiah Dorgan, alias Jeremiah Dorgan of this city, was arrested in Springfield on Jan. 19, charged with the larceny of an automobile, to which he pleaded guilty and is now bound over to the May term of the superior court under bonds of \$2000.

The police have been trying to locate Dorgan, who has a wife in Lowell since Oct. 20, 1922, when Thomas Burke reported the theft of his Packard sedan. Dorgan says he did not steal this car and was not in Lowell on that day, but worked for a fellow in New York, who had the car. He could not give this fellow's last name, but knew him simply as "Doc," an Italian, living at West 25th street, New York city. This part of the story does not sound good to the Springfield authorities.

Dorgan also stated that the car was sold to a man named Oscar King, whose place of residence he gave as 25 Nassau street, Astoria, Long Island. When the car was recovered by the New York police last November, Dorgan said it was "Doc" who sold the car to King, but King claims it was Dorgan.

The Lowell police will not issue extradition papers as the case will be taken care of in Springfield.

American cars in Europe average a 20 per cent. reduction in their prices.

## REPORTS OF WAR-LIKE ACTIVITIES

Rumors of Conscription and Troop Reviews in Germany Reach London

France Said to Be Convinced She Miscalculated the German Temper

LONDON, Jan. 22.—(By the Associated Press).—The critical situation in the Ruhr is a subject of much anxious comment by the morning newspapers which regard the outlook as so dangerous that it is imperative some way of relieving the deadlock be found.

Some circles are fearful that if France pursues the present line of her policy she will be obliged to increase her forces greatly in the occupied district with the result that Germany may follow with military action which would mean war.

There has already been a report that Germany was arranging to substitute conscription, but no official confirmation of this was forthcoming this morning.

Another report, this from Paris, said that General Ludendorff had been recently at Muenster where he witnessed maneuvers by troops gathered at that point. This, however, was also unconfirmed.

Some commentators entertain the belief that France is convinced she has miscalculated the German temper and, finding the results of the occupation not what she expected, seeks a means of withdrawing, if possible without loss of her prestige.

To this end, it is stated here, France is re-examining the British and Italian proposals which she rejected at the Paris conference.

Combination tail-light, number plate and stop signal is on the market.

## FOCH CONFERS WITH LEADERS

Premier Poincare Begins Twice-a-Day Conferences With Cabinet Ministers

Sessions Necessitated by Developments in the Ruhr Situation

PARIS, Jan. 22.—(By the Associated Press).—Premier Poincare began this morning, twice-a-day conferences with the cabinet ministers, attended also by Marshal Foch. These frequent meetings, it has been decided, are necessitated by the developments in the Ruhr situation.

The ministers heard at this morning's session a report by M. Gellinas, the director of mines, who returned from the Ruhr especially to bring the latest information to the premier and his colleagues.

The officials continue to express a hopeful view of the outcome of the French occupation of the Ruhr, despite the increasing opposition their measures are meeting. It was indicated they intended to continue their policy of moderation toward the German workers, believing this course will eventually win over the industrial population and break down the passive resistance of the industrial leaders and the government.

According to the latest reports reaching the foreign office, the telephone and telegraph system is functioning in the Ruhr, but there was no information available on the strike in that region set for this morning. It was declared that up to noon no communication had been received that there had been such a development.

Officials emphasized the French view that Germany, through her continued opposition in the Ruhr, would be the only sufferer by her action and that France feels quite secure of her position. The opinion was expressed that the Germans might soon realize that they were only injuring themselves and that further opposition would be useless.

**Alide Gelinis Died on Way to Hospital**  
(Continued from Page 1)  
Reached it was found that the man had passed away. The body was removed to the funeral parlors of Undertaker Joseph Albert, where this forenoon it was identified by a relative, Otilia Lajole of 142 Merrimack street.

Deceased leaves a son, Gland; his mother, three sisters, Alide Gelinis, Mrs. Clara Garon, both of this city and Rev. Sister Gelinis of the Sisters of Providence of Montreal. The boy was removed to the home, 770 Moody street.

## SONG RECITAL TODAY AT SUNDAY MORNING FIRE THE HIGH SCHOOL

Albert Edmund Brown entertained the students of the high school this morning with a recital of songs of American composers.

Mr. Brown entered into his recital with his usual enthusiasm and it was but a very few minutes before the students were in complete accord with him and following his every word and action and, when he requested them to join in the Foster songs they went at it in great shape.

His singing of Reginald De Koven's "Spring of Nottingham" made the most decided hit of the morning's entertainment. "Left," a college song, also proved very popular with the students. Always at his best in Kling's songs, his rendition of "Route Marchin'" and "On the Road to Mandalay" left nothing to be desired. He was accompanied on the piano by Mrs. Brown.

The complete program was as follows:

Group 1—"Invictus," Bruce Hahn; poem by William Ernest Henley, "A Banjo Song," Sidney Homer, from Howard Woodson's "Handanna Ballads," "The Wreath of the Italian Flag," Geoffrey O'Hara; poem by William Henry Drummond, "A Red, Red Rose," Frank Hastings; words by Robert Burns.

Group 2—"Old Black Joe," Stephen C. Foster, "Old Folks at Home," Stephen C. Foster.

Group 3—"Morning," Oley Speaks, poem by Frank L. Stanton, "Left," Clarence Gustin; poem by Damon Runyon, "At Dawning," Charles Wakefield Cadman, "The Sheriff's Song," Reginald De Koven, from the opera "Robin Hood."

Group 4—"Route Marchin'," Rudyard Kipling, "On the Road to Mandalay," Rudyard Kipling.

Mr. E. J. Conroy of the A. C. club addressed the meeting in behalf of the winter carnival which is to be held at Fort Hill park next Thursday and Friday. He asked the boys to form boys to drag a toboggan occupied by four girls, and announced that if several of these teams could be formed, races would be held and prizes awarded to the winner. He also asked them to participate in the ski races and the other sports which are to be held, so that the affair would be a real success.

## Police Are Investigating Fire That Destroyed Residence in Florence Avenue

Police and fire department officials today are investigating the disastrous fire that practically destroyed the residence of Joseph Carroll at 21 Florence avenue early Sunday morning.

Two young men whom the police had reason to suspect in connection with a feeling that the fire was of incendiary origin, were taken to police headquarters this forenoon and questioned for more than an hour, but were finally released when their replies to all queries seemed to eliminate them from further consideration. The investigation is being continued and early this afternoon Chief Edward F. Saunders and Capt. David Perle of the criminal bureau made a searching examination of the premises.

The fire, discovered shortly before 2:30 o'clock Sunday morning, swept through and destroyed the entire first floor of the house and seriously damaged chambers on the second floor. It was obtained great headway when the apparatus arrived and burned so fiercely that it was impossible to remove any of the furniture which was destroyed where it stood.

Fire headquarters first were advised by telephone of the fire, after which a bell alarm was sent in. As the apparatus approached the fire by way of Westford street, there was no delay in getting into action and hydrant streams provided plenty of water.

It is the belief of Chief Saunders that the fire had been smoldering for some time before it was discovered and says if it was of incendiary origin the ravages of the flames obliterated everything that might be important in an investigation.

Glennie d'Italia today, expressing what seems to be the general feeling here as indicated by the attitude of the press.

This newspaper notes that the report of speedy mediation is again circulating, such action to be undertaken by Italy according to some quarters, while others pick the League of Nations as a probable mediator. France is very suspicious of these suggestions, the newspaper adds, especially because they originate in England.

The buffer status on the Rhine under a Franco-German protectorate, suggested by some French circles, would not be advantageous to France herself, the Glom d'Italia declares, as without the Ruhr Germany could not pay reparations. In any case such a move would not be tolerated by Germany's creditor countries, it adds.

## State Owned Mines Reopen

(Continued from Page 1)  
running, these manned by French crews.

**Several Banks Reopened**

The banking situation seems to have been eased somewhat by the reopening of the Duesseldorf branch of the Reichsbank. The Essen branch and the private banks of that city remained closed.

It was announced from Mayence that the court martial trial of Fritz Thyssen and the other industrial magnates arrested would be held Wednesday, with the proceedings completed in one day.

## To Proclaim Rhineland Republic

Revival of the talk of proclaiming a Rhineland republic which would form a buffer state between France and Germany, met, with editorial comment from Rome that such a move would not be tolerated by Germany's creditor nations.

Germany took a further step in abstaining from Versailles treaty co-operation with France by withdrawing her member from the mixed Franco-German tribunal in Paris.

France again delayed presentation of her new reparations settlement plan. This, it was believed, was due to the continued uncertainty of the German situation brought about by the Ruhr occupation.

Germany officially denied the reports that she was contemplating the renewal of compulsory military service.

No disorders were reported from any point in the Ruhr valley today.

## Mediation by Italy Proposed

ROME, Jan. 22.—"Things in the Ruhr cannot continue like this," says the plan to establish a separate republic.

## Rhinish Republic Planned

LONDON, Jan. 22.—Reports from German-occupied territory that a movement is under way for establishment of a Rhinish republic is causing the commentators to recall that a scheme of this sort was inaugurated and made some progress just after the allied forces occupied the Rhine region under the armistice that ended the war. This republic, once established, was to have applied for admission to the French republic, according to reports current at the time, which would have given France her much-desired buffer against Germany, and at the same time the mineral wealth of the Rhineland. It was alleged in well-informed circles that France was fostering the project.

Whatever might have been the truth in that respect the other allied powers conceivably were much disturbed at the possibilities the project involved. Doubts of the utility of the scheme, as the case through the press did much to prick this Rhinish bubble and little has been heard of it since.

At the time of the German revolution there was a strong party in the Rhineland desiring complete severance from Berlin, and it was this group which interested itself in the abortive plan to establish a separate republic.

# AUTOMOBILE NUMBER

## Splendid Automobile Exhibit By Lowell Dealers at the Kasino--- Elegant Cars in Grand Display

**Local Automobile Industry Now Firmly Established—  
Many Interesting Announcements in The Sun's  
Automobile Section Today—Strongly Organized Effort  
By Lowell Dealers Spells Success for Current Year**

Lowell automobile merchants and dealers in the numerous automobile accessories who feature the progressive motor distribution field in this city and vicinity, present today in annual superb fashion their best wares, with suggestions ably supported by deeds in good measure that are sure to aid all men and women planning to purchase new motor cars the coming year, or who desire to know more about the operation and careful up-

keep of the cars they now own.

In The Sun special advertising section today devoted to all ramifications of Lowell's prosperous automobile business in general, will be found many interesting announcements of leading auto houses and sales agencies as well as those institutions of the motor trade where essential accessories are sold.

Business in the local automobile branches of trade last year steadily increased after the first real spur-

made at the highly successful winter exhibit at the Kasino that led the way to a splendid sales season in 1922.

Today the automobile industry in Lowell, backed by men of integrity, grit and tenacity, is more firmly established, with progressive leaders in the van always and with a loyalty supported and strongly organized effort on the part of the entire auto-selling personnel of the city, enlisted for more business and a prosperous 1923.

### PITTS AUTO SUPPLY AND MOTOR SALES

Ford quantity production depends on absolute accuracy in the manufacture of each individual part that goes into a Ford car, Ford truck or Fordson tractor. Each part, whether it is made of steel, cloth or rubber, must conform to definite specifications in both minute measurements and standard quality. A staff of expert chemists and metallurgists, working with modern equipment, delicate testing devices and elaborate machinery, provides these specifications.

When a Ford car passes into the possession of the user, he is assured of a product that is as near mechanical perfection as highly trained men can make it. For all parts that go through the many stages of manufacture in the Ford shops from raw materials to completed units, are closely inspected and tested after each major operation.

The world-wide demand for the Ford car and Ford truck, and the increasing demand for the new Fordson tractor all over the world as well, is well known. The Ford products include

HARRY PITTS

touring cars, runabouts, coupes, sedans, chassis, trucks and tractors.

The active Lowell agents for the Ford products are, of course, well equipped to handle the famous Detroit line of automotive output. The Pitts Auto Supply and Motor Sales company has been handling Ford cars of all kinds for so long that the Pitts name is a by-word all through the so-called "Lowell Territory." The Pitts service station needs no description here. It is famous for serviceability, dependability and first-class work. Harry Pitts is popular everywhere the Ford car goes, and that means something.

The exhibits at the Kasino this week will be in the usual top-notch Pitts style. At the Pitts sales rooms are the complete 1923 lines, for not all cars can be exhibited in the confinement of the Kasino Ford section.

Salesmen will be on hand regularly at both the Kasino and Pitts headquarters on Hurd street, where the new Detroit offerings, including the sturdy farm tractors, will be exhibited freely to all comers and their attractive merits and reasons for low prices fully explained.

## MARK J. McCANN AND THE STUDEBAKER

The record of Studebaker cars in 1922, as in 1921, commanded world-wide attention, and therefore it is of interest to consider outstanding reasons why this was possible. One of the potent reasons of which there are many—is the completeness of the line, with three models, a wide variety of 13 body types and a consequent appeal to the broadest possible market of buyers. Another advantage lies in the fact that Studebaker specializes in six-cylinder car manufacturing, which means that dealers and salesmen do not have to talk against themselves in switching from one model to another of more or fewer cylinders.

The importance of a wide distributing organization cannot be overlooked and when Mark J. McCann of Lowell,

floor of the Market street Ayer building, where he remains today one of the busiest and brainiest automobile agents in the whole Lowell automobile sales industry.

Since opening the Studebaker enlarged sales headquarters last year, Mr. McCann has had to make extensive additions to his quarters to meet the demands of a prosperous business. The stock rooms were enlarged, a refitting room for used cars constructed, a new paint shop added to the Studebaker quarters, and a splendid selling and service department created where today 16 men, expert in every line, are constantly employed under the McCann banners.

All complete parts of the Studebaker cars, old and new, are carried for customers and friends who come in for necessities of all kinds. Courtesy is the watchword always at the McCann headquarters. The organization has had to install new large office quarters on the second floor, owing to the heavy increase of business.

The McCann sales agency has made numerous records for output during the past year. The local house enjoyed record sales all season, in fact, and finished the highest in total Studebaker sales of any city the size of Lowell. Many recommendations have come from Studebaker headquarters for the splendid generalship and business acumen of Mr. McCann and his energetic squad of expert salesmen.

A great record for Lowell by the McCann distributing agency was won after a lively contest with all other agencies throughout the country, just June, July and August. Besides winning honors for Lowell with a sales record eclipsing any city of its size, the McCann sales records showed the Lowell hustling agency to stand exactly eighth in the whole U.S.A. list for the actual sales of Studebakers officially recorded.

All 1922 models are on display at the salesrooms on Market street, and auto show visitors, after inspecting the exhibits at the Kaslo, are invited to visit the McCann headquarters and see first-hand the other models not displayed at the big show. Competent salesmen will show all-comers every latest model, and ample plans have been made for the reception and entertainment of Studebaker friends of old and all newcomers who would like to get more information about the quality cars that the well known Lowell firm is putting out in amazingly large quantities this year to meet a genuine popular demand.

MARK J. McCANN  
Studebaker

Motor company officials announced today that when the new year entered, the management of the Lowell district did not own a single used car, showing the wonderful records made by all cars disposed of in the past and the slow depreciation.

The purchaser of the Velle does not guess. For instance, Timken axles and bearings and long-grain, genuine upholstery. It takes 23 days to put a finish on a new Velle. Fourteen coats of paint and as many hand operations are required. The display of the Velle at the auto show is sure to attract much attention this season. It is a distinctive car and experts at the Velle section will be there to explain what genuine "motor-car satisfaction" really means.

### THOMAS H. SIMPSON DEAD

BELCHERTOWN, Jan. 22.—Thomas H. Simpson, a vice president and director of the Hudson River Bridge association of New York and a well known newspaper and publicity man, died here today after a years' illness. He was one of the promoters of Gustav Dindon's project to bridge the Hudson at New York.

## REO SALES AND SERVICE AGENCY

The display of the popular Reo automobiles at the Kaslo this week will be sure to attract thousands of automobile lovers. The exhibit of the energetic Reo sales and service agency, with headquarters in "Automobile Row" down on Middlesex street, is one of the finest ever presented anywhere in this vicinity, and shows a sense of vigorous business acumen and a desire to display the graces of the popular Reo models to the very best advantage.

Reo is one of the few automobile concerns that manufacture most of their products. Assembling parts from many different outside factories, hoping they will fit, has never been—and never will be—Reo practice. Every vital part—motor, transmission, clutch,

tions from Reo automobile owners, regarding the dependability of the passenger cars and speed wagons.

Probably no other commercial car is better known the world over than the famous "Reo Speed." If Reo means reliability and mechanical excellence unsurpassed by any other car of standard and good workmanship, Reo conceived the "speed wagon" idea—created the vehicle—copyrighted the name and popularized the type. There is only one "speed wagon" and Reo builds it.

It has an extensive and distinctive heavy haulage field, but is adapted to every class of carrying service. Any load that can be divided into units of 500 to 2500 pounds can be moved quicker and cheaper by "speed wagon" than any other medium. Thirty miles an hour instead of 15—pneumatic cord tires instead of solids—a vehicle weight in sensible ratio to its carrying capacity instead of disproportionately heavy.

The new "speed wagons" are on display at the Middlesex sales headquarters, with the complete lines of passenger cars, open and closed, and are well worth a visit by all automobile show visitors. "Open house" for the week and always, at Reo headquarters.

Fuel mixture in auto engines consists of about 14 parts by weight of air to one of gasoline vapor.

DANIEL E. McQUADE  
Reo

axles, steering gear, propeller shaft, universal, radiator is designed by expert Reo engineers and built in the Reo plant.

The source of dependability and the supreme satisfaction which is felt in Reo ownership can be traced directly to the famous six chassis, which is a combination of powerful units joined in a still more powerful combination. Into this famous chassis Reo reliability has literally been built. It will be impossible to find a more stable foundation or a more permanent means of maintenance. Reo reliability comes from within and is lasting. The progressive Middlesex street concern showing the latest models at this season's auto show, and also having on display at the large salesrooms and service department on Middlesex street other popular new models sure to be in great demand from now on, has received many fine recommendations.

## HOUSE AND CONTENTS BURNED IN DRACUT

Fire of unknown origin destroyed the home of J. L. Wilkinson and its contents in Blanche street, Dracut Centre last evening. The blaze was discovered by a member of the family who arrived home about 8:30 o'clock. He sounded the alarm, but it was some time before the firemen reached the premises because of the bad roads. Their efforts to save building or its contents proved fruitless. At the time of the fire the family was out visiting. The damage is estimated at about \$3500.

## DODGE BROTHERS MOTOR CAR

Winter never fails to bring this car renewed praise.

It is because the starting system and carburetor seem to be almost immune from cold weather troubles. The response is prompt, even on the coldest mornings.

The cord tires, with their safety tread, are also particularly desirable in winter. They not only act as a safeguard against skidding, but greatly reduce the possibility of having to change tires under disagreeable weather conditions.

Close fitting curtains, which open with the doors, enable the owner to drive in comfort the whole year round.

## RAFTER PROUD OF HUPMOBILE AND HAYNES

Thomas H. Rafter, of Co., Lowell agency for the wonderful Hupmobile—famed for its performance—its economy—its endurance, because there is perfect working harmony among its units—is foremost today in Lowell's automobile world in the handling, demonstrating and selling of fine cars with exclusive features that brook no compromise of good designing or fine manufacturing. Since the year 1914, the Rafter company has been handling the Hupmobile in Lowell and vicinity. In addition to all lines of the very latest cars put out by the Hupmobile Corp. of Detroit, Rafter & Co. also are local agents for the new and improved Haynes 55 lines of ideal models, both open and enclosed, and of character cars, built faithfully and intelligently in order to achieve beauty, strength, power and comfort, are more attractive in their superb ensemble.

The sales forces of Rafter & Co. have had a busy winter campaign, meeting old customers and new, and

## FORD HEADQUARTERS IN THORNDIKE STREET

The busy Ford headquarters in charge of Manager Butler down on Thorndike street, are breaking old records in selling and delivering new cars. All local Ford sales records went "by the board" sometime ago at the big Lowell Motor Sales Mart, but the demand at the present time is double that registered last season during the first month of the year.

For eight consecutive months, beginning with April 1 of last year retail deliveries have exceeded 100,000 Ford cars and trucks each month; the accumulated total for the first 11 months of 1922 being approximately 1,200,000. While the company points out that it is not unusual for Ford's retail sales to exceed the 100,000 mark during the spring and early summer months when the demand is at its peak, the manner in which business has held up throughout the balance of the year is without precedent.

Credit for this remarkable showing is attributed by the Ford Motor company to the many improvements which have lately been made on Ford cars and particularly to the new low level of Ford prices, recently put into effect. These new low prices not only broaden the field of prospective Ford purchasers but go still further in making the Ford car the best value from the standpoint of the retail buyer, that it has ever been.

In the opinion of the Ford Motor company, November sales are an indication that many prospective purchasers, realizing the exceptional value now being offered in Ford cars, are beginning to anticipate an unusual spring demand and are therefore placing orders during the fall and will continue to do so throughout the winter to avoid disappointing delays in delivery later on. While this will relieve the situation to some extent, it is pointed out that the steadily increasing demand for Ford cars is nevertheless sure to create an acute shortage as the season advances.

Accordingly, the Ford sales organization is urging prospective Ford purchasers to arrange for delivery during the winter months in order that the demand next spring will be relieved as far as possible.

hills of cars, including Hupmobile sport touring, Hupmobile standard touring, Hupmobile coupe, closed car, and one Haynes 55 coupe, latest model, and a "show all by itself."

The proprietor of this bustling, wide-awake automobile agency said, in speaking of the Hupmobile today and also the wonderful Haynes lines, where more models can be found at the Rafter headquarters in Middlesex street:

"The pride I have taken in this work of handling Hupmobiles and Haynes cars exclusively in Lowell and vicinity, has been centered for the most part in the substantial growth of my business year after year. And yet it is not nearly so great as my pride in continuously having more people habitually refer to these cars as 'the best cars for the class in the world.'"

INCREASES DISCOUNT RATE  
BRUSSELS, Jan. 22. (By the Associated Press.)—The National Bank of Belgium today increased its discount rate by one per cent.

One-fifth of all the tin used in the United States goes into auto manufacture.

## LOWELL MOTOR MART IS TOP NOTCHER

The faithfulness of performance so universally remarked in Dodge Brothers' motor cars is due, in no small part, to the thoroughness with which each unit is inspected during the process of manufacture and assembly.

A trained staff of 1100 experts is employed in this work alone, and approximately 5255 inspections are made on each car. So exacting and rigid are the standards applied to these inspections that the slightest variation either in workmanship or material is sufficient cause for immediate rejection. Dodge Brothers are almost ever-scrupulous in their constant aim to make each car as sound and perfect as is humanly possible.

One of the most successful agencies for the complete line of popular Dodge Brothers' motor vehicles in New England, is the Lowell Motor Mart Inc., where the widely known Dan O'Dea and Stephen Rochette hold the fort, but welcome all comers with no barring of doors. It is a favorite place for Dodge

THOMAS H. RAFTER  
Hupmobile

having on display at their commodious and attractive salesrooms, 600-604 Middlesex street, all the new models of the Hupmobile and the Haynes.

The growth of the Rafter automobile agency has been almost spectacular. Starting 14 years ago with the first Hupmobile outputs, the Rafter business has advanced briskly to its present day importance in Lowell's automobile sales marts, through brought demands for room, and for three years the Rafter headquarters was on Central street. Today, with expansion calling for still more room for the sale of the Haynes and Hupmobiles, whose popularity has greatly broadened during the past five years, Rafter & Co. are splendidly located on Middlesex street in "Automobile Row." The concern has a large connected service station, where all parts for both cars can be found at all times. Business at the Rafter sales marts doubled when the big move was made last August to the new and present location. Competent sales and service men are constantly employed, many having been with the Rafter concern for many years.

At the auto show section chosen by Mr. Rafter, there are attractive ex-

STEPHEN ROCHELETTE  
Dodge Bros.

owners to gather when the new cars come out.

This has been a busy January for the O'Dea and Rochette forces of expert car handlers and salesmen. No buyer motor mart can be found in Lowell at any time of the year, in fact, but it is said that the 1923 model cars are attracting so much attention that it may be well for the Lowell Motor Mart Inc. to stage a "show of their own." For that reason, in addition to the excellent display of the new cars at the fine indoor exhibit, the Lowell Motor Mart Inc., at Moody, Thiden and Colburn streets, just a step from city hall square, will be open night and day for visitors, who may want to see the Dodge 1923 lines closer-up and have their many attractive features explained to them, if they are not already familiar with Dodge qualities and notable records in automobile building.

At the Kasino courteous salesmen will explain the merits of the O'Dea-Dodge exhibits, and plenty of attractive literature is on hand for every caller. The Moody street headquarters reception rooms are always open, com-

DAN O'DEA  
Dodge Bros.

forts provided for all visitors and Messrs. O'Dea and Rochette invite all visitors to the auto show to call around and make it "Lowell headquarters."

Both the open and closed models are here in their quiet beauty and great attractiveness. The equipments are most complete, with clear vision windshields of the ventilating type; windshield cleaners, electric horns, robe rails, foot-rests, license brackets, tire pump, high-pressure grease gun, tool outfit complete, tire carrier with demountable rim, etc. With the sedans there is an extra disk wheel with each car, and with the sedan and business coupe, car heaters.

Dodge Brothers' "Type A" sedan is admired the world over for the solid beauty of its coach work. Inside and out in every line and fixture, it reflects that integrity of workmanship which has come to be associated with the name Dodge Brothers. There is the expensive mohair velvet upholstery, tick-

### GARRITY HANDLES THE WHITE TRUCKS

"Why You Should Buy White Trucks" is the title of interesting brochures distributed by Stephen C. Garrity, war veteran, auto salesman, widely known American legion member and one of the real automobile sales hustlers of this vicinity, with long experience in judging good automobiles and handling them. Mr. Garrity is today located at the Mark J. McGinnis sales agency, Market street, where he is responsible for the handling in Lowell of the famous White trucks, made in Cleveland, O.

The number of White automobile trucks in use in Lowell and vicinity is well known. For a number of years the White company has published annually a list of its fleet owners, showing how each individual fleet has grown from year to year, over a period of 13 years. There are three remarkable things about the roll of honor. In the first place, note the extent of it. The list has tripled in the last six years. No other list of fleet owners has ever been published approaching it in size. Some of the fleets contain hundreds of trucks.

"Over a period of years, nothing but service counts; the amount of it, the dependability of it, the cost of it. Large users keep careful costs records; they know which trucks do the most for the least money."

"The White truck gives most value

per dollar for money expended in auto truck transportation. The service is such that there are many 100,000-mile records. The manufacturer's policy has always been "Service above Sales." Today the White truck manufacturers have the largest output in the high grade field.

The White trucks are built in capacities of 1 ton, 2-ton, 3 tons, 3½ tons and 6-ton. The main factors of economy

in operating them are the volume of performance, low consumption of gasoline and oil and freedom from repairs. The White truck service on Market street is ideal for local owners in every way, and service is immensely important to truck owners. All branches and dealers carry necessary parts and maintain free inspections. And

"Service" at all times is the main thing with truck owners.

Under Mr. Garrity's management the White truck has gained great popularity in Lowell and vicinity. The great Cleveland automotive concern could have no more efficient local agent or one with more energy, integrity and willingness to serve the automobile public day in and day out in The Spindle City and suburbs.

## LOCAL PASTOR TALKS ON PROHIBITION

Rev. C. D. Piper, preaching upon the law of prohibition and its effects, told the members of the Fifth street Baptist church yesterday morning that "the industrial leaders of America are practically unanimous in their support of liquor prohibition." He declared that the "liquor interests are against all kinds of arguments against prohibition, but will fail. The pastor urged the members to openly support the national laws and the constitution, declaring that "open flaunting of the constitution by some of our so-called best people rather spoils the argument against prohibition."

The pastor declared the churches can do a lot if they will, in the present fight for enforcement of the law. It was the church of Jesus Christ, he said, that put prohibition into effect and it must see the light through. Every clean, decent American citizen will stand back of national prohibition and keep in the light until it is won for world-wide prohibition, he said in closing.

### Mothers Prefer Cuticura Shampoos For Children

Regular shampoos with Cuticura Soap and hot water, preceded by touches of Cuticura Ointment to spots of dandruff and itching, keep the scalp clean and healthy. Proper care of the hair during childhood is the basis for healthy hair through life.

## Lynn Man Finds Allen's Lung Healer

Is Equally Effective for a Severe Cough and Cold or a Fresh Cold

He says: Last Winter I had a bad attack of the grippe, accompanied by a heavy cold on the lungs with a hard rasping cough that racked my body. My lungs were sore and seemed to be filled up and my doctor said I was threatened with pneumonia. I had been confined to the house for two weeks and was still a sick man when I was advised by Dave Perry to take Allen's Lung Healer. He said it would surely fix me up, and it did.

After taking a few doses I could feel my lungs loosening up, the soreness disappeared and the cough began to mend, and inside of a week I was back at my work. My doctor said I was cured. When I catch cold now, I don't wait till I am sick, but take Allen's Lung Healer and it breaks it up in short order.

## KU KLUX KLAN WAS IN CONTROL

Had Built Up a Super-Government and Was Running Things Its Own Way

Atty. Gen. Coco Discusses Results of Investigation in Morehouse Parish

25 to 30 Arrests With 70 to 100 Indictments Expected by State

BATON ROUGE, La., Jan. 22.—Attorney General Coco, who was called from Hattiesburg to the capital to confer with Governor John M. Parker on the Morehouse situation, declared last night as he was leaving on his return to Hattiesburg to resume the open hearing into hooded band activities in Morehouse parish, that 25 to 30 arrests with 70 to 100 indictments would be the outcome of testimony presented at the state's investigation.

After the conference Mr. Coco announced that 30 more witnesses would be heard and he expected that the hearing would end next Thursday. He declared he was pleased with the progress made and was confident of the outcome.

"The evidence is clear that the Ku Klux Klan had built up a super-government and was running things their own way," the attorney general said. "The Ku Klux Klan was the government of Morehouse. That much has been established beyond a doubt. The state has also established the identity of some of the members of the mob who murdered Watt Daniel and Thomas McElroy. Against some of the hooded men there will be as high as six charges made."

Hearing Resumed

HATTIESBURG, La., Jan. 22.—(By the Associated Press) The open hearing into masked band activities in Morehouse parish, which culminated in the kidnapping of Watt Daniel and Thomas McElroy, Aug. 24, today entered its third week.

Members of Attorney General Coco's staff expressed the opinion that the end would be reached Wednesday or Thursday, basing their assertion upon the number of witnesses the state expects to call to the stand.

The stenographic report of testimony taken during the hearing already includes approximately a half million words and the court reporter is so far behind in transcribing it that thousands of words are being read on dictating machine records and sent to typists in New Orleans.

Five men, "Newt" Gray, T. Jeff Burnett, Oliver Skipwith, Smith Stevenson and "Blacksmith" Smith, were declared by witnesses last week to have been recognized as members of the masked band which made captives of Daniel and McElroy, who were never seen again after appearing at Collinston, eight miles from here, in custody of the hooded men.

MEMBERSHIP DRIVE BY LOWELL EAGLES

The general committee in charge of John J. Hogan initiation class for the Lowell lodge of Eagles held its meeting yesterday afternoon. It was announced that 25 prizes had been arranged for the contest in connection with the class initiation, and a letter was read from Grand Trustee Thomas B. Murphy to the effect that he would secure the services of the Attorneys

## WILL OBSERVE "BOBBY" BURNS' BIRTHDAY

The Clan Grants of Lowell ought to be congratulated for having secured the services of the Scottish Musical Comedy company, headed by John E. Daniels, for the 164th anniversary observance of Robert Burns, to be held in Associated hall Thursday evening.

This is the same excellent company that made such a pronounced impression in "The Cotters Saturday Night," and "Tam O' Shanter" in Lowell a year or two ago. There is a compelling story in the "Bonnie Brier Bush," Lachlan Campbell, a shepherd on the estate of Lord Kilsplindie, an elder of the Kirk, frowns upon the love-making of his daughter, Flora, and the young shepherd, son of Kilsplindie. His unwelcome attitude of self-seclusion drives Flora from home. The act portrays the transportation of Lachlan, the return of Flora, the explanation and reconciliation. The second act is the occasion of the rejoicing over the return of Flora, while the first act is full of pathos and argument. The second act is replete with pawky Scotch wit and humor, and the singing of Scottish songs. The cast of characters includes: John E. Daniels, Doctor William MacLure; Victor Gilbert, Donnell; Lord Hay; Daniel Ross; Lachlan Campbell; Arthur Gould; Archibald Mackintosh; Margaret; Jeanne H. Turner; Margaret Howe.

## WILL APPOINT ASSISTANT PASTORS

The two assistant pastors for St. Jeanne d'Arc church will be appointed in the latter part of the week, providing the new rectory in White street is ready for occupancy by that time. Very Rev. J. E. Turcotte, O.M.I., who has the appointment of the assistant pastors informed The Sun today that he expected the occupants of the building to be used as a rectory will vacate before the end of the week, and then the assistant pastors will be appointed. The new pastor, Rev. Leon Lamotte, O.M.I., is still confined to St. John's hospital and may not be able to assume his duties for at least a couple of weeks. The parish is now under the direction of Very Rev. Fr. Turcotte, O.M.I.

band for the occasion and that 100 members of the Attleboro society would attend the ceremony. It was stated that the charter of the organization will be open until March 27 in order to assist the members in the membership drive. The next meeting of the committee will be held next Sunday afternoon.

## GERMANY TO CLAIM DAMAGES

To Counter With Indemnity Bill of Her Own for the Ruhr Occupation

Long List of Claims Against France and Belgium Expected

Suggestion for American Protectorate Over the Ruhr Meeting With Favor

BERLIN, Jan. 22.—(By the Associated Press) The picture of Germany countering future claims of France and Belgium with an indemnity bill of her own for the Ruhr occupation, is already being sketched in political circles here. In these quarters it is confidently believed that the Reich will not hesitate to model her own statement after the pattern afforded by her obligations to the allies.

A long list of claims against France and Belgium by German nationals is expected, and to these will probably be added the nation's estimate of the damage to its sovereignty by the armed occupation. As precedents for such a course of action, Reichstag leaders have already turned to the Passau and Ingolstadt incidents when the Reich was fined 1,000,000 marks because German civilians insulted members of the entente control commission.

A suggestion for an American protectorate over the Ruhr is meeting with considerable favor in Berlin circles, where it originated. Such a step, it is believed, would prevent the French from permanently controlling the Rhenish industrial area and would therefore be in the interests of American and British trade.

An immediate coal famine in unoccupied Germany, it is generally feared here if the Ruhr continues to maintain the output of the last 10 days. Only one half of the Reich's supply comes from that quarter and with British importations and stimulated production in other domestic fields a shortage does not seem im-

## CE-BE-CO MOTOR OIL

IN FOUR DENSITIES

CE-BE-CO LIGHT GRADE OIL Pale in color and light in body. It is most commonly used as a winter oil, but there are many motors—the Ford especially—in which CE-BE-CO Light Grade is the correct lubricant in all seasons.

CE-BE-CO MEDIUM GRADE OIL An amber-colored, medium bodied oil, adapted to more types of motors and a wider range of operating conditions than any other oil. It is free flowing and of excellent lubricating body.

CE-BE-CO SPECIAL MEDIUM GRADE OIL This red viscous oil is slightly heavier than our medium grade oil. It is recommended for use where a heavy-bodied oil, yet not too heavy, is required. It is refined to the same high degree as other CE-BE-CO Motor Oils and assures perfectly efficient lubrication.

CE-BE-CO HEAVY GRADE OIL A dark, reddish green lubricant. Its greatest use is in air-cooled automobiles, motorcycles, sleeve-valve motors and wherever the bearing surfaces are loose-lubricating or worn.

ment. It is admitted that considerable depends upon the stability of the Ruhr mines to operate.

The arrest of the Ruhr magnates has saved to crystallize further public opinion. The government has ordered the German charge d'affaires at Paris to protest the arrests.

## VESPER QUARTET SINGERS COMING

The Vesper quartet, singers who have made a remarkable reputation for themselves both in the singing of jubilee songs, songs of the days of slavery in the south, and in classical songs, are to give a concert at the Centralville M. E. church next Wednesday at 8 p. m.

This quartet has received much favorable criticism since its concert at Tremont Temple a short time ago, one Boston critic being quoted as saying, "You recall the days of the Fisk Jubilee Singers, but my, what singing! You have all the charming old melodies now sung by voices whose musical training seems to be the best that modern institutions may give."

Station WNAO, Boston, recently broadcast one of their programs. Their singing was so well adapted to radio that they received many letters congratulating them upon their wonderful success and asking for another concert as soon as possible.

Everyone they have sung a large audience has been present, and it is expected that the same will be true here next Wednesday.

## Strikes in Progress in Ruhr Valley

ESSEN, Jan. 22.—(By the Associated Press)—Strikes, either partial or complete, were in progress today in all the Ruhr valley mines whose directors had been arrested by the French. The state mines resumed operations, the troops having been removed from them.

## Trains in Duesseldorf Running Desultory

DUESSELDORF, Jan. 22.—(By the Associated Press)—The railroad trains in this region were running desultory this morning, operated by French crews. The service was about 10 per cent of normal.

## Severe Earthquake Recorded

WASHINGTON, Jan. 22.—An earthquake described as of very severe intensity was recorded on the seismograph at Georgetown university observatory early today. The first shocks occurred at 3.55 a. m., the disturbance reaching its greatest intensity at 4.09 and continuing until 5.20. Director Tondorf of the observatory estimated that the disturbance was 2000 miles distant from Washington.

## OPENED ROAD TO CEMETERY

The road leading from Gorbham street to St. Joseph's cemetery in East Chelmsford was opened yesterday by Undertakers Amadee Archambault & Sons and five of their men. The gang worked all afternoon with the assistance of a large automobile truck and succeeded in making the thoroughfare passable.

Since the last snow storm the super-

intendent of streets of the town of Chelmsford has done all in his power to keep the road open, but his efforts were not successful, for as soon as the plow was run through the street, drifts would fill in the gap made by the machine with the result that people attending funerals were forced to transfer from the automobiles to sleighs at the corner of Gorbham and Centro streets. Today's funeral cortege went right through to the cemetery.

## BEAUTIFUL BUICK MODELS ON DISPLAY

To drive a Buick is a relaxation. The refined valve-in-head motor performs with a new smoothness and flexibility. The steering position is ideal, the long control lever is within easy reach, the handsome instrument board is replete with every device for convenience. The splendid 1923 Buick offerings in models that attract at once by their

automobile show, the Buick people are presenting cars sure to meet with popular demand, as in the past.

Fourteen fine cars bear the Buick nameplates this season. The complete New Year's exhibits may be seen at the salesrooms, where expert salesmen are on hand daily. At the Kasino will be offered the new types of wanted cars that must be seen to be fully appreciated.

There are six handsome body types in the Buick truck offerings this season, and 14 in pleasure cars. Visitors at the beautiful Buick headquarters at 61-63 East Merrimack street, directly opposite the Memorial Auditorium, are impressed by the great distinction shown in the models on view. The fame of Buick has spread wonderfully in Lowell and vicinity since the Emerson-Hale agency took hold in earnest and spread its wonders in able fashion. It was just a year ago the coming April that the Buick headquarters moved to East Merrimack street. It was a winning move in truth. Today this headquarters for fine cars, which also is connected with a large service department where cars may be equipped with parts of every kind promptly, is one of the attractions of Lowell.

The 1923 six-cylinder five-passenger touring sedan is sure to be one of the popular Buicks of the coming year. Built primarily for de luxe touring, this newest of the Buick models offers a degree of comfort unsurpassed by the highest priced cars. Its rugged, metal-covered body, custom-made by Fisher, and the well-knit chassis with its distinctive new cantilever springs absorb and soften the jars and jolts of cross-country travel. Five passengers may ride in the touring sedan with utmost comfort, yet in conversation range. The seats are deeply upholstered in plush. The entrances on either side are wide. The touring sedan is provided with a smart trunk carried upon a sturdy rack in the rear,

with nickel-plated guard rails to protect the body. The displays at auto show are unusually good and must be seen to

FRED B. EMERSON

be better appreciated. Competent salesmen will explain the virtues of the Buicks of all offerings, and as usual, "When better automobiles are built, Buick will build them."

## OAKLAND VALUE ON A MILEAGE BASIS

Lowell motor car buyers have waited long for the time when they could, with safety, determine motor car value on a mileage basis. Such assets as performance, comfort, beauty and equipment speak for themselves and are easily and quickly determined, but the hidden values, which are most important in the past only have been evident after long periods of actual service.

There is need for the advance application of this mileage standard in determining motor car value. Such a standard is of service to the motorist, not when the car is worn out, but when he is making his purchase. Oakland dealers and the Oakland factory have united to establish a mileage basis plan for the Oakland purchaser founded on knowledge of the stability of the Oakland Six and on the experience of Oakland owners. The first step toward the Oakland mileage basis plan was the issuance a year ago of the special Oakland guarantee, which is without parallel in motor car history. In plain language and in the most liberal manner possible, this guarantee bonds the Oakland car for 15,000 miles against excess oiling and all its attendant evils. Inasmuch as "oil pumping" is responsible for numerous motor ills, the Oakland guarantee was received with much enthusiasm.

The new models for 1923, on display at the Kasino show and exhibited by the energetic Lowell Oakland Co., which has spacious quarters of remarkable attractiveness in Middlesex street, show no variation in Oakland standards. The season has been a busy one at Oakland headquarters, and all the new models are on display with numerous special reception features for the week's auto show visitors. Souvenirs are given, too, and salesmen of ability will be on duty to show all corners the new Oaklands and explain their merits. It is the purpose of the Lowell Oakland company executives to explain every feature of their cars

MILO D. HALE

beauty of design and their exclusive character of appearance in each type displayed at the handsome new salesrooms in East Merrimack street, are something really worth while. At the

# 1923 SERIES STUDEBAKER

## Introducing the New LIGHT-SIX

THE 1923 Series Studebaker Light-Six Touring Car was shown for the first time at the New York Automobile Show.

Many pronounced this car the most striking feature of the show. It was certainly the center of the crowd.

The Light-Six Touring Car is beautiful, roomy and comfortable. In design, mechanical excellence and equipment it is a worthy member of the world's greatest line of quality motor cars.

The new body is all steel, with wide, deep and comfortable seats, upholstered, as usual, in genuine leather. The rear seat is 43½ inches wide, which provides ease and comfort for three adults.

Cushions are ten inches deep. The Light-Six Touring Car is as comfortable as that favorite chair in your living room.

The one-piece, rain-proof windshield, with cowl lights in base, and the cowl ventilator are improvements for moderate priced cars originated by Studebaker.

The Light-Six chassis, the dependability of which has been established in the hands of 100,000 owners, remains practically unchanged. The body, windshield, radiator, cowl and fittings are the new features.

The name STUDEBAKER on an automobile is assurance of satisfaction.

New steel body. Upholstered in genuine leather. One-piece windshield with attractive cowl lights set in base. Quick-action cowl ventilator. Large rectangular window in rear curtain. Curtains, bound on three sides by steel rods, open with down. Door pocket flaps with weights to hold them in shape. Theft-proof transmission lock. Standard non-skid construction.

and all inquiries will receive information of a tangible nature.

The display this year at the Kasino and the sales headquarters, where there is also a model service station for supplying all wanted parts whenever desired, includes the Oakland 6-cylinder chassis, roadster, touring car, sport roadster, sport touring car, two-passenger coupe, five passenger coupe and the famous Oakland sedan. The sedan, body by Fisher, is fitted with either wire or disc wheels as desired. The five-passenger coupe also has a Fisher body.

Auto show visitors to the Oakland exhibit will be attracted by the powerful, sturdy, dependable and genuinely economical cars shown by the Oakland Co. The new 6-14 model highly developed six-cylinder overhead-valve engine, has vindicated Oakland's confidence and has justified the Oakland guarantee. It is today in the hands of many thousands of owners everywhere, performing all kinds of service under all driving conditions and has established records of honest performance without parallel.

The 1923 series of the Oakland Six is the notable result of Oakland's purpose to build the finest "light-six" in the world and to market such a car at a price within reach of the greatest number. Those who decide to spend around a thousand dollars for a motor car, should certainly see the Oaklands of the 1923 series at the Kasino show and the headquarters sales mart.

## TERENCE MacSWINEY COUNCIL MEETING

The regular meeting of the Terence MacSwiney council, A.A.R.R., was held last evening in Eagles hall, 22 Central street. Mr. Michael J. Sharkey presiding. Several new members were admitted and many application blanks taken out. It was announced that the council will meet regularly on the first Sunday of the month in Trades and Labor hall, Central street.

At a meeting of the members of Troupe Fleur de Lys held last evening, it was decided to present a Lohche comedy in the early part of next month. The title of the play is "Le Poudre aux Yeux" and those who will take part are as follows: Mrs. Eva Forsythe, Misses Eva Delude, Irene Tessier, Annette St. George, Lauretta Durand, Messrs. Charles E. Michaud, Jean Tessier, Albert Lachance and Ernest Destremes.

A magnet is a handy accessory in retaining bolts and nuts in inaccessible places.

## Sacramento Rocked By Earthquake

SACRAMENTO, Cal., Jan. 22.—An earthquake, which lasted for several seconds, shook Sacramento and towns in the Sacramento valley early today. At Sacramento, according to N. A. Taylor, meteorologist of the United States weather bureau, the tremor stopped the clock in the weather bureau office. A report received here said the shock damaged a gas tank at Willows, Cal. The quake was felt in Sacramento between 1.05 and 1.08 a. m.

## POLICE AT LOSS TO ESTABLISH MOTIVE FOR DOUBLE MURDER

Unable to Account for Deaths of Mr. and Mrs. McLeish, at Newport, R. I., and Fire That Almost Wiped Out All Signs of Mystery — Investigation Continues

NEWPORT, R. I., Jan. 22.—At a loss to establish a motive, or to find trace of a third person in the house, police authorities here today were admitted to all the sea in their efforts to account for the deaths yesterday of Mr. and Mrs. J. A. Fraser McLeish and the fire that almost wiped out all signs of the mystery. In the little lodge which the victims occupied as caretakers of the estate Harbonyview, Mrs. Paul Fitz Simons of New York, who was Mrs. Eliza French Vanderbilt, owner of the estate, came here from New York with her son, William H. Vanderbilt, immediately after she received word of the tragedy.

## REPORT HUGHES-HARVEY DISAGREEMENT DENIED

WASHINGTON, Jan. 22.—Secretary Hughes received today a copy of a memorandum sent by Ambassador Harvey to the North American Review, denying published reports that he and the secretary are not in accord on important questions of foreign policy. The message sent in response to a query was transmitted from the steamer on which Mr. Harvey is returning to his post. "A radio dispatch conveyed to me the information that reports have been published to the effect that sharp disagreement exists between Secretary Hughes and myself, and that I indicated such a division of opinion while in the United States."

## THREE CHILDREN LOST

Drowned When Boat Capsized—Man Who Was in Charge Held in \$6000

FAIR RIVER, Jan. 22.—John Desrochers of Ocean Grove pleaded not guilty in district court this morning to three charges of manslaughter and was held in the sum of \$6000 for trial on January 30. A rowboat, in charge of Desrochers capsized on Cole's river, Swansea, yesterday afternoon and three children, Corran Bastille, Fred Baid and Emma Bildeau were drowned. Desrochers narrowly escaped death trying to save one of the children. He was held by the police upon his alleged admission that he had been drinking before the accident. Only one body, that of Corran Bastille had been recovered late today.

## PROFITEERING IN COAL INDUSTRY

WASHINGTON, Jan. 22.—The fuel statement that profiteering is being practiced by the coal industry was made by E. R. Wadleigh, federal fuel administrator, in a letter received by Congressman John Jacob Rogers of Lowell, Mass. Mr. Wadleigh declared that he would put a stop to the practice whenever proof was brought to his attention. He emphasized that in most instances action should be taken by the state rather than federal authorities.

which Mrs. McLeish's body was found, partly charred. The body of her husband was discovered in a bath tub. The fact that the legs of the man were partly burned, although the fire did not extend to the bathroom, gave the authorities another conflicting detail, accountable, they said, only on the theory that he was in the burning bed before he went to, or was carried to the bathroom.

## JESSE MURPHY PLACED ON TRIAL FOR MURDER

BOSTON, Jan. 22.—Jesse Murphy, extradited from a Pennsylvania penitentiary as a result of a confession which he subsequently retracted, was placed on trial today for the murder of two chain store managers here in 1917. In each instance another man is under conviction for the crime, Charles Rollins serving a life sentence for the killing of Edwin T. Foley on February 17, 1917, and George Rollins, his brother, availing electrocution for the murder of Orway R. Hall, which occurred four days later.

Depositors who use the Middlesex Safe Deposit Trust Company are enthusiastic about the cordial personal attention they receive.

## Mine Workers in Various Pits Throughout Ruhr Quit by Order of Essen Unions

### CROWELL PLEADS "NOT GUILTY"

War-time Assistant Secretary of War in District of Columbia Court

Counsel Declares Charges Brought Against His Client "Preposterous"

WASHINGTON, Jan. 22.—Benedict Crowell, war-time assistant secretary of war, pleaded "not guilty" in the District of Columbia supreme court today to the indictment recently returned against him and six others here, charging conspiracy in connection with the construction of army camps.

In a public statement issued upon his appearance in court, the former assistant secretary declared he had been given no opportunity to "present the facts" in the case to the grand jury which indicted him, and added that such a procedure, by giving circulation to a "false charge" had constituted a wrong against every American citizen.

Henry L. Stimson, secretary of war in the cabinet of President Taft, appeared as counsel for Mr. Crowell and issued a statement in which he declared the charges brought against his client were "preposterous."

"It would be a sorry precedent," Mr. Stimson added, "if the war work of men like Mr. Crowell were rewarded by suspicion and dishonor."

### TOMASELLO FINED \$500

Supplied Liquor in Nursing Bottles at Recent Boston Dinner

BOSTON, Jan. 22.—Joseph Tomasel, treasurer of the New England Road Builders' association, today withdrew his plea of not guilty and entered one of no contest to the charge of supplying liquor in nursing bottles at the recent dinner of the club in the Hotel Somerset here. He was fined \$500.

### SEVERAL BIG PROPOSITIONS

Council Soon Will Face Question of Limits of Loans This Year

Many Suggestions Made for Important Permanent Improvements

James J. Gallagher, city council president, realizes the importance and need of number of permanent improvements this year that will entail the borrowing of considerable money, but before any propositions are settled, he desires a careful study of all suggestions, along with the amount of money the city can borrow this year and still reduce its general debt.

"The city will be called upon to borrow considerable money this year," he said today, "but we must not borrow more in total than we pay off. That which occurred last year and it is possible to avoid."

Already a number of big propositions have been advanced including a new fire alarm signal system, the acquiring of land in Kirk street for a high school drill area, a new grammar school in the South End district, park and playgrounds in Pawtucket, a new firehouse in the Oakland, and the erection of a combination police, fire and ambulance headquarters on the present Washington Tavern site at Church and Central streets. In addition there must be money for permanent paving.

All these propositions and any others advanced must be considered with the idea of determining just how far the city can go toward assuming obligations concerning them. There will be no council meeting this week, but a special session will be called some evening next week, said Mr. Gallagher today.

### WINTER CARNIVAL PLANS

Success and Scope of Event Largely a Matter of Sufficient Money to Spend

The success of the proposed Winter Carnival at Fort Hill park on Thursday and Friday of this week, largely depends upon the money available and provided by the city park commission, which will discuss the matter thoroughly at a meeting to be held tomorrow evening at 8 o'clock. A committee of the Lowell Ad club, working in conjunction with the department for the success of the proposition, is ready to make the event one of almost limitless activity provided the money to finance it is forthcoming.

A great many winter carnival features have been lined up and can be secured on 24-hour notice as soon as the money is promised in sufficient amount. The complete program, covering both days, will be decided upon Wednesday.

Tentatively, there have been arranged ski and snowshoe races, exhibition ski jumping, snow battles, band concerts and a dance at the Memorial Auditorium on Friday night. A king and queen of the carnival will be crowned Thursday evening, to be picked by judges, who will have their selections largely upon elaborate sport costumes worn.

### STATE OWNED MINES REOPEN

Withdrawal of French Troops Followed by Resumption of Work in State Mines

No News of General R. R. Strike Order, But Only to P. C. of Trains Running

(By the Associated Press) Strikers of miners in the Ruhr valley, called yesterday by the labor conference at Essen, were in progress at the various pits throughout the valley today.

The strikes, complete or partial, were in the privately controlled workings whose directors were arrested by the French last week. Withdrawal of the occupying troops from the state-owned mines properties that had been seized was followed by resumption of mining in these workings although on a scale reported somewhat reduced.

While no news of a general railroad strike order has appeared, Duesseidorf advises report only about 10 per cent. of the trains.

### ALIDE GELINAS DIED ON WAY TO HOSPITAL

Alide Gelinas, aged 31 years, son of Mrs. Josephine Gelinas of 77 Moody street and employed as an operative in a local mill, died in the ambulance early this morning, while on his way to the Lowell Corporation hospital. The body was viewed today by the medical examiner, who stated that death was due to natural causes.

### MEASLES OUTBREAK UNDER CONTROL

No additional cases of influenza and only seven cases of measles have been reported to the board of health since Saturday. Health officials feel the measles outbreak already is under control and that the six influenza cases reported on Saturday, and confined to two families, do not portend an epidemic.

St. John's hospital reported today that James R. McNally, 34, of 42 Lape street, is under treatment there as a result of being bitten by a dog owned by Dr. Lehigh of 129 Fairmount street.

## KASINO IN THORNDIKE STREET SCENE OF LOWELL'S 1923 AUTO SHOW

Opening Picture Enhanced by Brilliant Decorations—Greater Variety of Cars Than at Any Previous Show in This City—Latest Products of Finest Automobile Manufacturing Centers on Exhibition

Lowell's greatest and best automobile show, sponsored by an organization of wideawake Lowell merchants and salesmen representing nearly all lines of modern and popular cars and a world of accessories, opened this afternoon at the Kasino on Thorndike street.

## 20,000 GERMAN WORKERS ORGANIZED ALONG LINES OF FASCISTI

Ready to Oppose the French Occupational Authorities With Force if So Ordered, According to Information Received by the French

DUESSELDORF, Jan. 22.—(By the Associated Press)—The French say they have received information that more than 20,000 workers in the Siemens Gelsenkirchen plant, where 50,000 are employed, have been organized along lines similar to the Italian Fascisti, with legions ready to oppose the occupational authorities, with force, if so ordered. The remainder of these employees, according to the French, are of socialist or communist tendencies and look upon the French occupation, if not with favor at least without antagonism.

## Says Rum Ships Off New York Armed

NEW YORK, Jan. 22.—The rum fleet anchored off the entrance to New York harbor for nearly two weeks carries arms. This was learned today when the liner Orbita made port after losing five hours picking her way through the liquor squadron in the fog. The first inkling that Captain Clarke had that the fleet was lying off this port came at 2 a. m., when he suddenly heard the firing of rifles, ringing of bells and tooting of horns. Once he had to reverse his engines to avoid running down a small vessel directly in his course. Captain Clarke judged from the noise and flares that the fleet was an imposing one, but he only saw two craft at close range.

## Woman Kills Editor and Shoots Self

PARIS, Jan. 22.—(By the Associated Press)—Germaine Berthon, 20-year-old woman anarchist, entered the offices of the Royalist newspaper L'Action Francaise, today and fired two revolver shots, killing Marius Plateau, one of the officers of the paper. She then turned the weapon on herself, and was taken to the hospital with a wound in the breast.

## National Troops Seize Rebel Records

DUBLIN, Jan. 22.—(By the Associated Press)—The staff of the First Southern division of the irregular military forces, together with all its records for the last six months, have been captured by a column of national troops operating from Macroom, County Cork.

## Former U. S. Minister to China Dying

SHANGHAI, Jan. 22.—(By the Associated Press)—Dr. Paul Reinsch, former United States minister to China, is believed to be dying from pneumonia which set in as a complication to encephalitis. He is unconscious. Dr. Reinsch came here from the interior of China, some time ago, suffering from a complete breakdown.

## Naval Appropriation Bill Signed

WASHINGTON, Jan. 22.—The annual naval appropriation bill, which includes a request by congress that President Harding negotiate with the other powers for further limitation of naval armament, was signed today by the president.

Trial of German Leaders Wednesday

MAYENCE, Jan. 22.—(By the Associated Press)—The trial by court martial of Fritz Thyssen and the other industrial leaders arrested in the Ruhr valley who were brought here last week, will be held in this city Wednesday, the French authorities announced.

Three More Executions in Ireland

BELFAST, Jan. 22.—The Dundalk correspondent of the Exchange Telegraph reports that three men, residents of that district, were executed this morning. Official confirmation was lacking at noon today. The despatch says that the men were captured in County Monaghan three weeks ago after the destruction of a bridge.

Quits Franco-German Tribunal

PARIS, Jan. 22.—(By the Associated Press)—The German government has formally ceased participation in the Franco-German arbitration tribunal, because of "the present political circumstances." Notice to this effect was served today as the hearing was about to open in a banking case handled by a Franco-American legal firm.

Demand Expulsion of Jews

VIENNA, Jan. 22.—(By the Associated Press)—Expulsion of the Jews was openly advocated at a demonstration held yesterday before the city hall. Speakers asserted that efforts to regenerate the German people would not succeed until the Jews were ousted from the dominant positions in economic life, art, the stage and the press. A heavy police guard was

Sun Yat-Sen Going to Canton

SHANGHAI, Jan. 22.—(By the Associated Press)—Sun Yat-Sen, ex-president of the Southern Republic, announced today that he would leave next Saturday for Canton, his former capital. Both foreign and Chinese interests have been urging him to go there to restore order. His adherents took the city from Peking nationalists last Wednesday.

No Bituminous Mine Strike This Year

NEW YORK, Jan. 22.—Phil H. Penna, Indiana operator, issued a statement in which he renewed assurances of his fellow operators that there would be no strike in the bituminous industry this year, when the joint sub-committee of bituminous operators and union miners today resumed their discussions of 1923 wage scales, to become effective April 1. John L. Lewis, president of the United Mine Workers of America, was equally optimistic.

Veteran of Three Wars Dies at 98

OTTAWA, Jan. 22.—John McDermott, veteran of the Crimean war, Egyptian campaign, the Civil war in the United States and the Riel rebellion, died here yesterday at the age of 98.

Fall River Man Honored by Portugal

LISBON, Jan. 22.—The Portuguese government has conferred the Order of Christ upon Henry Rosa of Fall River, Mass., for services rendered in behalf of the country.

UNION OF LOCAL BAPTIST CHURCHES

The union of the Paige Street Free Baptist and the Worthen Street Baptist churches is now practically assured. The members of the latter church are agreed upon the plan, having held a meeting recently to consider the proposition. This committee will handle the details for the Worthen Street church: C. O. Lembetter, chairman; George S. Drew, Dr. J. Y. Rodger, Warren A. Brown and Roger Hard. When the consolidation is made official, worship will be conducted in the Paige Street church, that being the most central location. The Paige Street Free Baptist church was organized August 16, 1833, with 20 members. The first church was located on Marlborough street at the head of Central. On Feb. 1, 1851, the present structure was dedicated. At the present time the church is without a pastor. The Worthen Street Baptist church was organized Sept. 2, 1831. The present structure was built at a cost of \$10,000 and was dedicated Feb. 26, 1850. Rev. Judson Setzer is the present pastor.

Jack Daw on Icicle Isle. Chapter 11

"Wasn't that a terrible thing," shouted one of the snow men. "That's the first time the sun has come out over Snow Village in a long time." And then the snow men discovered that one of their number had partly melted away. "Oh, what can we do for this poor fellow?" a snow man asked Jack.

"Oh," replied Jack, "I'll fix him up for you in a hurry. Just you all sit down in a circle and watch how easy it is." And as the snow men squatted down on the ground Jack started to work. He planned to build the snow man up just as he had made snow men many, many times before.

First Jack rolled up a ball of snow and made this into a new pair of snow man legs. These fitted fine. Then he rolled another ball and made the snow man a whole new head. He used his finger to make a pair of eyes, a nose and a mouth. The snow man smiled as his mouth was finished. (Continued.)

Falls to Death Down Elevator Shaft

HAMILTON, Ont., Jan. 22.—James Wagstaffe, head of Wagstaffe's Limited, jam manufacturers, fell to death today down the elevator shaft in the company's factory.

INCREASE IN BUILDING PERMITS IN 1922

(Special to The Sun)

STATE HOUSE, Boston, Jan. 22.—Applications for building permits representing an aggregate value of \$140,195,753, were filed in thirty-five Massachusetts cities during last year, the department of labor and industries reports.

This was an increase of \$63,930,365 or 83.3 per cent over the aggregate of 1921, which was \$76,665,448.

The aggregate for last December was \$1,100,898, showing an increase of \$1,242,235, or 20.9 per cent when compared with the aggregate for December, 1921, which was \$5,848,663.

These figures, according to the department, indicate that prospective building is still at a high point.

"While much of the work for which applications were filed for permits to build during the year has been either begun or completed, there yet remains much promise of an active building program in the spring," the report says.

"The reports to this office show that new building constituted about 85 per cent of the total value reported, and very little work other than alterations and repairs can be undertaken until weather conditions permit of outside work."

The city of Lowell showed an aggregate value of \$89,625 for December, 1922, as compared with \$67,300 for December, 1921.

TOLD STORIES OF TWO OPERAS

Stories of two operas, Humperdinck's "Hansel and Gretel" and Massenet's "Le Jongleur de Notre Dame," were told by Maxine Hubbard at the supplementary Parker fund entertainment yesterday afternoon in the Cyrus W. Irish auditorium at the high school. The hall was more than two-thirds full and it was an audience that followed the operettines with close attention and interest. Mr. Hubbard is no stranger in Lowell as he has appeared here previously at the Middlesex Women's club and with the Boston Opera Co. for which he was publicity manager for a number of years. Previous to that time he was musical editor of the Chicago Tribune.

Not only did Mr. Hubbard explain the origin of both operas, but told the story of the composition in each case, with piano music by Edgar Bowman to enhance and vivify the description.

RECITALS BY PUPILS OF MR. AND MRS. BIRON

The pupils of Mr. and Mrs. E. N. Biron gave the first of a series of informal recitals at the home of their instructors, 10 Robbins street, yesterday afternoon. A very interesting program was given by the pupils and Mr. Alex Besunder assisted in the entertainment with several very pleasing vocal selections. The pupils taking part were as follows: Leo Booth, Harold Sutcliffe, Mendel Shapiro, Lillian Weiss, Lorenzo Delisle, Dorcia Goodwin, Gilbert Cole, Sarah Shnyr, Alice Arsenault, Catherine Dolan, Ruth Kotzen, Annie Freedman and Isabel Knutwistle.

Question Men on Burning of Bridges

LITTLE ROCK, Ark., Jan. 22.—Several witnesses from Harrison, Ark., and other points along the line of the Missouri and North Arkansas railway today were called before a joint commission of the Arkansas general assembly appointed last week following disorders in which one man was lynched. It is understood that among the persons to be questioned by the committee are "Red" Orr and L. A. Wise, who last week were said to have confessed to taking part in burning of railway bridges.

Joannides and Seven Others Hanged

ATHENS, Jan. 22.—The execution of Thomas Joannides, for 10 years a representative in the Near East of large American milling concerns, is reported in messages from Smyrna. Joannides is said to have been hanged by the Turks with seven prominent Greeks after being convicted of giving money to Greek patriotic societies in Smyrna. American official and unofficial agencies have been making urgent appeals to the Turks in Joannides' behalf for the past fortnight.

English Co. Pays \$1,000,000 for Coal Fields

ST. JOHN'S, N. F., Jan. 22.—Sale of St. George's coal fields on the west coast of Newfoundland is reported by the Evening Advocate which says today that an English company has bought the property for \$1,000,000. The terms were part cash and the balance secured by 8 per cent bonds of the company, the paper says.

SAY "BAYER" when you buy Aspirin

Unless you see the name "Bayer" on package of tablets you are not getting the genuine Bayer product prescribed by physicians over 22 years and beloved safe by millions for colds, headache, toothache, earache, neuralgia, mark of Bayer Manufacture of Monachium, rheumatism, neuritis, and for acetacidemia of Salicylicacid.—Adv.

Instant relief. Don't stay stuffed and third doses usually break up the cold completely and end all grumpy misery. "Pape's Cold Compound" every two hours until three doses are taken. The first dose opens clogged-up nostrils and affords passage of head stops nose running; relieves headache, dizziness, feverishness, sneezing. The second

DR. TRUE'S ELIXIR HAS BEEN USED FOR OVER SEVENTY YEARS

Mrs. William Rogers

Our Early Ancestors Turned to Nature for Pleasant Relief.

From herbs, barks, roots and leaves blessed with laxative properties, they prepared a pleasant, effective extract. Such a remedy as our forefathers made is Dr. True's Elixir, the True Family Laxative and Worm Expeller. Prescribed for his patients originally seventy-two years ago by Dr. J. F. True, a conscientious Maine country doctor, it has become a household favorite. Contains extracts of imported herbs of strictly pure quality that purify the bowels as they cleanse. Used for over 70 years.

Mrs. Rogers of 108 Falcon St., East Boston, writes: "I still have Dr. True's Elixir, for it surely benefits me; I have a good appetite and eat everything that I want. I could not get along as good as I do if I did not take Dr. True's Elixir. It is surely a wonderful medicine. I never felt any better than now since I took the Elixir."

"As you have been a God-send to me, that is a friend in need is a friend indeed—I will write and tell you about the value of your medicine—Dr. True's Elixir. Believe me, it helped me. I eat everything that comes along; no more diet. I even tried raw onions for a test. Is that not luck after nine long years of only milk and eggs? Mrs. J. E." (Nuttley, N. J.)

A well-known New Yorker writes: "While visiting historic old Plymouth, (Mass.) my family became acquainted with your Dr. True's Elixir, the True Family Laxative. It does all you claim for it in aiding digestion and relieving insomnia and constipation. Please ship me six large size bottles, for mother is in need of it."—Wm. I. Ralph.

FROM CHILDHOOD TO OLD AGE

Thousands have used Dr. True's Elixir and it gave them proper relief when the stomach was disordered, the bowels sluggish or there was evidence of worms. For over "Three Score Years and Ten" it has been a dependable laxative. Why should you endanger your system with new experiments when such a reliable, time-tested laxative is obtainable. When you use Dr. True's Elixir you soon learn to appreciate how thoroughly it cleanses the intestinal tract and as a result how buoyant and enlivened you become.

Mrs. Elizabeth Clark of Springer St., South Boston, writes: "I have used Dr. True's Elixir, the True Family Laxative, and it has aided me very much in regard to constipation. There is no laxative that could come up to it."

Mrs. F. E. Smith, 112 Huntington Ave., Boston, writes: "I have been taking Dr. True's Elixir the True Family Laxative for constipation and find it to be more effective than anything I have ever used."

Mrs. P. I. Curtis, of Natick, R. I., says: "Dr. True's Elixir, the True Family Laxative, is the best family medicine we could get; I have always got relieved from indigestion."

DR. TRUE'S ELIXIR

THE TRUE FAMILY LAXATIVE AND WORM EXPELLER—40c—60c and \$1.20.

FRENCH TROOPS IN MEMEL

These French troops, defeated after bitter hand-to-hand fighting in the streets of Memel, have been governing the city under a League of Nations decree. The "Iron-Wolf Corps," composed of German-Lithuanian irregulars, drove them from the city.

HEARING ON PETITION OF HUGH McOSKER

The house committee on ethics tomorrow will give a hearing on the petition of Hugh C. McOsker, chairman of the Lowell election commission, for the establishment of a board to list the voters of the city. According to the proposed measure, such a board would be composed of the chief of police and the members of the election commission. Under its provisions it would make up a complete voting list beginning the first week in April of each year and thus take over work now being done by assistant assessors appointed by the assessing department. The bill also provides for daily registration, instead of periodical sessions now the custom. With its passage, members of the election commission would be fixed by the city council, with an increase over the present compensation to correspond with the added duties.

FOURTH IN SERIES OF TEN LECTURES

The fourth of a series of 10 lectures on the theme of Personal Development through Self-Expression, was given this afternoon at the Normal school by Edwin A. Headley, who chose for his subject "How I learned to Draw." The lecture was held in the school auditorium, about 200 pupils being present. It was announced that the next of this series of lectures would be held Wednesday at 1 p. m., not at 2.15 as previously scheduled. The subject of the lecture will be "The Habit of Good English," and the lecturer Mr. Hugh J. Molloy, superintendent of schools. It was also announced that the luncheon for the debating league and the guests at the debate will be held next Wednesday at noon, and as Mr. Molloy was one of the guests at the debate it was decided to hold the lecture immediately after the luncheon.

INCOME TAX RETURNS

Methods Explained in University Extension Course

Lowell residents are invited to attend the first meeting of the university extension course in methods of making income tax returns which the state department of education has scheduled to open at the Lawrence Y.M.C.A. on Tuesday evening, January 23, at 7.30 o'clock. It has been found impossible to offer a course in this subject in every city of the state. Certain centers have been selected, therefore, for the offering of this course. John F. Drury of Boston, an attorney and certified public accountant, has been designated by the state as the instructor of the course. Mr. Drury is also the lecturer in a similar class which recently opened at Sever Hall, Harvard university, with an enrollment of two hundred members. The text material for the course includes all the recent revisions. In the eight lessons of the course Mr. Drury will take up tax returns as applied to federal and state income tax procedure in a thoroughly practical manner. The practical and accurate way of making out returns will be explained. Many attorneys, accountants and persons interested in making tax returns for corporations have already filed applications for the course. Numerous practical problems are assigned throughout the course and opportunity is offered for individual discussion. The course is open for enrollment to residents of Worcester and vicinity also. Interested persons may enroll at first meeting of the class at the above high school on Monday evening, January 6.

TRAFFIC DELAYED IN FIRST STREET

Many tons of gravel, mud and loam slid down the slope of the high embankment on First street and effectively blocked the street railway line about 1 o'clock yesterday afternoon. Service on the Lawrence line was then up about one hour. Cars were operated from both sides of the slide, passengers being transferred. Two horse scrapers, a plow and 12 men were used to clear away the dirt and stones. The slide occurred at a bend on the Lowell side of the old Draught car barn and about 100 yards of the high bank were opened up. Further slides may occur, it is believed, when the frost begins to come out of the bank.

O. M. I. CADETS TO HOLD REUNION

The O.M.I. Cadets will hold a reunion at Y.M.C.I. hall next Wednesday evening at 7.30. Cadets of the past as well as those of the present are invited to attend and it is hoped that there will be a large attendance. Colonel William Horgan, now a member of the Cadets' advisory council, was the recipient of a vote of thanks at the last meeting for his efficient work while in charge of the encampments last summer.

MRS. LOUISE ALLEN, beautiful New York City matron, who declares Tanlac is responsible for her youthful appearance and splendid health.

"No more will I be cheated out of the good things to eat, for I have taken Tanlac and my digestion is good as ever," declared Mrs. Louise Allen, wife of a well-known jeweler, who resides at 2314 Valentine Ave., Bronx, N. Y. "For three years I suffered terribly from stomach trouble and could hardly eat a thing that did not disagree with me. The pains I went through were awful. I could not sleep and was so run-down I lost twenty-two pounds. "But with the help of Tanlac I have been built back to splendid health. I feel like a new woman, younger and never tire of traveling. The medicine that has given me such wonderful results."

MATHEWS' "MUSICAL MINSTREL WHIRL"

Even the most casual survey of the program arranged for the Mathews' "Musical Minstrel Whirl" reveals the fact that an extraordinary array of talent has been secured for its presentation. Lowell's best entertainers have given liberally their time and effort to the production, and with that intangible director, "Dacker" Thornton, to point the way to an unprecedented success, have accomplished wonders in the few weeks the show has been in preparation. Charles Clancy, "Gene" Mullin, Geo. Sullivan, Charles J. Keyes and Ed. "Tip" Handley, form as lively a set of blackface comedians as could be found in any city. "Charley" Clancy is one of the best dancing comedians ever seen on an amateur stage. "Gene" Mullin's inexhaustible store of wit never fails to convulse an audience. George Sullivan can put over a comic song in irresistible style, and his so-called dancing is a scream. Any old song sounds like a winner when sung by "Charley" Keyes, who has a wonderful knack of picking the songs the public wants to hear. "Tip" Handley always keeps the crowd in good humor with his comical antics, and his singing and dancing continue to keep him in his well-earned position among the city's best comedians.

As ballad singer, the program contains the names of Mrs. Rutha (McNamara) Tobin, Miss Sadie Sheehan, Miss Madeline McLaughlin, Miss Ethel Santos, Miss Grace Moran, Edward F. Donahue and Raymond Kelly. Mrs. Tobin was heard in good advantage in the Mathews' Irish concert last March, and undoubtedly will score another hit on Thursday evening. Miss Sheehan is an old favorite with Mathew audiences, and a splendid reputation is assured her. Miss McLaughlin possesses a singularly sweet voice, and the songs she has chosen are remarkably good. Great things are expected of Miss Santos and Miss Moran, two newcomers to the local footlights. Both give evidence of excellent training and unlimited talent. The male singers are so well known as to render comment superfluous. They are masters. The specialty numbers, in most of which dancing is featured, are in particularly capable hands. The famous Dion sisters will have a large part in the program. Miss Lena Dion, assisted by her brother, will present an extremely humorous Bowery specialty. Miss Mary Dion will lead an excellent sketch, and her singing and dancing will be a feature of the show. Mrs. Paul J. Angelo, formerly Miss Alice Dion, has an engaging specialty well suited to her superior talent. Duets selections by Mrs. Angelo and Miss Bortha Dion will form an added attraction. Miss Dorothy Nolan, one of Lowell's most charming singers, will be seen leading two strong features. Miss Mabel Hogan makes her debut as a singing and dancing comedienne, and promises to hold her own with the best. The Dextre sisters are the latest favorite juvenile entertainers. They present a song and dance skit of rare excellence. Timothy J. Finnegan, popular soloist, is leading one of the prettiest specialties on the program, and is in excellent voice. "Jerry" Langley, well known entertainer, is also a specialty lead, and is certain to win favor. Paul J. Angelo, as accompanist, fills a difficult role in most expyric manner, and John W. Sharkey, as inter-locutor presides as skillfully as in the past.

"HOW ARE YOU FEELING TODAY?"

YOU can answer, "I'm feeling fine, thank you," if you keep your blood pure and your system toned up so that the germs which cause those heavy colds and other winter ills will be powerless to attack you. Gude's Pepto-Mangan, that famous old tonic and blood enricher, will fortify your system and give you strength to withstand the chilling blasts and sudden changes of winter. Your druggist has it, in both liquid and tablet form.

W. S. QUINBY CO.—BOSTON, CHICAGO.  
**"IT'S THE FLAVOR"**

**Of All the Numerous Ideas Tried Out For Gaining and Keeping Customers**

Nothing has ever succeeded like quality merchandise at a fair price all the time. Not only do we keep our old customers, but they seem to take pleasure in recommending this store to their acquaintances. So this store grows in good will until it has become like one great big family. Why not come in and belong? You will feel at home the first day and the chances are that you and your children will make this their furniture store all the days of their lives. It is the gratifying thing in this store that the grandchildren of our first customers are buying their furniture here.

You get a splendid assortment of Furniture, Rugs and Linoleum to select from. You get exclusive and superior ranges—"THE CRAWFORD."

You get a splendid assortment of Furrice from a Kitchen Chair to a Parlor Suite. You get easy terms of payment, if you desire, or a liberal discount if you pay cash. All told, those who trade here find it a very satisfactory place.

The program is arranged as follows: Overture by orchestra; song by Fred J. Cummings; whistling solo by William Carr; song specially by Raymond Tully and Lillian Fox; dancing specialty by Doris Conley; songs by George Carr; dancing specialty by the Devine sisters; tenor solo by George Herbert; Henry Fox Four; Harvey, tenor, Lyons, second tenor; Gleason, baritone; Hinxley, bass.

## FIRE ALARM SYSTEM ON THE BLINK AGAIN

No fourth of July bell ringing celebration ever put on such a clanging and weird demonstration as the local fire alarm system did last night when crossed wires sent lower bells and traffic gongs off on a wild, fantastic symphony of meaningless sound.

It was just another failure of the alarm system, which function properly and stressed the unreliability and danger of it. An attempt was made to send in an alarm from Box 121 and the system went bad immediately. Rounds of this box were followed by a series of strokes that totalled 30 before hesitating and this variation was followed by intermittent strokes for nearly 20 minutes.

Scores of telephone calls were flashed on the switchboard at fire department headquarters, requesting information about the causes of the bells. Sleep for those who had sought rest early was out of the question and it seemed as though the entire city was aroused.

## EXAMINATION FOR GARAGE MEN

The United States civil service commission today announces an open competitive examination for motor vehicle garagemen in the postal service, to be held in Lowell, Feb. 16. The salary ranges from \$1,200 to \$1,500 per annum. Vacancies in this service will be filled as a result of this examination, and other positions requiring similar qualifications at these or lower salaries will be filled unless it is found in the interest of the service to fill any vacancy by reinstatement, transfer or promotion. Applicants should at once apply for form 1500, giving the exact title of the examination, to the secretary of the civil service board at the Lowell postoffice.

## NOMINATION PAPERS

The time limit for the filing of nomination papers by candidates for the various town offices in Chelmsford, has been set as 5 p. m. Thursday, Jan. 25. Several papers for various offices have been taken out, but there still remains a vacancy on the board of health.

## MENTHO-LAXENE STOPS COUGHING

Protect your child. Save every member of the family. Home-mixed Mentho-Laxene cough syrup is almost magical in the quick relief afforded of fresh colds, coughs, bronchitis, hoarseness and other cold troubles. Use it, and cold inflammation vanishes with all the distressing

symptoms. Guaranteed most economical and most satisfactory. Millions of bottles used. A regular bottle of the Mentho-Laxene mixed with sugar syrup makes a full pint of the sweetest cough syrup. It is so easy to use that it can be given to the youngest child. Full directions on each bottle. Sold by druggists.—Adv.

## NO PAYMENT IN TERRITORY

President Harding has intimated that he will not consider payment of the war loans to Europe by the cession of any islands or territory to the United States. The president in this has only followed the fixed policy of the United States against seeking additional territory. This was manifested at the close of the World War when the colonies of Germany and other powers were parcelled out among the allies. The United States made no claim for any part of these spoils of war. They were given out under the dignified name of "mandates" and it was supposed that they would simply be placed under temporary control of the powers accepting them and that this control might be terminated at any time. It appears now, however, that these theories, so far as they apply to the mandates, have been unfounded. The powers that have taken charge of the colonies formerly controlled by Germany, are dealing with them in every respect as colonial possessions.

The United States is fully justified in refusing to cancel its loans to the allied powers and although none of these powers has offered to cede territory in payment of the loans, the matter has been proposed and rather widely discussed in the press on both sides of the Atlantic. The unofficial expression of opinion emanating from the White House, will set the matter at rest so that the war loans will be paid in cash, if at all. As to the time of payment the United States government will undoubtedly be generous in setting the limit so far ahead that the debtor nations will have ample time to recuperate before being called upon to pay the principal.

There has been some disagreement with the English commission that recently visited the United States for the purpose of arriving at an acceptable method of refunding the loans. The commission goes home without having concluded an agreement with the government at Washington. The obstacle in the way is not made public; but it is unofficially announced that the Washington authorities were unwilling to cut down the rate of interest to the extent desired by the British commission. The negotiations, however, are not concluded and it is, therefore, expected that a satisfactory agreement will finally be reached.

## SUPERINTENDENT OF POLICE

The bill now before the legislature providing that the office of police superintendent of Lowell shall be placed under civil service rules, if passed, might establish a very troublesome precedent. Of course, Supt. Atkinson is recognized as a very capable official, but if his office were placed under the civil service, then with equal right might the chief of the fire department and other heads of departments seek a like privilege.

It is desirable that heads of departments shall have some security against political opposition; but if they are to be placed under the civil service, then they may become so independent or so careless that they may defy criticism while pursuing a course opposed to public policy. Besides, to place the heads of departments under civil service would be reverting to the conditions that prevailed under the commission form of government which we recently discarded. It would seem that if the superintendent of police gives a fairly satisfactory administration of his department, there will be no desire to retire him in favor of somebody else.

It is true, that the lightning changes, removals and reinstatements that characterized the administration of last year, may have caused the superintendent of police to feel a little insecure in his position; but there is now a new order of things at city hall and it is the hope of our citizens that the old continuous battle for the leaves and fishes will never return. We believe the best interests of the city call for the defeat of this bill. We have had considerable trouble and litigation over the removal of officials who hold office under civil service rules. It is almost impossible to dislodge them; and every such official may be regarded as having a guarantee of life tenure of office unless he commits murder or some other serious crime. It is customary not to have the administrative officials under the civil service and it would seem best to allow conditions in this respect remain unchanged.

It may not be generally known that if an official is transferred from the classified list, same as Supt. Atkinson or Mayor Urquhart, can secure reinstatement within a year after leaving the unclassified service. That should offer all the protection needed by any department head who surrendered a civil service job to accept a more responsible position controlled by the city council.

## WOMEN AS OFFICE-HOLDERS

Miss Alice Robertson, former member of congress, is authority for the statement that few women are fitted to hold public office and that none of her sex is yet prepared to hold the office of governor or that of a cabinet official. Miss Robertson has been very candid in her statements on every question she has discussed in public; and she has shown considerable common-sense during her period of service in congress. These statements recently made before a cosmopolitan audience, have brought down upon her head much criticism by women's societies, but it is a fact that few women have had the experience or the political training necessary to enable them to fill the office of governor or administer the duties of a cabinet official with the necessary ability. Mrs. John Jacob Rogers, who is evidently a close observer, has made the statement in Washington that the chief

thing needed by women is political education. That might naturally be expected for the reason that until quite recently women have given but little thought to politics. It takes a number of years to acquire the familiarity with political questions necessary to equip a candidate of either sex for a high political office. When, however, it is stated that women are not competent to hold such offices, it may be said with equal justice that a vast majority of the male sex are equally unfit to administer these high political offices. If it is meant that the governor is to be able to direct the affairs of state with a high degree of skill and foresight, then we have few men qualified for the position. But if it is a mere matter of drawing the salary the matter of sex is immaterial.

Miss Robertson is evidently not in accord with the women of the national organization who claim that their sex has a right to equal standing in reference to all offices not only in politics but also in religion. They claim that they should be appointed to the ministry on an equal footing with men. Such claims, however, are not likely to be taken seriously, at least in this generation.

## THE LAWRENCE TRAGEDY

If that three decker in which eight persons were burned to death Saturday had been equipped with proper fire escapes, the holocaust might not have occurred. There is here a lesson for other cities. The question arises whether such a thing could happen in Lowell. The Lawrence fire was on Elm street. Elm street in this city has a line of big tenement blocks, several of them three deckers, and they are all densely tenanted. On that street as on several others that might be mentioned, there are serious fire menaces; but we believe most of them are provided with fire escapes. The Lawrence tragedy might have been averted if the fire spent fifteen minutes looking for the alarm box. This shows the necessity of having all our people familiar with the location of the fire alarm boxes. Everybody should know at least the location and the number of the box nearest to where he or she resides. This knowledge may prevent delay in ringing an alarm and prevent also such dire consequences as shooked the city of Lawrence on Saturday morning.

## PROPHETIC

London Daily Mail prints the first photograph sent by wireless in England. The Mail is quite excited. It calls the photo a "great scientific achievement, after 50 years of experimenting." This is a correct description. We are close to the day when pictures of the most important events will be wireless and printed in every newspaper of importance.

You cannot get much closer to the supernatural on this side of the grave, than by sending a photo or the spoken word by radio. However, we live in an age of magic of wonders crowding wonders, and the average comment will be: "Wonder why some one hasn't been able to do it before."

The world is learning how much is possible that has heretofore been regarded as impossible.

## COLLEGE COURSES

President Lowell of Harvard thinks that students should enter college at the age of 17 so that they might be graduated at 21 instead of 25, as at present. To do this the student would have to make more progress in the grammar schools and do more effective study in the high school. In the city of Lawrence the college course in the high school has been finished in three years, whereas in our high school it has taken four years. President Lowell thinks that it should not be difficult to have students who intend to go to college to make the high school preparation in three years. Such a change is highly desirable and the school department of every city should make an effort to carry it out. It would mean a saving of at least one year and for some students two years.

## FIRE LOSS

The national fire loss last year was nearly 411 million dollars. It was the greatest in the history of the country except that of 1905, when the San Francisco fire swelled the total. It is probable that half of these fires were due to carelessness. However, the recorded fire loss was less than \$1 for every American man, woman and child. Don't let it tell you into carelessness, or your share may be a lot larger this year.

The attempt to open the snow-clogged gutters and keep the openings clear, is an undertaking that calls for arduous work, and almost daily attention in many parts of the city, but it is work that is necessary and is being well done so far as we have noticed.

While the European powers are maintaining military armaments and preparing for future war, they need not expect any aid from the United States.

Talk of \$200,000 for a new fire alarm system is wild. The job can be well done for less. It is not necessary to seize expensive property to clear a site.

Still the weather man may co-operate in promoting the winter carnival.

Immediate steps must be taken to make the fire alarm system reliable even temporarily.

Fortunately the heavy snow seems to be going gently so that no great freshet is threatened.

## SEEN AND HEARD

Thinking you can do anything is usually correct.  
Where you started never matters as much as where you end.

Seven billion rubles are missing from Russia's treasury, but none of our congressmen have been out of America.

## A Thought

Man's chief wisdom consists in being sensible of his follies.—Rochefoucauld.

If you want to make us all happy at our house and "Buster" lie is a little snow-white Spitz with black eyes that bespeak the kindly little heart of him. He stayed away a few days ago and was collarless at the time. Any information concerning him will be gratefully received by a sorrowing household. Send word to 73 Fletcher street or telephone 858-W.

## Big Success Anyway

The minister, taking a walk early in the morning, found one of his parishioners lying peacefully in a dry ditch. "An' where have you been, Andrew?" demanded the good man sternly. "Well, I durn richly ken," answered the prostrate one, "it might ha' been a weddin' or it might ha' been a funeral—but whichever it might ha' been, it was a mist extraordinary success."

## Fock's Witty Reply

While on his recent visit to this country, Marshal Fock made a witty reply to a man who, when one of the guests at a dinner party in Denver, given by a party of Americans, took exception to French politeness. "There is nothing in it but wind," he said with questionable taste. "Neither is there anything but wind in a pneumonia," he retorted, the gallant marshal, "yet it cures the joints along life's highway wonderfully."

## Brown's Hard Luck

Jones met Brown looking very disconsolate and asked what caused his gloomy look. Brown replied in emphatic terms. He had had heavy losses betting on the races, and his partner had scooted with all the money and his family was likely to go without food. "Never mind, old man," said Jones. "Come over to my house in the morning and I'll give you a good fat hen." Next morning Brown called and when Mrs. Jones answered the bell he explained that Jones had promised him a fowl if he would come after it. "O," said Mrs. Jones, "what a pity! You can't have it now. It's got well."

## Some Deal, Well Say

A real estate man was plainly worried and his wife asked him to tell her about the deal. It seems he had fixed up to sell a man a loft building, a marble yard with dock privileges, a factory site and a summer garden, taking in part payment a block of frame tenements, a small subdivision, an abandoned hotel and a farm. "He assumes a \$20,000 mortgage on the loft building," explained the real estate man, "and I take over a second mortgage of \$17,000 on the subdivision. Get me?" "I guess I get you," responded his wife. "But what's the deal, about?" "Well, I want \$1 in cash."

## Quick-Witted Traveler

Not long ago a traveling salesman saved his employers from sustaining a serious loss by his presence of mind. He was traveling for a London firm of diamond merchants and his business took him to a town in Yorkshire. He called at a drink and when he left he forgot his bag, containing some thousands of pounds' worth of precious stones. On discovering his loss he returned, but the barman declared he had not seen the bag. "I would not have lost it for worlds," said the traveler. "I am a surgeon and that bag contained cholera." "White and trembling," the barman pointed to the bag, which he had secreted behind the counter and he was removed at once by the quick-witted traveler.

## Caged

Little bird with prisoned wing, Where the casement shadows lie, Dreaming with your golden eye Of the green trees and the Spring, I can hear you where you sing To the sunbeam on the wall, Where the casement shadows fall, Little, yearning yellow thing!

Passing thrice with weary feet, Dreaming in the city clay Of the lamb and leaves of May Where the casement shadows are sweet, In your pensive, grey retreat, I have mourned your fettered flight, And your longing, little light Where the heavy curtains meet!

Little bird with prisoned wing, Where the casement shadows lie, Dreaming with your golden eye Of the green trees and the Spring, I can hear you where you sing To the sunbeam on the wall, Where the casement shadows fall, Little, yearning yellow thing!

—MARY MORRISON WEBSTER.

## MAN ABOUT TOWN

There has been considerable agitation in the newspapers in regard to the clearing of roofs of snow and ice so that the lives of people passing underneath will not be endangered. The necessity of such warning was brought forcibly to mind Friday afternoon when a large amount of snow fell from one of the turret roofs over the Merrimack street entrance to city hall and crashed on the stairs leading up to the building. Luckily, there was no one on the steps at the time or they would certainly have been hurt.

Judging by the large attendance at the benefit boxing bouts in the Massachusetts Mills last Friday evening, Johnny Boyle, the veteran local ring-master, must be a very popular individual in this city. Johnny sustained a severe injury to his arm while at work some time ago and I am told, was up against it. And then John Chiswick and other Mass. A. A. officials were appealed to and came to the conclusion that the best way to show their appreciation of the old-time gladiator was to help him out financially by conducting a benefit boxing tournament. That Johnny profited immensely, thereby, was attested to by the capacity gathering of fans in the club rooms Friday evening. Such affairs are always worthy of commendation, and the Mass. boys are to be congratulated for their action.

With the resumption of track athletics at the high school, may we not hope to see a repetition of the enthusiastic contests of years gone by. I like the track meet, because it has all the thrills of sport, and all the evils too for that matter. I am told that Coach Haggerty at the high school has several stars in embryo which he hopes to develop ere the season closes. Lowell has always produced one or more track athletes of intercollegiate prominence, and present indications point to the

fact that this year will prove no exception to the rule. Saturday night's meet with the annual was replete with excitement from the first report of the gun and can be taken as a criterion of the calibre of all future meets.

The Middlesex Safe Deposit and Trust Company has issued an ingenious ring arrangement attached to a metal disk in the form of a small medal and bearing the name of the company and a number with the inscription on the obverse side "If lost or found return to address on other side." The number serves the purpose of identification. The scheme offers security against loss of a bunch of keys, something that proves highly annoying and at times a source of loss unless the finder has some means of ascertaining the address of the owner. This little device, if used, will supply the information.

## ALUMNAE ASSOCIATION

Many Members of Notre

Dame Alumnae Association

## Attend Annual Tea

The Notre Dame Alumnae association held its annual tea at the academy yesterday afternoon and many members were present from Lowell, Boston, Lawrence, Cambridge, Newburyport and other surrounding cities and towns. Among the speakers of the afternoon were Rev. Augustine J. Hickey, supervisor of the diocesan schools, who spoke on "Catholic Education," and Rev. James A. Supple, D.D., of St. Patrick's church, who gave a very interesting account of the life of Cardinal Newman.

Ten was served at the conclusion of the lectures by Miss Annie Donovan and Miss Rosa Joyce. The ushers were: Mrs. John J. Sullivan, chairman, assisted by the Misses Helen Crowley, Ethel Forthick, Catherine Haggerty, Kate Holmes, Irene Lawler, Louise Mahoney, Lillian McKenna, Louise McOsker, Angela O'Brien, Leona Spellman, Nellie Sullivan, Alice Sullivan, Estelle Coffey and Mary Coffey.

Mrs. John L. Keyes presided. The meeting was brought to a close with benediction of the Blessed Sacrament at 5 o'clock. Rev. Dr. Supple officiating. Miss Anna J. Davine, president, had general charge of the affair.

## THE APPLETON COMPANY

Appleton Company Reports

\$3,500,000 Surplus—\$2,-

000,000 for Southern Mill

The Appleton company has just a cool \$2,000,000 set aside for its new southern cotton mill—when the company gets ready to build it.

The fact is revealed in its annual financial statement, just issued.

The Appleton company's annual statement of its financial condition, filed with the Massachusetts commissioner of corporations Friday, shows a surplus of \$2,572,135 for the fiscal year ended Oct. 31, 1922.

The statement, in official summaries, is as follows:

Assets—Real estate, \$1,152,120; machinery, \$900,132; merchandise, \$1,513,301; notes, \$20,000; accounts receivable, \$955,279; cash, \$1,201,536; securities, \$475,000; deferred charges, \$62,030; interest receivable, \$7,636; total, \$6,547,691.

Liabilities—Capital stock, \$600,000; reserve (southern) mill, \$200,000; general reserve, \$537,060; surplus, \$2,572,135; reserve for taxes, \$477,572; total, \$6,517,629.

Extensive plans on the part of several prominent northern textile interests, including the Merrimack Manufacturing company, to educate southern mill workers and "improve their qualifications," as the announcement puts it, were revealed today in dispatches from "Merrimack, Alabama," as the local textile corporation's new southern mill town is called on the official textile calendars.

A special type of traveling bus already been given to southern mill workers at Merrimack, West Huntsville and Dallas villages. It is particularly useful, millmen say, to men who desire to become expert weavers and spinners. In other words, the northern corporation executives opening new mills in southern territories, are laying out considerable money to educate "uneducated" southern men, women and children, so they will be able to work in the southern-built mills at wage prices below those paid in the north for similar work, friends of northern labor aver.

Northern wage earners say that it must be quite an expensive proposition for the millmen.

The story of the efforts of the Merrimack and other corporations to "educate" the southern mill workers in the West Huntsville and "Merrimack" section of Alabama states that teachers are selected from among experts in the mills for the departments in which they are to give instruction. The work is being done under the supervision of both the county board of education and the federal government, but part of the expense is met first by the payment of one-fourth tuition by the pupils.

# "The Third Alarm" is a Romance of Fire Fighting

ELLA HALL AND JOHNNIE WALKER IN A SCENE FROM "THE THIRD ALARM."

By JAMES W. DEAN  
NEW YORK, Jan. 22.—The biggest thrill that many of us grownups know as children was the horse-drawn fire wagon pounding and roaring its way in answer to an alarm.

Many children of this generation will never experience that thrill, as the fire horse is rapidly becoming extinct. The chugging of an auto-engine never can be so wildly exciting as the thudding of horses' hoofs.

The passing of the fire horse serves as the basis for a new film called "The Third Alarm." The picture is an out-and-out melodrama, but many of its thrills seem legitimate.

An engine driver is retired on pension when he fails to master the motor that has supplanted his horses. His son, a medical student, quits school and becomes a fireman.

Answering a third alarm the youth rescues his sweetheart, daughter of a prominent physician. They are caught in the debris of a falling wall, being trapped behind a heavy safe.

The old pensioner, unable to resist the call that was once his duty, goes to the blaze. One of his old horses hears the clang of the bells and, breaking from his harness, also runs to the fire. His old master hitches him to

the safe and rescues his son and the girl.

The usual happy ending follows. The father is given a farm and all the old fire horses. "The boy wins the girl and his diploma."

As in all melodramas, "The Third Alarm" contains many implausible incidents. The horse is ridden through a blaze without being hooded. The engine is arrested and jolted and freed in a way that strains credulity.

However, the thrill of watching the engine run is there and that seems to be sufficient.

Ralph Lewis is the retired fireman in "The Third Alarm." He is an actor, but as though he had lived in an engine house all his life. Yet in "The Name of the Law" he seemed just as natural as a cop. The movie kept some city from having a first-class public servant.

Ella Hall, the heroine of "The Third Alarm," is getting thinner and thinner every day and as a result, she seems to be the sweet young girl of the story, although she retired from the screen several years ago and in the interim became the mother of two children.

**AMUSEMENT NOTES**  
B. F. KEITH'S THEATRE  
"Tunes and Steps" an engaging combination of happy music, pretty girls and instrumental accompaniment. Keith theatre this week, beginning today. The act specially features Alice Isabelle who is assisted by Lillian Isabelle and a hand consisting of Frances Sylvester, Emma Paul and Billy Farrell. This act is the kind to set the blood a-flopping, and it is a changing music-fest, from beginning to end.

Bryan Lee and Mary Cranston in "The Honeymoon House," will offer one of the season's best plays and one which has delightful music coursing through it. It was written for them by Will Hough and it holds unusual situations and some delightful music. Miss Cranston is a splendid looking woman and Lee is an admirable light comedy player.

"The Brave Coward" in which Olive Briscoe and Al Rauh will appear, is something of dancing and singing and something of comedy. Miss Briscoe is a connoisseur of high rank and Rauh is specially underlined for his own peculiarly effective style of entertainment.

"Huckleberry Finn" is one of the most noted creations of an American novelist. Mark Twain wrote his indelible novel about him. Charles D. Keating has taken the character and has placed it on the stage, in an act which will have a wide appeal. This is not a caricature—it is a real character.

The Chesterfield of minstrelsy is low Hawkins, best of the older vintage of black and white performers. Hawkins sings songs like nobody else on the stage today. He will prove an instantaneous hit.

And then there are to be William Young and Charles Wheeler in their musical act of mole and Frank Work and Co. in "Three O'Clock in the Morning."

**MERRIMACK SQUARE THEATRE**  
One of the most thrilling productions of the race track has even been filmed in "The Hottentot." The feature attraction at the Merrimack Square Theatre today, Tuesday and Wednesday, "This is the noted story in which Willie Collier scored a sensational success on the stage a few seasons ago. Douglas MacLean and Madge Bellamy play the leading roles. Ethel Clayton in "If I Were Queen" is the second big attraction of the current program.

**RIALTO THEATRE**  
"Rich Men's Wives," with House Peters and Claire Windsor in the leading role, is the feature attraction of the Rialto booking opening this afternoon. William Duncan in "The Vengeance Trail" is another, also round of "The Leather Pushers," a Christie comedy and the Rialto News Review. This is a varied and entertaining booking which, in the opinion of Manager Hammond, will compare favorably with anything seen at the theatre this season.

**OPERETTA PRESENTED AT LOWELL OPERA HOUSE**

Every seat in Lowell Opera house was filled last evening, for the performance of the operetta "Una Nuit de Noel," presented with splendid ability by an excellent cast with tremendous success, the active and well-trained members of the Cercle d'Opéra-Comique, who are giving a series of operetta work. The operetta, written by Victor Lur, was directed by Mrs. Anna de Lamoignon for the benefit of the Tyngsboro.

All of the difficult parts were taken in excellent shape by the members of the excellent cast. The plot of the operetta concerns a young girl, daughter of an Italian countess, who had been kidnapped by some of the Bohemians of the district. There is a Christmas eve scene in which the mother recognizes her daughter and all turns out happily.

The chorus last evening was well trained, there being 40 voices. The entire musical and of the program was under the direction of Louis N. Gullbeault, who also directed the Massachusetts Mills band in its rendition.

**This Will Ward Off And Break Up Colds**

Just a teaspoonful of Dr. Caldwell's Syrup Pepsin removes the congestion.

THE two ailments that people generally regard as of the least importance are in reality the cause of most serious illnesses and of the greatest proportion of deaths. They are constipation and common colds. Many doctors now believe that colds, tonsillitis, a touch of malaria will cause constipation, instead of constipation being their cause. The fact remains that you seldom have a cold without constipation, due to general congestion. The only way to avoid colds is to keep your vitality. You usually catch cold in the winter if you are run down. Therefore in cold weather exercise more; eat more fatty foods; drink four to six glasses of water a day; keep the head cool, the feet warm, the bowels open.

You are also less liable to colds if your system is free from the intestinal poisons of constipation, so eat the laxative regularly with a plain vegetable laxative like Dr. Caldwell's Syrup Pepsin.

ANY FAMILY MAY TRY IT FREE  
Thousands of people are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. B. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!

At the first sign of a cold, at the first few warning sneezes, take a teaspoonful of Syrup Pepsin and the congestion will be gone in a few hours. Don't wait until the cold has a grip on you. Mr. Henry Dean, Jr., of Rochester, N. Y., cured a stubborn cold in just that way, and Mrs. Alice Corbrey of Haskell, Okla., uses it effectively for all the small ills of her family, such as constipation, biliousness, headaches, dizziness, and to break up fevers and colds.

Dr. Caldwell's Syrup Pepsin is a scientifically-balanced compound of Egyptian senna with pleasant-tasting aromatics. It is safe to give to infants, and all children like it. Before you again resort to cold remedies containing narcotics try a teaspoonful of Syrup Pepsin. Any druggist will supply you, and the cost is less than a cent a dose.

**TAKE DR. CALDWELL'S SYRUP PEPSIN**  
The family laxative

tion of several selections between the acts. Miss Bella Lavigne as Marguerite, the young "daughter of the countess," was excellent in her role. Her soprano voice was ideal and carried well.

The personnel of the cast was as follows:

The Countess of Lorbach, Miss Fleur Ange Brousseau  
Marguerite, her daughter, under the name of Rachel, Miss Bella Lavigne  
The Countess' friend in attendance, Miss Antoinette Montmarquet  
The Baroness of Rosenburg, Edwina Hunn... Mrs. Anna de Lamoignon  
Mrs. Grafenberg, attendant, Mrs. Grafenberg, attendant  
Nanette, Mrs. Yvonne Montmarquet  
Lisbeth, Mrs. Yvonne Montmarquet  
Chorus: Mrs. Eva Michel, Misses Eva Dupuis, Angelina Perron, Cecile de Noel, presented with splendid ability by an excellent cast with tremendous success, the active and well-trained members of the Cercle d'Opéra-Comique, who are giving a series of operetta work. The operetta, written by Victor Lur, was directed by Mrs. Anna de Lamoignon for the benefit of the Tyngsboro.

**QUICK RELIEF FROM CONSTIPATION**  
Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "darn, brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant relief from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.—Adv.

## HAGEN SETS RECORD FOR LAKESIDE COURSE

WALTER HAGEN, British open golf champion, is no respecter of seasons when it comes to breaking records. Winter or summer, Hagen is equally expert on the links.

Recently he set a new record of 65 for the Lakeside links at San Francisco in a best ball foursome. Hagen was paired with Joe Kirkwood, and they defeated Gene Sarazen and Jack Huchison by the scant margin of one up in 36 holes.

## BANKS ON PULLEYN TO CAPTURE TITLE

Columbia university, after a very disastrous season on the gridiron, hopes to win back some prestige on the football court.

Bob Pulley, captain of the Columbia team, is one of the outstanding

stars of the Eastern Intercollegiate league. He has few superiors as a point getter.

Pulley is confident his team will win the intercollegiate title, as he has an experienced variety of team to work with and plenty of high-class substitutes.

## YANKEES PROMINENT IN EUROPEAN ATHLETICS

LONDON, Jan. 20.—(By the Associated Press) Anglo-American athletes in various sports, are taking a prominent part in European athletics this winter. The Oxford variety crew, as it is now tentatively called in its daily trial spins on the Thames in preparation for the annual races with Cambridge in March, is being stroked by W. P. Molten, an American student in Brasenose college. Another American oarsman is R. K. Kane of Harvard and Balliol, who rows No. 4 in the Oxford shell.

E. P. F. Engin, a Yale scholar at Oxford and winner of the heavyweight Olympic championship has been help-

## Admits Stealing \$105 From B. & M. R. R.

MALDEN, Jan. 22.—Edward Blakely, a postoffice messenger at West Medford, pleaded guilty in district court here today to larceny of \$105 from the Boston & Maine R. R. He had previously reported to the police that he was held up and robbed of the money on the station platform. Payment of a fine of \$50 was postponed until Feb. 24, with understanding that Blakely's parents would make restitution to the railroad company.

## Deny Germany to Conscript

BERLIN, Jan. 22.—(By the Associated Press)—The report that the German government was contemplating the reintroduction of compulsory military service, which is forbidden under the treaty of Versailles, was officially denied today.

## Y. M. C. I. QUARTERLY COMMUNION SUNDAY

The quarterly communion Sunday for the members of the Y.M.C.I. was observed yesterday morning in the immaculate Conception church, several hundred receiving communion at the 8 o'clock mass. Breakfast was served in Y.M.C.I. hall after mass and entertainment numbers were contributed by the following: Thomas Carlin, Thomas Kelley, Joseph Craven, Joseph Kelley, Edward Cawley, John Payne, Charles J. Keyes, Peter Finnerty, Charles Donohue, John Braderick, Paul Angelo and the O'Brien boys. Addresses were given by Very Rev. L. P. Tighe, O.M.I., spiritual director, and Rev. Martin Norton, O.M.I.

The "Night Before Lent" committee reported progress and announced that a meeting of the girls and boys' clubs will be held in Y.M.C.I. hall tomorrow evening.

Ing Dick Smith got in condition for his bout with John Beckett, for the heavyweight championship of England on January 20. The bout was postponed yesterday because Beckett has developed kidney trouble and must abandon his training. However, Eastern went through two lively rounds with Smith at the Oxford gymnasium yesterday.

Fagan is sure to be selected as representative of Oxford in the championships against Cambridge. He hopes to take advantage of the long eastern season for a trip home to participate in the Amateur Boxing association on April 18.

A native Californian, Miss McKane, who has been living in England for several years and who is ranked as No. 1 on the list of English women tennis players, has been selected to represent the British ladies in the world's covered court championships which will be played at Haverhill, February 1 to 11. Other members of the team are C. Crawley, J. B. Gilbert, D. M. Greig and Mrs. Beunish.

## RECEIVE CERTIFICATES OF INCORPORATION

(Special to The Sun.)  
STATE HOUSE, Boston, Jan. 22.—A certificate of incorporation, has been filed here by the Coburn-Knapp, Inc., of Lowell, personal property, with a capital of \$10,000. The incorporators are: Frances S. Coburn, Helen M. Knapp and Arthur C. Spaulding, all of Lowell.

## YOUTHFUL BURGLARS CAUGHT IN THE ACT

Two boys were arrested early last night by Police Officer Hession, for breaking and entering the store of the Lowell Decorating Co., 251 Market street. Officer Hession was making his regular rounds at the time of the break and when he came to the store he noticed the door unlocked and upon entering, caught the youthful burglars red-handed. They admitted the break and will be brought before the juvenile court next Friday morning.

Examination of the records of the two boys at police headquarters revealed that they are the same two who broke into two Garbar street stores last week. The police are also of the opinion that the two lads are responsible for a recent break at the high school and one at Covar's grain store in Middle street.

## FRENCH FACE REAL TEST

Face General Strike of Miners and Threat of Transportation Tie-up in the Ruhr

Germans Expect More Arrests Among the Industrial Leaders

ESSEN, Jan. 22.—(By the Associated Press) The efficiency of the French organization in the Ruhr met a real test today when the control commission and the military faced a general strike of the miners and the threat of a transportation tie-up.

Warned by Berlin that they would be imprisoned if they brought coal to the surface, the miners added their contribution to the nation's policy of passive resistance by voting to put down their picks this morning. Their railway comrades already on strike in the Bochum-Dortmund district, laid plans for a representative meeting at Essen today to decide whether they, too, should refuse to assist in transporting German coal to France.

The Germans expect more arrests among the industrial leaders, for the branches of the Reichsbank at Dueseldorf have refused to resume operations while under the protection of French bayonets.

The Ruhr spent a quiet week-end outwardly but there was evidence on both sides of a stubborn decision to "carry on." Essen was the scene of a large Communist meeting last night, attended by several thousand persons and addressed by speakers who called upon the people to oppose capitalism and who asserted that the Ruhr workers led the movement for world revolution.

The average Ruhr miner appears to have food to keep his family for three days. His savings are small, but it is reported that the German government will guarantee financial assistance to tide him over the present crisis.

It was generally believed today that the French resources would be inadequate to maintain production in the Ruhr valley if the region is paralyzed by strikes.

## Not Nice That dingy film on teeth

Millions now combat it

You see today white glistening teeth—teeth that look clean and safe. And you see dingy teeth.

Let us show you where the difference lies. See what a change can come in a week. Ask for this ten-day test.

### Combat the film

Film is what makes teeth cloudy, and film ruins teeth.

That is the vicious coat you feel. It clings to teeth, enters crevices and stays. Food stains, etc., discolor it. Then it forms dingy coats. Tartar is based on film.

Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with

tartar, are the chief cause of pyorrhea.

### It is curdled

Dental science, after long research, has found ways to fight that film. One acts to curdle it, one to remove it, and without any harmful scouring.

Able authorities proved these methods. Then a new-type tooth paste was created, based on modern research. These two great film combatants have come to millions by it.

That tooth paste is called Pepsodent. Careful people of some 50 nations now employ it, largely by dental advice. New beauty and new safety have come to millions by it.

**Pepsodent**  
REGUS

The New-Day Dentifrice

A scientific tooth paste based on modern research, free from harmful grit. Now advised by leading dentists the world over.

**Free**  
A 10-Day Tube  
See Coupon

**Avoid Harmful Grit**  
Pepsodent curdles the film and removes it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combatant which contains harsh grit.

### Manifold power

Pepsodent also gives manifold power to Nature's tooth-protecting agents. It multiplies the alkalinity of the saliva, to neutralize mouth acids, the cause of tooth decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids. Thus, night and day, tooth enemies are fought as they never were before.

### A delightful test

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

Then you will know how to beautify your teeth. You will know how to better protect them. This is too important to neglect. Cut out the coupon now.

## 10-Day Tube Free

### CATHOLIC NEWS

It was announced in all the Catholic churches of the city yesterday, that the Lenten season would begin on Ash Wednesday, February 14. The 6 and 7 o'clock masses in St. Patrick's church yesterday, were celebrated by Rev. James A. Supple, D.D. At the 8:30 o'clock mass, which was celebrated by Rev. Joseph A. Curtin, members of the Holy Family of Mary sodalities received communion. The 9:30 o'clock mass was celebrated by Rev. Joseph A. Curtin. The high mass at 11 o'clock was sung by the pastor, Rev. John J. McGarry, D.C.L. The Holy Name society and the parish sodalities will meet Tuesday evening.

The 11 o'clock mass in the Sacred Heart church yesterday, was sung by the pastor, Rev. John P. Flynn, O.M.I. The sermon at this and all other masses was preached by Rev. William P. Mullan, O.M.I. At the 8:30 o'clock mass, celebrated by Rev. William J. Kernwin, O.M.I., the Children of the Infant Jesus and Holy Angels sodalities received communion. A smoker at the men of the parish will be held in the rooms of the Holy Name society tomorrow evening.

At all the masses in St. Michael's church yesterday, a special collection was taken up for a memorial bell in honor of the late Rev. Francis J. Sullivan. The bell will be installed in the belfry of the church with impressive dedicatory exercises at a date to be announced later. Rev. John J. Shaw, pastor, celebrated the 8 o'clock mass, at which the Immaculate Conception sodality received communion. He was assisted in giving communion by Rev. James P. Lynch. The 11 o'clock high mass was sung by Rev. Aloysius G. Madden, while Rev. Thomas J. Heagney preached the sermon. St. Michael's charity guild and the Immaculate Conception sodality will meet tomorrow evening in the Guild hall, Sixth street.

At the Immaculate Conception church yesterday, the high mass at 11 o'clock was celebrated by Rev. James B. McCarthy, O.M.I. Rev. Martin Norton, O.M.I., delivered the sermon. The Y.M.C.I. and the Third Order of St. Francis received communion at the 8 o'clock mass, at which the celebrant was Rev. Fr. Norton. The pastor, Very Rev. Lawrence E. Tighe, O.M.I., assisted in giving communion.

The 7:30 and the 9 o'clock masses in St. Columba's church yesterday, were celebrated by Rev. John M. Somers. The high mass at 10:30 was celebrated by the pastor, Rev. Patrick J. Hilly. At 2 o'clock in the afternoon, Sunday school was held, while vespers were held in the evening at 7:30 o'clock.

Rev. Charles J. Galligan was the celebrant of the 6 and 7 o'clock masses in St. Margaret's yesterday. The 9 o'clock mass celebrated by Rev. Andrew P. O'Brien and the children's mass in the chapel by Rev. William P. Brennan. A white party will be held in the Marlborough next Friday evening, for the benefit of the church fund.

In St. Peter's yesterday, Rev. Daniel J. Heffernan celebrated the 8:30 o'clock mass. He was assisted in giving communion to the members of the boys' sodalities by Rev. Francis J. Shea. The 11 o'clock mass was celebrated by Rev. Peter T. Linahan. Rev. Fr. Shea preaching the sermon. It was announced that the Immaculate Con-

ception will hold a meeting Thursday evening at 7:30 o'clock.

Rev. Joseph P. Denis, the recently appointed pastor of St. Marie's church, South Lowell, assumed his new duties yesterday morning. The new pastor celebrated both masses and addressed his congregation at the two services. At the first mass the members of the Holy Family sodality received communion in a body.

The parish mass at St. Jean Baptiste church was celebrated by Rev. L. G. Bachand, O.M.I., while the sermon was given by Rev. Aurelien Merell, O.M.I. The monthly communion for members of the Holy Family sodality took place at the 6:30 o'clock mass, while the members of the Children of Mary sodality received in a body at the 7:30 o'clock mass.

Rev. Armand Baron, O.M.I., was the celebrant at the parish mass at St. Joseph's church and Rev. L. A. Noll, O.M.I., delivered the sermon. The monthly communion for the members of the Children of Mary sodality took place at the 7:30 o'clock mass and in the afternoon at 3:30 o'clock, members of St. Anne's sodality held a meeting.

At Notre Dame de Lourdes, Rev. models featured the recent London Louis Brassard, O.M.I., celebrated the auto show.

high mass at 11 o'clock. The sermon was preached by Rev. Guillaume Ouellette, O.M.I., newly appointed pastor. Members of the Holy Family sodality received communion at the 6 o'clock mass and held a meeting at 3 o'clock in the afternoon.

The Holy Family sodality received communion in a body at the 7 o'clock mass in St. Louis' church, yesterday. The high mass at 11 o'clock was celebrated by Rev. P. N. Gauthier and the sermon on the gospel of the day was delivered by Rev. E. Lahossiere. In the evening at 7 o'clock, vespers were held.

The 11 o'clock mass in St. Jeanne d'Arc church yesterday, was celebrated by Very Rev. J. E. Turcotte, O.M.I., with the Rev. Charles Denzot, O.M.I., preaching the sermon. He announced that the new pastor is rapidly recovering from his recent illness. The members of the Holy Family sodality received communion at the 7 o'clock mass and held a meeting in the afternoon at 3 o'clock. Members of St. Anne's sodality will receive communion next Sunday.

Four cylinders, small displacement Louis Brassard, O.M.I., celebrated the auto show.

## MOTHER! BREAK CHILD'S COLD

Hurry! Move Little Bowels with

"California Fig Syrup"

Whatever else you give your child to follow a bad cold, sore throat or constipation, be sure to first open the little one's bowels with "California Fig Syrup" to get rid of the poisons and waste which are causing the cold and congestion. In a few hours you can see for yourself how thoroughly it works the constipation poison, soothes the inflamed bowels and gets the system back to normal. Even if you call your family physician he will praise you for having given "California Fig Syrup" as the laxative because it never fails, never cramps or overacts, and even sick children love its pleasant taste.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say, "California" or you may get an imitation fig syrup.—Ad.

# LAWRENCE CONFERENCE PLAN BIG ST. PATRICK'S DAY OBSERVANCE

Lowell Represented at Meeting of Textile Workers' Conference Board

There were 275 delegates present at the meeting of the New England conference board of the United Textile Workers of America, which was held yesterday afternoon at Lawrence, Mass. The delegation from Lowell was headed by John Hanley, president of the Lowell Textile Council.

The delegates went on record as being strenuously opposed to the bill recently filed at the legislature by Rep. Shea of Worcester, which calls for the reorganization of the 8-hour law and other laws by which the labor movement is benefiting, and it was stated that everything in the power of the organization will be done to prevent the passage of the bill.

The meeting was presided over by President Francis Johnson of Maynard and present were delegates from Maynard, Lawrence, Lowell, Manchester, Dover, Exeter, Newmarket, and Lebanon, N. H., Fall River and Rhode Island. It was announced that the next meeting will be held at Fall River on Feb. 15.

Miss Mary Kelleher, general organizer for the United Textile Workers of America, has arrived in this city, and will remain here for some time for the purpose of organizing the textile operatives under the banner of the U. T. W. of A.

## CASES IN THE DISTRICT COURT

As the result of being present at a game on the Lord's day, Frank Mayo, Harvey Barrette, Gordon Gillette and Charles Marquette appeared in the district court before Judge Enright this morning and were fined \$5 each on findings of guilt to the complaint.

Harry Maguire pleaded guilty to illegal keeping in the district court today and paid a fine of \$100.

John O'Connor, Hector Dupre and Howard Murphy pleaded guilty to drunkenness. O'Connor was ordered to furnish bonds of \$200 until tomorrow morning when sentence will be imposed. Murphy already under a suspended sentence, caused the revocation of the suspension and will spend the next two months in the house of correction. Dupre received a sentence of three months to the house of correction, suspended for one year.

Four young men charged with being present at a game on the Lord's day were fined \$5 each.

## SUN BREVITIES

Best printing: Tobin's Associate and Catering the best—Lyden. Tel. 4934. Lamps—If it's a lamp, we have it. Electric Shop, 22 Central street.

Fire and Liability Insurance: Daniel J. Walsh, Wyman Exchange.

Learn to dance: Bay State dancing school, 265 Boston st. Tel. 6116.

Mrs. James Carroll and daughter, Mrs. Peter McDonald, will spend the next two weeks with Mrs. Carroll's other daughter, Mrs. Harold Fraser of Paterson, N. J.

Mr. and Mrs. Halie Bradbury of North Andover leaving Monday for St. Augustine, Florida, and other southern points for the rest of the winter.

National Commander Alvin W. Oswley of the American Legion will be the guest of the local post in the near future. Tentative plans for his entertainment have been made by Commander Joseph A. Malloy of Lowell Post No. 57, which include a trip through the mills in the morning, a luncheon in his honor at the Rotary club at noon and a reception by the local post in the evening.

Following out a decision of the St. Patrick's day convention, an enthusiastic meeting of the special committee appointed to take charge of the arrangements for the 17th was held yesterday in A.O.H. hall and a fine start was made in the arrangements. Mr. Warren P. Riondan was chairman of the meeting and it was generally agreed that he is the right man in the right place. In view of the success which attended his efforts last year, Mr. Riondan, in taking the chair, comprehensively outlined the purpose of the meeting, emphasizing the great need of co-operation. He was impressed with the splendid response by the societies and hoped for a successful event. Miss Mary Dillon was unanimously elected secretary. It was voted to hold a grand concert and dancing party in the Memorial Auditorium on March 17, and a committee to take charge of the concert, with full power to act, consists of the following: Mrs. Ella Healy, Mrs. Miss Katherine Gaffney, James J. McManis, Patrick Brosnan, John Barrett and Hubert McQuade, treasurer.

There was universal approval to the suggestion that Mrs. Toye serve on the committee, for her rare good judgment and capable handling of last year's concert was a big factor in its success. The concert this year will not be as lengthy as in previous years, in order to permit dancing, and it was felt that with Mrs. Toye as directing head of the musical and that the program will be of a high order of excellence.

Chairman Riondan was placed in charge of the dance feature. Remarks were made by James J. McManis, John J. McInerney, John O'Sullivan, John Healy, Colmello, James P. Hennessy, City Clerk Stephen T. Flynn, and Miss Marie Markham.

## LOWELL MAN IS HELD ON AUTO LARCENY CHARGE

The local police have received word from Springfield to the effect that Jeremiah Dorgan, alias Jeremiah Reardon, of this city, was arrested in the district court in Springfield on Jan. 19, charged with the larceny of an automobile, to which he pleaded guilty and is now bound over to the May term of the superior court under bonds of \$2000.

The police have been trying to locate Dorgan, who has a wife in Lowell, since Oct. 20, 1922, when Thomas Burke reported the theft of his Packard sedan. Dorgan says he did not steal this car and was not in Lowell on that day, but worked for a fellow in New York, who had the car. He could not give this fellow's last name, but knew him simply as "Joe," an Italian, living at West 25th street, New York city. This part of the story does not sound good to the Springfield authorities.

Dorgan also stated that the car was sold to a man named Oscar King, whose place of residence he gave as 25 Nassau street, Astoria, Long Island. When the car was recovered by the New York police last November, Dorgan said it was "Joe" who sold the car to King, but King claims it was Dorgan.

The Lowell police will not issue extradition papers as the case will be taken care of in Springfield.

American cars in Europe average a 20 per cent. reduction in their prices.

## REPORTS OF WAR-LIKE ACTIVITIES

Rumors of Conscription and Troop Reviews in Germany Reach London

France Said to Be Convinced She Miscalculated the German Temper

LONDON, Jan. 22.—(By the Associated Press.)—The critical situation in the Ruhr is a subject of much anxious comment by the morning newspapers which regard the outlook as so dangerous that it is imperative some way of relieving the deadlock be found.

Some circles are fearful that if France pursues the present line of her policy she will be obliged to increase her forces greatly in the occupied district with the result that Germany may follow with military action which would mean war.

There has already been a report that Germany was arranging to reinstitute conscription, but no official confirmation of this was forthcoming this morning.

Another report, this from Paris, said that General Ludendorff had been recently at Münster where he witnessed maneuvers by troops gathered at that point. This, however, was also unconfirmed.

Some commentators entertain the belief that France is convinced she has miscalculated the German temper and, finding the results of the occupation not what she expected, seeks a means of withdrawing, it possible without loss of her prestige.

To this end, it is stated here, France is re-examining the British and Italian proposals which she rejected at the Paris conference.

## FOCH CONFERS WITH LEADERS

Premier Poincare Begins Twice-a-Day Conferences With Cabinet Ministers

Sessions Necessitated by Developments in the Ruhr Situation

PARIS, Jan. 22.—(By the Associated Press.)—Premier Poincare began this morning, twice-a-day conferences with the cabinet ministers, attended also by Marshal Foch. These frequent meetings, it has been decided, are necessitated by the developments in the Ruhr situation.

The ministers heard at this morning's session a report by M. Guillaume, the director of mines, who returned from the Ruhr especially to bring the latest information to the premier and his colleagues.

The officials continue to express a hopeful view of the outcome of the French occupation of the Ruhr, despite the increasing opposition their measures are meeting. It was indicated they intended to continue their policy of moderation toward the German workmen, believing this course will eventually win over the industrial population and break down the passive resistance of the industrial leaders and the government.

According to the latest reports reaching the foreign office, the telephone and telegraph system is functioning in the Ruhr, but there was no information available on the strike in that region set for this morning. It was declared that up to noon no confirmation had been received that there had been such a development.

Officials emphasized the French view that Germany, through her continued opposition in the Ruhr, would be only suffering by her action and that France feels quite secure of her position. The opinion was expressed that the Germans might soon realize that they were only injuring themselves and that further opposition would be useless.

### Alide Gelinas Died on Way to Hospital

(Continued from Page 1)

Reached it was found that the man had passed away. The body was removed to the funeral parlors of Undertaker Joseph Albert, where this forenoon it was identified by a relative, Ovide Laporte of 412 Merrimack street.

Deceased leaves a son, Girard, his mother, three sisters, Alice Gelinas, Mrs. Clara Garon, both of this city and Rev. Sister Gelinas of the Sisters of Providence of Montreal. The body was removed to the home, 770 Moody street.

## SONG RECITAL TODAY AT THE HIGH SCHOOL

Albert Edmund Brown entertained the students of the high school this morning with a recital of songs of American composers.

Mr. Brown entered into his recital with his usual enthusiasm and it was but a very few minutes before the students were in complete accord with him and following his every word and action and when he requested them to join in the Foster songs they went at it in great shape.

His singing of Reginald De Koven's "Sheriff of Nottingham" made the most decided hit of the morning's entertainment. "Left," a soldier song, also proved very popular with the students. Always at his best in Kling's songs, his rendition of "Route Marchin'" and "On the Road to Mandalay" left nothing to be desired. He was accompanied on the piano by Mrs. Brown.

The complete program was as follows:

Group 1—"Invictus," Bruno Mahn; poem by William Ernest Henley, "A Banjo Song," Sidney Heimer, from Howard Weeden's "Bandanna Ballads," "The Wreck of the 'Julie Plante,'" Geoffrey O'Hara; poem by William Henry Drummond, "A Red Red Rose," Frank Hastings; words by Robert Burns.

Group 2—"Old Black Joe," Stephen C. Foster, "Old Folks at Home," Stephen C. Foster.

Group 3—"Morning," Oley Speaks; poem by Frank L. Stanton, "Left," Clarence Guitlin; poem by Clarence Guitlin, "At Dawning," Charles Wakefield Cadman, "The Sheriff's Song," Reginald De Koven, from the opera "Robin Hood."

Group 4—"Route Marchin'," Rudyard Kipling, "On the Road to Mandalay," Rudyard Kipling.

Mr. E. J. Conroy of the A. C. Club, addressed the meeting in behalf of the winter carnival which is to be held at Fort Hill park next Thursday and Friday. He asked the boys to form "dog teams," teams composed of six boys to drag a toboggan occupied by four girls, and announced that if several of these teams could be formed, prizes would be held and prizes awarded to the winner. He also asked them to participate in the ski races and the other sports which are to be held, so that the affair would be a real success.

State Owned Mines Reopen (Continued from Page 1)

running, these manned by French crews.

Several Banks Reopened

The banking situation seems to have been eased somewhat by the reopening of the Duesseldorff branch of the Reichsbank. The Hssen branch and the private banks of that city remained closed.

It was announced from Mayence that the court martial trial of Fritz Thyssen and the other industrial magnates arrested would be held Wednesday, with the proceedings completed in one day.

To Proclaim Rhineland Republic

Revival of the talk of proclaiming a Rhineland republic which would form a buffer state between France and Germany, met with editorial comment from Rome that such a move would not be tolerated by Germany's creditor nations.

Germany took a further step in abstaining from Versailles' treaty co-operation with France by withdrawing her member from the mixed Franco-German tribunal in Paris.

France again delayed presentation of her new reparations settlement plan. This, it was believed, was due to the continued uncertainty of the German situation brought about by the Ruhr occupation.

Germany officially denied the reports that she was contemplating the renewal of compulsory military service.

No disorders were reported from any point in the Ruhr valley today.

## SUNDAY MORNING FIRE

Police Are Investigating Fire That Destroyed Residence in Florence Avenue

Police and fire department officials today are investigating the disastrous fire that practically destroyed the residence of Joseph Carroll at 21 Florence avenue early Sunday morning.

Two young men whom the police had reason to suspect in connection with a feeling that the fire was of incendiary origin, were taken to police headquarters this forenoon and questioned for more than an hour, but were finally released when their replies in all particulars seemed to eliminate them from further consideration. The investigation is being continued and early this afternoon Chief Edward P. Saunders and Capt. David Peirle of the criminal bureau made a searching examination of the premises.

The fire, discovered shortly before 2:30 o'clock Sunday morning, swept through and destroyed the entire first floor of the house and seriously damaged chambers on the second floor. It had obtained great headway when the apparatus arrived and burned so fiercely that it was impossible to remove any of the furniture which was destroyed where it stood.

Fire headquarters first were advised by telephone of the fire, after which a bell alarm was sent in. As the apparatus approached the fire by way of Westford street, there was no delay in getting into action and hydrant streams provided plenty of water.

It is the belief of Chief Saunders that the fire had been smoldering for some time before it was discovered and says that, of incendiary origin, the ravages would have been more extensive than that might be important in an investigation.

Giorante d'Italia today, expressing what seems to be the general feeling as indicated by the attitude of the press.

This newspaper notes that the report of speedy mediation is again circulating, such mediation to be undertaken by Italy, according to some quarters, while others wish the League of Nations as probable mediator. France is very suspicious of these suggestions, the newspaper adds, especially because they originate in England.

The buffer-states on the Rhine under a Franco-German protectorate, suggested by some French circles, would not be advantageous to France herself, the Giornale d'Italia declares, as without the Ruhr Germany could not pay reparations. In any case such a move would not be tolerated by Germany's creditor countries, it adds.

Rhinish Republic Planned

LONDON, Jan. 22.—(By the Associated Press.)—Whatever the political outcome of the Ruhr occupation, British coal owners expect to profit by the situation. German inquiries for coal have made the British and Welsh coal fields active and prices have already risen. It is expected that the League of Nations will be some delay in filling any orders for Germany because the British exporters stipulate that payment must be deposited in sterling with London or Dutch banks.

The Daily Mail, receiving the story that Hugo Stinnes has agreed to arrange a big deal here for steel and coal, says that three of the magnate's agents have already contracted for delivery of coal worth £1,500,000 within the next six months. The newspaper says that Stinnes himself hopes to come here and arrange for further purchases.

German Republic Planned

LONDON, Jan. 22.—Reports from Germany occupied territory that a movement is under way for establishment of a Rhinish republic in causing the commentators, to recall that a scheme of this sort was inaugurated and made some progress just after the allied forces occupied the Rhine region under the armistice that ended the war. This republic, once established, was to have applied for admission to the French republic, according to reports current at the time, which would have given France her much-desired buffer against Germany, and at the same time the mineral wealth of this rich district. It was alleged in well-informed circles that France was fostering the project.

Whatever might have been the truth in that respect the other allied powers concededly were much disturbed at the possibilities the project involved. The publication of the facts in the case through the press did much to prick this Rhinish bubble and little has been heard of it since.

At the time of the German revolution there was a strong party in the Rhineland desiring complete severance from Berlin, and it was this group which interested itself in the abortive plan to establish a separate republic.

# AUTOMOBILE NUMBER

## Splendid Automobile Exhibit By Lowell Dealers at the Kasino--- Elegant Cars in Grand Display

**Local Automobile Industry Now Firmly Established—  
Many Interesting Announcements in The Sun's  
Automobile Section Today—Strongly Organized Effort  
By Lowell Dealers Spells Success for Current Year**

Lowell automobile merchants and dealers in the numerous automobile accessories, who feature the progressive motor distribution field in this city and vicinity, present today in annual superb fashion their best wares, with suggestions ably supported by deeds in good measure that are sure to aid all men and women planning to purchase new motor cars the coming year, or who desire to know more about the operation and careful up-

keep of the cars they now own.

In The Sun special advertising section today devoted to all ramifications of Lowell's prosperous automobile business in general, will be found many interesting announcements of leading auto houses and sales agencies as well as those institutions of the motor trade where essential accessories are sold.

Business in the local automobile branches of trade last year steadily increased after the first real spurt

made at the highly successful winter exhibit at the Kasino that led the way to a splendid sales season in 1922.

Today the automobile industry in Lowell, backed by men of integrity, grit and brains, is more firmly established, with progressive leaders in the van always and with a loyalty supported and strongly organized effort on the part of the entire auto-selling personnel of the city, enlisted for more business and a prosperous 1923.

### PITTS AUTO SUPPLY AND MOTOR SALES

Ford quantity production depends on absolute accuracy in the manufacture of each individual part that goes into a Ford car, Ford truck or Fordson tractor. Each part, whether it is made of steel, cloth or rubber, must conform to definite specifications in both minute measurements and standard quality. A staff of expert chemists and metallurgists, working with modern equipment, delicate testing devices and elaborate machinery, provides these specifications.

When a Ford car passes into the possession of the user, he is assured of a product that is as near mechanical perfection as highly trained men can make it. For all parts that go through the many stages of manufacture in the Ford shops from raw materials to completed units, are closely inspected and tested after each major operation.

The world-wide demand for the Ford car and Ford truck, and the increasing demand for the new Fordson tractor all over the world as well, is well known. The Ford products include

HARRY PITTS

touring cars, runabouts, coupes, sedans, chassis, trucks and tractors.

The active Lowell agents for the Ford products are, of course, well equipped to handle the famous Detroit line of automotive output. The Pitts Auto Supply and Motor Sales company has been handling Ford cars of all kinds for so long, that the Pitts name is a by-word all through the so-called "Lowell Territory." The Pitts service station needs no description here. It is famous for serviceability, dependability and first-class work. Harry Pitts is popular everywhere the Ford car goes, and that means something.

The exhibits at the Kasino this week will be in the usual top-notch Pitts style. At the Pitts sales rooms are the complete 1923 Buick, for not all cars can be exhibited in the confinement of the Kasino Ford section.

Salesmen will be on hand regularly at both the Kasino and Pitts headquarters on Hurd street, where the new Detroit offerings, including the sturdy farm tractors, will be exhibited freely to all comers and their attractive merits and reasons for low prices fully explained.

### WHY MILEAGE IS LOW

Engineers' Tests Show Causes of Fuel Waste—New Innovations

Engineers testing a motor truck at Waukesha, Wis., during the last seven months report they have discovered why your auto doesn't give 30 or more miles to the gallon of gasoline. Results of their tests have just been given out at a meeting of the midwest section of the Society of Automotive Engineers. Although they referred especially to the action of a 2½-ton truck on city and country runs it was pointed out that they could just as well apply to passenger automobiles.

The reasons for loss in fuel economy, as learned by these tests, reports James D. Fisher, chief engineer for the Waukesha firm, are:

1. Lack of proper co-ordination of parts.
2. Wrong gear ratios.
3. Large engine.
4. Wrong type or size of carburetor.
5. Too rich fuel mixture.
6. Large radiators and inefficient fan locations.
7. Poor spark plugs and poor ignition.
8. Improper suspension of the engine in the frame.

Of these faults, the outstanding cause for loss of fuel economy, said Fisher, was the carelessness with which manufacturers select their units. The result is a loss in power through lack of co-ordination of the various parts.

To correct this fault, the Waukesha engineer sought to fit one part to another so that all in the engine and transmission would work most economically together. Besides this, how-

ever, he made three significant innovations in the test truck:

1. Higher water jacket temperatures.
2. Aluminum pistons.
3. Higher compression.

Originally, the truck made 17 miles to a gallon in city runs and 22 miles on country runs. By making the changes suggested, Fisher was able to get 12.3 miles to a gallon on city runs and 17.7 on country runs.

Similar results could be obtained with a passenger auto, said Fisher. That would mean trebling of the mileage now obtainable from your engine.

### GERMAN STREAM-LINE CAR HELPS SAVE GAS

Stream-lined, almost to an exaggerated extent, has brought German auto engineers to a point where they can show a saving of from 30 to 40 per cent in fuel consumption as a result of this alone.

The sketch of Germany's latest product shown here, tells how far the en-

gineers have gone in this direction. Not a single part bucks the wind squarely. And suction is minimized by the gradual curves at the rear.

Engineers who have tested this small, light, stream-lined car report air resistance has been reduced to about one-third that of the ordinary modern body. The result has been that the maximum speed could be raised considerably and fuel consumption about one-third.

Nearly one-third of the plate glass made in this country went into automobiles, last year.

### SAVES LADY'S SHOES

Women may drive their cars, hereafter, without fear of scuffing the

backs of their shoes—if they attach these heel-guards manufactured by a Struble, Ind., firm. They are made of leather and an adjustable strap makes it possible to fit them to any high-heeled shoe.

### LIGHTING EFFECTS ARE EXCELLENT

Nothing needs more careful attention than electrical illuminations for automobile shows that are open evenings to the public. The Lowell auto show is no exception to the rule. The committee in charge of this year's exhibition gave the matter of lighting a great deal of thought before deciding that the problem should be placed in the hands of an experienced electrical house that could overcome all difficulties and make certain that all that was necessary would be done and done well.

The one electrical house in town that met with all demands was Favreau Bros., Inc., who received the contract for arranging the lighting system at the Kasino show.

This five-wire outfit of electrical experts has installed a series of lights and adjustments that rival the light of day, almost. Their knowledge of electrical and left handling of fixtures and electrical equipments in general has done much to make the Kasino show attractive this year.

### CHEVROLET HANDY CAR TO HAVE AROUND

The C. A. Senter Auto Co. of Middlesex street, known for miles around as handlers of the famous Chevrolet models of passenger automobiles and commercial cars, has started the New Year with activities that promise the greatest business in all Chevrolet lines ever recorded in local automotive circles handling cars of moderate prices. The Senter exhibit at the Kasino is an excellent one in every respect, with the new models in passenger cars attracting wide attention. New cars can compare with the Chevrolet in value. Rarely indeed has any motor car man-

C. A. SENTER  
Chevrolet

ufacturers equalled the Chevrolet style, value or economy.

The specifications of the 1923 superior line contain many distinctive features, including low cost of operation, extensive service facilities, driving comfort, improved design, Fisher body and general driving comfort.

The engineering specifications called for in all Chevrolets, and very minute and nothing but best quality is the rule throughout. Standard equipment in-

AAA. Abandon the idea that you cannot buy Auto Supplies as cheap in Lowell as elsewhere by trading at The Boston Auto Supply Company.

Auto Tops Made and recovered. Auto curtains and doors to order; also full line of brushes, oils and sundries. Donnyan Hartness Co., Market St.

cludes starter and electric lights connected to the battery, barrel type head lamps, legal lenses, speedometer, oil pressure gauge, radiator, demountable wheels with extra rim, tire carrier and license holder, double adjustable windshield, complete tool equipment and on open models, 1-man top and side curtains which open with the doors. Closed models are equipped with straight side cord tires, sun visor, windshield wiper and dash light.

All Chevrolet closed cars have Fisher bodies, known to be the highest type of construction and standard on the best grade of closed cars, even those selling at the highest prices.

Visitors to the Kasino show should not fail to see the Senter exhibits, and friends old and new are also invited to visit the Middlesex street showrooms, where they may realize the incomparable value of the Chevrolet new models.

The trucks or commercial cars, offered by the Chevrolet company this

season afford with all other Chevrolet models the advantages of low gasoline consumption, high tire mileage and dependable wearing qualities. They occupy the same position in the commercial field that Chevrolet automobiles do in the transportation of passengers. More people can afford to buy them. More people can afford to operate them. Their service is multiplied accordingly.

The Chevrolet commercial car features include light weight, correct balance, valve-in-head motors, low gasoline consumption, unusual hill-climbing ability, high tire mileage, most economical tire sizes, eager acceleration over wide speed range, ease of control and operation, mechanical accessibility and complete equipment. The Chevrolet commercial cars present a wonderful opportunity for the progressive farmer or business house to take advantage of unusual transportation equipment.

### BEAUTIFUL KASINO DECORATIONS

Never before has the Kasino been so attractively decorated as for this season's automobile show. All arrangements were turned over to Frank Haines of the Lowell Decorating Co., by the dealers' association. Mr. Haines has succeeded in creating a scene of beauty and color from the old-time rather drab appearance of the plain Kasino interior. The decorator and his expert assistants have really transformed the big show place into a beautiful reception hall, with numerous charming hangings and window draperies, columns of attractive colors in varied assortment, and numerous pieces of special decorations unexcelled for attractiveness. The New Year collection of latest motor cars could have no better setting than the newly decorated Kasino as it appears today and the picture will be sure to be appreciated by every auto show visitor this week.

## MARK J. McCANN AND THE STUDEBAKER

The record of Studebaker cars in 1922, as in 1921, commanded world-wide attention, and therefore it is of interest to consider outstanding reasons why this was possible. One of the potent reasons—of which there are many—is the completeness of the line, with three models, a wide variety of 12 body types and a consequent appeal to the broadest possible market of buyers. Another advantage lies in the fact that Studebaker specializes in six-cylinder car manufacturing, which means that dealers and salesmen do not have to talk against themselves in switching from one model to another of more or fewer cylinders.

The importance of a wide distributing organization cannot be overlooked, and when Mark J. McCann of Lowell,

floor of the Market street Ayer building, where he remains today one of the busiest and brainiest automobile agents in the whole Lowell automotive sales industry.

Since opening the Studebaker enlarged sales headquarters last year, Mr. McCann has had to make extensive additions to his quarters to meet the demands of a prosperous business. The stock rooms were enlarged, a refitting room for used cars constructed, a new paint shop added to the Studebaker quarters, and a splendid selling and service department created where today 15 men, expert in every line, are constantly employed under the McCann banner.

All complete parts of the Studebaker cars, old and new, are carried for customers and friends who come in for accessories of all kinds. Courtesy is the watchword always at the McCann headquarters. The organization has had to install new large office quarters on the second floor, owing to the heavy increase of business.

The McCann sales agency has made numerous records for output during the past year. The local house enjoyed record sales all season, in fact, and finished the highest in total Studebaker sales of any city the size of Lowell. Many recommendations have come from Studebaker headquarters for the splendid generalship and business acumen of Mr. McCann and his energetic squad of expert salesmen.

A great record for Lowell by the McCann distributing agency was won after a lively contest with all other agencies throughout the country, last June, July and August. Besides winning honors for Lowell, with a sales record selling any city of its size, the McCann sales records showed the Lowell hustling agency to stand exactly eighth in the whole U.S.A. list for the actual sales of Studebakers officially recorded.

All 1923 models are on display at the salesrooms on Market street, and auto show visitors, after inspecting the exhibits at the Casino, are invited to visit the McCann headquarters and see firsthand the other models not displayed at the big show. Competent salesmen will show all-comers every latest model, and ample plans have been made for the reception and entertainment of Studebaker friends of old and all newcomers who would like to get more information about the quality cars that the well known Lowell firm is putting out in amazingly large quantities this year to meet a genuine popular demand.

MARK J. McCANN  
Studebaker

widely known for many years in the local automotive industry, with a record of integrity, alertness and good nature hardly surpassed in strenuous automobile competitive sales campaigns, was selected to represent the well known Studebaker line of cars, it was a happy choice.

Mr. McCann's entrance into the world of mechanical transportation began some 12 years ago, when he first branched out in Lowell industrial life as proprietor of a bicycle store at 98 Gorham street. Later on he opened the popular City Hall garage, conducting it successfully for five years, from 1911 to 1919. He then had an opportunity to accept the Studebaker agency for Lowell and vicinity, and decided to enter this growing field of usefulness. He was first located at the Wamsit garage, and then last year leased and occupied the entire ground

## HOUSE AND CONTENTS BURNED IN DRACUT

Fire of unknown origin destroyed the home of J. L. Wilkinson and its contents in Dracut, Mass., last evening. The blaze was discovered by a member of the family, who arrived home about 8:30 o'clock. He sounded the alarm, but it was some time before the firemen reached the premises because of the bad roads. The effort to save the building or its contents proved fruitless. At the time of the fire the family was out visiting. The damage is estimated at about \$3500.

## REO SALES AND SERVICE AGENCY

The display of the popular Reo automobiles at the Casino this week will be sure to attract thousands of automobile lovers. The exhibit of the complete Reo sales and service agency, with headquarters in "Automobile Row" down on Middlesex street, is one of the finest ever presented anywhere in this vicinity, and shows a sense of vigorous business acumen and a desire to display the graces of the popular Reo models to the very best advantage.

Reo is one of the few automobiles concerns that manufacture most of their products. Assembling parts from many different outside factories, hoping they will fit, has never been—and never will be—Reo practice. Every vital part—motor, transmission, clutch,

tion from Reo automobile owners, regarding the dependability of the passenger cars and speed wagons.

Probably no other commercial car is better known the world over than the famous "Reo Speed." For Reo means reliability and mechanical excellence unsurpassed by any other car of staminal and good workmanship. Reo conceived the "speed wagon" idea—created the vehicle—copyrighted the name and popularized the type. There is only one "speed wagon" and Reo builds it.

It has an extensive and distinctive heavy haulage field, but is adapted to every class of carrying service. Any load that can be divided into units of 500 to 2500 pounds can be moved quicker and cheaper by "speed wagon" than any other medium. Thirty miles an hour instead of 15—pneumatic cord tires instead of solids—a vehicle weight in sensible ratio to its carrying capacity instead of disproportionately heavy.

The new "speed wagons" are on display at the Middlesex sales headquarters, with the complete lines of passenger cars, open and closed, and are well worth a visit by all automobile show visitors. "Open house" for the week and always at Reo headquarters.

Fuel mixture in auto engines consists of about 14 parts by weight of air to one of gasoline vapor.

## VELIE HAS POWER AND PLENTY OF "CLASS"

Eight vital considerations should govern the selection of a motor car. No matter what class of car you wish to purchase, it will pay you, Mr. Buyer, to see that, with respect to those eight points, it measures up to the standards. Your new car should have balance, power, control, lubrication, cooling, economy, durability, fuel—eight mighty important things to remember when you are looking for a modern car that is going to prove satisfactory to you.

Every wise purchaser expects good service from everything he buys. It is what he is sure to receive when he selects the famous Velie "Six." Model 55 car—with the Velie's own six-cylinder motor built in the Velie's own motor plant—the exclusive equipment of the Velie's wonderful 1923 offering for discerning automobile buyers.

The manager of the Church Street Motor Co., sole agency for the Velie in Lowell and vicinity, in speaking of the new model 55 Velie cars today, said that both the open and closed models meet the requirements of al-

most anyone looking for a fine automobile.

To make a comparison, it has been said that all men are worth about an equal value from their shoulders down. The high value is determined by the head above the shoulders. It has reached a point today where the automobile, so far as its wheels, axles, springs, bodies and every part of construction is about the same. The value of cars today is in maintenance, longevity of the motor, and that stands for the Velie-built six-cylinder dynamotor.

"We hope," said the manager of the Church street motor company today, "that every reader of this part of the head above the shoulders of the automobile show to have this motor made by the Velie company demonstrated to him fully. We shall have on display a cut-away motor, electrically driven, so all may see and know actually what the Velie presents to the automobile buying public looking for real values. It would take a great deal of space to go into this proposition in the news columns of 'The Sun.'"

Indicating the growing popularity of the famous Velie, the Church Street

Motor company officials announced today that when the new year entered, the management of the Lowell district did not own a single used car, showing the wonderful records made by all cars disposed of in the past and the slow depreciation.

The purchaser of the Velie does not guess. For instance, timken axles and bearings and long-grain, genuine upholstery. It takes 28 days to put a Velie on a new Velie. Fourteen coats of paint and as many hand operations, are required. The display of the Velie at the auto show is sure to attract much attention this season. It is a distinctive car and expects at the Velie section will be there to explain what genuine "motor-car satisfaction" really means.

## THOMAS H. SIMPSON DEAD

BELECHERTOWN, Jan. 22.—Thomas H. Simpson, a vice president and director of the Hudson River Bridge association of New York and a well known newspaper and publicity man died here today after a year's illness. He was one of the promoters of Gustav Dindethal's project to bridge the Hudson at New York.

## DODGE BROTHERS MOTOR CAR

Winter never fails to bring this car renewed praise.

It is because the starting system and carburetor seem to be almost immune from cold weather troubles. The response is prompt, even on the coldest mornings.

The cord tires, with their safety tread, are also particularly desirable in winter. They not only act as a safeguard against skidding, but greatly reduce the possibility of having to change tires under disagreeable weather conditions.

Close fitting curtains, which open with the doors, enable the owner to drive in comfort the whole year round.

## RAFTER PROUD OF HUPMOBILE AND HAYNES

Thomas B. Rafter & Co., Lowell agency for the wonderful Hupmobile—famed for its performance—its economy—its endurance, because there is perfect working harmony among its units—is foremost today in Lowell's automobile world in the handling, demonstrating and selling of fine cars with exclusive features that brook no compromise of good designing or fine manufacturing. Since the year 1914, the Rafter company has been handling the Hupmobile in Lowell and vicinity. In addition to all lines of the very latest cars put out by the Hupmobile Corp. of Detroit, Rafter & Co. also are local agents for the new and improved Haynes 55 lines of ideal models, both open and enclosed, and no character cars, built faithfully and intelligently in order to achieve beauty, strength, power and comfort, are more attractive in their superb ensemble.

The sales forces of Rafter & Co. have had a busy winter campaign, meeting old customers and new, and

THOMAS B. RAFTER  
Hupmobile

having on display at their commodious and attractive showrooms, 600-604 Middlesex street, all the new models of the Hupmobile and the Haynes.

The growth of the Rafter automobile agency has been almost spectacular. Starting 11 years ago with the first Hupmobile, the Rafter business has advanced briskly to its present day importance in Lowell's automobile sales market. Growth brought demands for room, and for three years the Rafter headquarters was on Central street. Today, with expansion calling for still more room for the sale of the Haynes and Hupmobile, whose popularity has greatly broadened during the past five years, Rafter & Co. are splendidly located on Middlesex street in "Automobile Row." The concern has a large connected service station, where all parts for both cars can be found at all times. Business at the Rafter sales market doubled when the big move was made last August to the new and present location. Compliment sales and service men are constantly employed, many having been with the Rafter concern for many years.

At the auto show section chosen by Mr. Rafter, there are attractive ex-

## FORD HEADQUARTERS IN THORNDIKE STREET

The busy Ford headquarters in charge of Manager Bullard down on Thorndike street, are breaking old records in selling and delivering new cars. All local Ford sales records went "by the board" sometime ago at the big Lowell Motor Sales Mart, but the demand at the present time is double that registered last season during the first month of the year.

For eight consecutive months, beginning with April 1 of last year retail deliveries have exceeded 100,000. Ford cars and trucks each month; the accumulated total for the first 11 months of 1922 being approximately 1,200,000. While the company points out that it is not unusual for Ford retail sales to exceed the 100,000 mark during the spring and early summer months when the demand is at its peak, the manner in which business has held up throughout the balance of the year is without precedent.

Credit for this remarkable showing is attributed by the Ford Motor company to the many improvements which have lately been made on Ford cars and particularly to the new low level of Ford prices, recently put into effect. These new low prices not only broaden the field of prospective Ford purchasers but go still further in making the Ford car the best value from the standpoint of the retail buyer, that it has ever been.

In the opinion of the Ford Motor company, November sales are an indication that many prospective purchasers, realizing the exceptional value now being offered in Ford cars, are beginning to anticipate an unusual spring demand and are therefore placing orders during the fall and will continue to do so throughout the winter to avoid disappointing delays in delivery later on. Much this will relieve the situation to some extent, it is pointed out that the steadily increasing demand for Ford cars is nevertheless sure to create an acute shortage as the season advances.

Accordingly, the Ford sales organization is urging prospective Ford purchasers to arrange for delivery during the winter months in order that the demand next spring will be relieved as far as possible.

Models of cars, including Hupmobile touring, Hupmobile standard touring, Hupmobile coupe, closed car, and one Haynes 55 touring, latest model, and a "show all by itself."

The proprietor of this bustling, wide-awake automobile agency said, in speaking of the Hupmobile today and also the wonderful Haynes lines, where more models can be found at the Rafter headquarters in Middlesex street:

"The pride I have taken in this work of handling Hupmobile and Haynes cars exclusively in Lowell and vicinity, has been centered for the most part in the substantial growth of my business year after year. And yet it is not nearly so great as my pride in continually having more people habitually refer to these cars I am agent for as the best cars of their class in the world."

**INCREASES DISCOUNT RATE**  
BRUSSELS, Jan. 22. (By the Associated Press.)—The National Bank of Belgium today increased its discount rate by one per cent.

One-fifth of all the tin used in the United States goes into auto manufacture.

## LOWELL MOTOR MART IS TOP NOTCHER

The faithfulness of performance so universally remarked in Dodge Bros. motor cars is due, in no small part, to the thoroughness with which each unit is inspected during the process of manufacture and assembly.

A trained staff of 1100 experts is employed in this work alone, and approximately 5285 inspections are made on each car. So exacting and rigid are the standards applied to these inspections that the slightest variation either in workmanship or material is sufficient cause for immediate rejection. Dodge Brothers are almost over-scrupulous in their constant aim to make each car as sound and perfect as is humanly possible.

One of the most successful agencies for the complete line of popular Dodge Brothers' motor vehicles in New England, is the Lowell Motor Mart Inc., where the widely known Dan O'Dea and Stephen Rochette hold the fort, but welcome all comers with no barring of doors. It is a favorite place for Dodge

STEPHEN ROCCHETTE  
Dodge Bros.

owners to gather when the new cars come out.

This has been a busy January for the O'Dea and Rochette forces of expert car handlers and salesmen. No busier motor mart can be found in Lowell at any time of the year, in fact, but it is said that the 1923 model cars are attracting so much attention that it may be well for the Lowell Motor Mart Inc. to stage a "show of their own." For that reason, in addition to the excellent display of the new cars at the fine Casino exhibit, the Lowell Motor Mart Inc., at Moody, Tilden and Colburn streets, just a step from city hall square, will be open night and day for visitors, who may want to see the Dodge 1923 lines closer-up and have their many attractive features explained to them, if they are not already familiar with Dodge qualities and notable records in automobile building.

At the Casino courteous salesmen will explain the merits of the O'Dea Dodge exhibits, and plenty of attractive literature is on hand for every caller. The Moody street headquarters reception rooms are always open, com-

DAN O'DEA  
Dodge Bros.

forts provided for all visitors and Messrs. O'Dea and Rochette invite all visitors to the auto show to call around and make it "Lowell headquarters."

Both the open and closed models are here in their quiet beauty and great attractiveness. The equipments are most complete, with clear vision windshields of the ventilating type; windshield cleaners; electric horns; radio, foot-ride, license brackets, tire pump, high-pressure grease gun, tool outfits complete, tire carrier with demountable rim, etc. With the sedans there is an extra disc wheel with each car, and with the sedan and business coupe, car heaters.

Dodge Brothers' "Type A" sedan is admired the world over for the solid beauty of its coach work. Inside and out in every line and feature, it reflects that integrity of workmanship which has come to be associated with the name Dodge Brothers. There is the expensive mohair velvet upholstery, nickel

## GARRITY HANDLES THE WHITE TRUCKS

"Why You Should Buy White Trucks" is the title of interesting literature distributed by Stephen C. Garrity, war veteran, auto salesman, widely known American legion member and one of the real automobile sales hustlers of this vicinity, with long experience in judging good automobiles and handling them. Mr. Garrity is today located at the Mark J. McCann sales agency, Market street, where he is responsible for the handling in Lowell of the famous White trucks, made in Cleveland, O.

The number of White automobile trucks in use in Lowell and vicinity is well known. For a number of years the White company has published annually a list of its fleet owners, showing how each individual fleet has grown from year to year, over a period of 13 years. There are three remarkable things about the roll of honor, said Mr. Garrity today:

"In the first place, note the extent of it. The list has tripled in the last six years. No other list of fleet owners has ever been published approaching it in size. Some of the fleets contain hundreds of trucks.  
"Over a period of years, nothing but service counts; the amount of it, the dependability of it, the cost of it. Large users keep careful cost records; they know which trucks do the most for the least money.  
"The White truck gives most value

per dollar for money expended in auto truck transportation. The service is such that there are many 100,000-mile records. The manufacturer's policy has always been "Service above Sales." Today the White truck manufacturers have the largest output in the high grade field.  
The White trucks are built in capacities of ½ ton, 2-ton, 3 tons, 2½ tons and 5-tons. The main factors of economy

in operating them are the volume of performance, low consumption of gasoline and oil and freedom from repairs. The White truck service on Market street is ideal for local owners in every way, and service is immensely important to truck owners. All branches and dealers carry necessary parts and maintain free inspections. And

"Service" at all times is the main thing with truck owners.  
Under Mr. Garrity's management the White truck has gained great popularity in Lowell and vicinity. The great Cleveland automotive concern could have no more efficient local agent or one with more energy, integrity and willingness to serve the automobile public day in and day out in the Spaulding City and suburbs.

LOCAL PASTOR TALKS  
ON PROHIBITION

Rev. C. D. Piper, preaching upon the law of prohibition and its effects, told the members of the Fifth street Baptist church yesterday morning that "the industrial leaders of America are practically unanimous in their support of liquor prohibition." He declared that the "liquor interests are advancing all kinds of arguments against prohibition, but will fail. The pastor urged the members to openly support the national laws and the constitution, declaring that "open flaunting of the constitution by some of our so-called best people rather spoils the argument against prohibition."

The pastor declared the churches can do a lot if they will, in the present fight for enforcement of the law. It was the church of Jesus Christ, he said, that put prohibition into effect and it must see the fight through. Every clean, decent American citizen will stand back of national prohibition and keep in the fight until it is won for world-wide prohibition, he said in closing.

Mothers Prefer Cuticura  
Shampoos For Children

Regular shampoo with Cuticura Soap and hot water, preceded by touches of Cuticura Ointment to spots of dandruff and itching, keep the scalp clean and healthy. Proper care of the hair during childhood is the basis for healthy hair throughout life.

Sample each free by Mail. Address: "Cuticura Lab., P.O. Box 100, Lowell, Mass." Sold everywhere. Soap, Ointment and Shampoos. Cuticura Soap above without soap.

Lynn Man Finds  
Allen's Lung Healer

Is Equally Effective for a Severe  
Cough and Cold or a  
Fresh Cold

He says: Last winter I had a bad attack of the grippe, accompanied by a heavy cold on the lungs with a hard rasping cough that raked my whole body. My lungs were sore and seemed to be filled up and my doctor said I was threatened with pneumonia. I had been confined to the house for two weeks and was still a sick man when I was advised by Dave Perry to take Allen's Lung Healer. He said it would surely fix me up, and it did.

After taking a few doses I could feel my lungs loosening up, the soreness disappeared and the cough began to mend, and in a week I was back at my work. Before the next bottle was gone the cough was entirely cured. When I catch cold I don't wait till I am sick, but take the Lung Healer, and it breaks it up in short order.

## BEAUTIFUL BUICK MODELS ON DISPLAY

To drive a Buick is a relaxation. The refined valve-in-head motor performs with a new smoothness and flexibility, the steering position is ideal, the long control lever is within easy reach, the handsome instrument board is replete with every device for convenience. The splendid 1923 Buick offerings in models that attract at once by their

MIL0 D. HALE

automobile show, the Buick people are presenting cars sure to meet with popular demand, as in the past.

Fourteen fine cars bear the Buick nameplates this season. The complete New Year's exhibits may be seen at the salesrooms, where an expert salesmen are on hand daily. At the Kasino will be offered the new type of wanted cars that must be seen to be fully appreciated.

There are six handsome body types in the Buick truck offerings this season, and it is pleasure cars. Visitors at the beautiful Buick headquarters at 61-63 East Merrimack street, directly opposite the Memorial Auditorium, are impressed by the great distinction shown in the models on view. The fame of Buick has spread wonderfully. Lowell and vicinity since the Emerson-Hale agency took hold in earnest and spread its wondrous in able fashion. It was just a year ago the coming April that the Buick headquarters moved to East Merrimack street. It was a winning move in truth. Today the headquarters for fine cars, which also is connected with a large service department where cars may be equipped with parts of every kind promptly, is one of the attractions of Lowell.

The 1923 six-cylinder five-passenger touring sedan is sure to be one of the popular Buicks of the coming year. Built primarily for de luxe touring, this newest of the Buick models offers a degree of comfort unsurpassed by the highest priced cars. Its rugged, metal-covered body, custom-made by Fisher, and the well-built chassis with its distinctive new cantilever springs absorb and soften the jabs and jolts of cross-country travel. Five passengers may ride in the touring sedan with utmost comfort, yet in conversation range. The seats are deeply upholstered in plush. The entrances on either side are wide. The touring sedan is provided with a smart trunk carried upon a sturdy rack in the rear,

with nickel-plated guard rails to protect the body.

The displays at auto show are unusually good and must be seen to be fully appreciated.

FRED H. EMERSON

be better appreciated. Competent salesmen will explain the virtues of the Buicks of all offerings, and as usual, "When better automobiles are built, Buick will build them."

## OAKLAND VALUE ON A MILEAGE BASIS

Lowell motor car buyers have waited long for the time when they could, with safety, determine motor car value on a mileage basis. Such assets as performance, comfort, beauty and equipment speak for themselves and are easily and quickly determined, but the hidden values, which are most important in the past only have been evident after long periods of actual service.

There is need for the advance application of this mileage standard in determining motor car value. Such a standard is of service to the motorist, not when the car is worn out, but when he is making his purchase. Oakland dealers and the Oakland factory have united to establish a mileage basis plan for the Oakland purchaser founded on knowledge of the stability of the Oakland Six and on the experience of Oakland owners. The first step toward the Oakland mileage basis plan was the issuance a year ago of the special Oakland guarantee, which is without parallel in motor car history. In plain language and in the most liberal manner possible, this guarantee bonds the Oakland car for 15,000 miles against excess offing and all its attendant evils. Inasmuch as "oil pumping" is responsible for numerous motor car ills, the Oakland guarantee was received with much enthusiasm.

The new models for 1923, on display at the Kasino show and exhibited by the energetic Lowell Oakland Co., which has spacious quarters of remarkable attractiveness in Middlesex street, show no variation in Oakland standards. The season has been a busy one at Oakland headquarters, and all the new models are on display with numerous special reception features for the week's auto show visitors. Souvenirs are given, too, and salesmen of ability will be on duty to show all corners the new Oaklands and explain their merits. It is the purpose of the Lowell Oakland company executives to explain every feature of their cars

# 1923 SERIES STUDEBAKER

## Introducing the New LIGHT-SIX

THE 1923 Series Studebaker Light-Six Touring Car was shown for the first time at the New York Automobile Show.

Many pronounced this car the most striking feature of the show. It was certainly the center of the crowd.

The Light-Six Touring Car is beautiful, roomy and comfortable. In design, mechanical excellence and equipment it is a worthy member of the world's greatest line of quality motor cars.

The new body is all steel, with wide, deep and comfortable seats, upholstered, as usual, in genuine leather. The rear seat is 43 1/2 inches wide, which provides ease and comfort for three adults.

Cushions are ten inches deep. The Light-Six Touring Car is as comfortable as that favorite chair in your living room.

The one-piece, rain-proof windshield, with cowl lights in base, and the cowl ventilator are improvements for moderate priced cars originated by Studebaker.

The Light-Six chassis, the dependability of which has been established in the hands of 100,000 owners, remains practically unchanged. The body, windshield, radiator, cowl and fittings are the new features.

The name STUDEBAKER on an automobile is assurance of satisfaction.

New steel body. Upholstered in genuine leather. One-piece windshield with attractive cowl lights set in base. Quick-action cowl ventilator. Large rectangular window in rear curtain. Curtains, bound on three sides by steel rods, open with doors. Door pocket flaps with weights to hold them in shape. Theft-proof transmission lock. Standard non-skid construction.

Terms to Meet Your Convenience

THIS IS A STUDEBAKER YEAR

and all inquiries will receive information of a tangible nature.

The display this year at the Kasino and the sales headquarters, where there is also a model service station for supplying all wanted parts whenever desired, includes the Oakland 6-cylinder chassis, roadster, touring car, short roadster, sport touring car, two-passenger coupe, five-passenger coupe and the famous Oakland sedan. The sedan, body by Fisher, is fitted with either wire or disc wheels as desired. The five-passenger coupe also has a Fisher body.

Auto show visitors to the Oakland exhibit will be attracted by the powerful, sturdy, dependable and generally economical cars shown by the Oakland Co. The new 6-14 model highly developed six-cylinder, overhead-valve engine, has vindicated Oakland's confidence and has justified the Oakland guarantee. It is today in the hands of many thousands of owners everywhere, performing all kinds of service under all driving conditions and has established records of honest performance without parallel.

The 1923 series of the Oakland Six is the notable result of Oakland's purpose to build the finest "light-six" in the world and to market such a car at a price within reach of the greatest number. Those who decide to spend around a thousand dollars for a motor car, should certainly see the Oaklands of the 1923 series at the Kasino show and the headquarters sales mart.

## TERENCE MacSWINEY COUNCIL MEETING

The regular meeting of the Terence MacSwiney council, A. A. O. U. L. L., was held last evening in Eagles hall, 52 Central street. Mr. Michael J. Sharkey presiding. Several new members were admitted and many applications blanketed out. It was announced that the council will meet regularly on the first Sunday of the month in Trades and Labor hall, Central street.

FURNISHED ROOMS to let for night housekeeping, adults only, 419 Chelmsford st. Tel. 4877-N. Mrs. Pierce.

## TROUPE FLEUR DE LYS

At a meeting of the members of Troupe Fleur de Lys held last evening, it was decided to present a farcical comedy in the early part of next month. The title of the play is "La Poudre aux Yeux" and those who will take part are as follows: Mrs. Eva Forsythe, Misses Eva Delude, Irene Tessier, Annette St. George, Lauretta DuRand, Messrs. Charles E. Michaud, Jean Trassier, Albert Lachance and Ernest Desjardins.

A magnet is a handy accessory in reclaiming bolts and nuts in inaccessible places.

## Sacramento Rocked By Earthquake

SACRAMENTO, Cal., Jan. 22.—An earthquake, which lasted for several seconds, shook Sacramento and towns in the Sacramento valley early today. At Sacramento, according to N. A. Taylor, meteorologist of the United States weather bureau, the tremor stopped the clock in the weather bureau office. A report received here said the shock damaged a gas tank at Willows, Cal. The quake was felt in Sacramento between 1.05 and 1.08 a. m.
